

WICHITA, KANSAS

ADDENDUM NO. 1
TO THE BID FORM 220330

Main Water Treatment Plant Emergency Generators
448-2021-036463 ORG 54251508 W8000

TO BE BID: December 16, 2022

The following changes and additions shall be made to the plans and proposal.

1. **Completion Date.** The wording shall be changed to read: "The work order will be issued allowing the contractor to develop shop drawings and procure all items for the project. Once all items are ready for the construction a mutually agreed upon date will be determined with Treatment Plant Staff and the project shall be completed within **40 (forty)** working days from the date of beginning construction work on site and in accordance with the Request for Bids and the project specifications. Working days will be charged as provided for in the Standard Specifications, once the work order is issued. The work will not start until all components necessary for the construction are on site and accounted for. Non-availability of material shall not prevent working days from being assessed. "
2. **Approved Materials List.** The wording shall be changed to read: "A list of materials approved for use on City of Wichita construction projects can be found on the City website at <http://www.wichita.gov/PWU/Pages/Regulations.aspx> All materials shall conform to the appropriate requirements set forth in the attached Specifications, which have been previously approved. No substitution of equipment will be allowed on this project."
3. **Attached Specifications.** The **General Scope and Purpose** section of the Special Provisions to City of Wichita, Kansas Standard Specifications have been updated. The new **General Scope and Purpose** specifications are included in this addendum and shall replace the previous specifications.

Each bidder is required to acknowledge receipt of this Addendum by his signature affixed hereto and to file same with and attached to his bid. Any Bid Proposal that is returned without all addenda signed and included in the Proposal shall be considered an invalid Proposal.

December 8, 2022

Gary Janzen, P.E.
City Engineer
