Bill,

I was forwarded these pictures from Wayne concerning an HVAC unit for the lab at Plant 4. I did not see that you had an asset set up for this at this point. Talk to you later.

Sorry as it is not on the paperwork. I had filed it in my inbox in case we needed it. It does have the item ID but that is just the part number from what I can tell. Could you get them if you don't mind.

Wayne,

I created the parts and added them to the WO but noticed that you had put A-fab in the first box on the WO itself. So, do you have that invoice or did you give it to Dave as we will need to add it under the Contractor tab. If you gave the invoice to Dave, do you know if it has the WO on the invoice so he can track it back to this WO? I was also looking for the serial number so that we can have Bill create it so we can add it to the WO. Can you get the serial number or did you give it to Dave already?

I did not change the status of the WO at this point since we still need to add the contractor. We can change it to On-Hold Contractor if that is all that needs to be done at this point.

Thanks,
Teresa
