

TERRADYNE WEST

an Addition to Wichita, Sedgwick County, Kansas

STATE OF KANSAS, COUNTY OF SEDGWICK: ss.

I, Kenny E. Hill, being a duly licensed Land Surveyor in said County and State, do hereby certify that I have been in responsible charge of surveying and platting the "TERRADYNE WEST" an Addition to Wichita, Sedgwick County, Kansas, being described as follows:

The Southeast Quarter of Section 13, Township 27 South, Range 2 East of the 6th P.M. Sedgwick County, Kansas, EXCEPT the West 795 feet thereof, AND EXCEPT that part condemned for Kansas Turnpike Authority in District Court Case A-54126, AND EXCEPT that part lying Northwesterly of the Southeast line of the Kansas Turnpike Authority in District Court Case A-54126, AND EXCEPT that part platted as Brookhaven Estates Addition, Sedgwick County, Kansas, AND EXCEPT the South 50 feet and the East 30 feet thereof for road. The described tract contains 50.80 acres, more or less. Existing public easements are hereby vacated to conform to this plat by virtue of K.S. A. 12-512(b).

The accompanying plat is a true and correct exhibit of property surveyed.

Dated this ____ day of _____, 2006.

Poe and Associates of Kansas, Inc.

Kenny E. Hill, L.S. 984
Vice President

KNOW ALL MEN BY THESE PRESENTS:

That we, the undersigned, have caused the land described in the Surveyor's Certificate to be platted into Lots, Blocks, Streets and Reserves. The streets are hereby dedicated to and for the use of the public. Easements are hereby granted as indicated for the construction and maintenance of drainage, screening berm, trails, golf course, open space and utilities. A drainage plan has been developed for this addition. All drainage easements and rights-of-way shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and remain unobstructed to allow for the conveyance of stormwater. The minimum low opening elevation for homes built on Lots 1 through 6, Block 1 is 1320.0 and for Lots 1 through 12, Block 2 the minimum low opening elevation is 1321.0. Reserve A is for drainage, ponds, parking, lighting, landscaping, irrigation, sidewalks, golf course, club house, shelter buildings, cart paths, benches, berms, walls and utilities confined to easements. Reserve B is for a screening berm, landscaping and walking trail. Reserves C and D are for private streets, fire lane access, utilities, drainage, berms, landscaping, irrigation and entry monuments. Reserves A, C and D are to be owned and maintained by a home owners association. Reserve B is to be owned and maintained by the owner of Lot 3, Block 1. The maintenance of that part of the floodway which crosses an individual lot shall be the responsibility of the owner of that lot and that part that crosses Reserve A shall be the responsibility of the home owners association. Provided further, that no building shall be constructed on or within said Floodway Reserve, nor shall any fill, change of grade, creation of channel or other work be carried on without permission of the applicable City or County Engineer or their successors of office. Should the owners of the property covered by the Floodway Easement fail to properly maintain said easement, the applicable City or County Engineer or their successors of office, may maintain the same without any notification to the individual lot owners. In such event, the City or County may, at its election, assess the costs associated with such maintenance against any or all of the lots within the subdivision and collect the same in the same fashion as a special tax assessment upon such lot or lots.
