LETTER OF CERTIFICATION

Project: **South Central Kansas Regional Psychiatric Hospital**
Project Number: **24-0965**
Location: **Wichita, Kansas**
Requesting Agency: **City of Wichita, Kansas**
Contractor: **McCullough Excavation**
Date: **November 6, 2025**

Wichita Concrete Pipe hereby certifies that all precast square or rectangular concrete water and wastewater structures for the above stated project have been produced in accordance with and meet or exceed all current requirements of: ASTM C913 Standard Specification for Precast Concrete Water and Wastewater Structures.

Note:

Water and wastewater structures are defined as solar heating reservoirs, cisterns, holding tanks, leaching tanks, extended aeration tanks, wet wells, pumping stations, distribution boxes, oil-water separators, treatment plants, manure pits, catch basins, drop inlets, and similar structures.

ASTM C913 – 18

Subscribed and sworn before me,

Diana A, Notary public,
this 6th day of November, 2025.

Respectfully submitted,

Wichita Concrete Pipe Co.
