

## Valve Locations

NCL = North Curb line

553' N of NCL of Maple St

10' N of S.L. of Building

1/2 foot E of ECL of Anna

509' N of NCL of Maple

14' S of S.L. of Building

1/2 foot E of E.C.L

429 N of NCL of Maple

30' S of NL of Building

1/2 foot E of ECL

2" PVC header Main tapped on the 12" A.C. 553' N of NCL of Maple St. It extends 124' S and is tied back into the 12" A.C. There is a 2" Service valve 509' N of NCL of Maple so we can isolate the North half from the South half.

The 2" PVC Main runs approx 3' E of the ECL of Anna St and has a tracer wire with it.
