STAFF REPORT

CASE NUMBER: VAC2006-00033 Request to vacate a portion of platted street right-of-ways (ROW)

APPLICANTS: Gorges Enterprises, LLC Fountain Square, LLC

AGENT: Poe & Associates, Inc, c/o Tim Austin

LEGAL DESCRIPTION: Generally described as the middle 15-feet – 9-feet (x) 92-feet of Toben Street, as recorded in the Mediterranean Plaza Addition, Wichita, Sedgwick County, Kansas.

LOCATION: Generally located north of K-96 and immediately west of the Webb Road – Toben Street /31st Street North intersection (WCC #II)

REASON FOR REQUEST: Proposed sign site

CURRENT ZONING: The site is platted public street right-of-way. All abutting and adjacent properties are zoned "LI" Limited Industrial.

VICINITY MAP:

The applicant proposes to vacate a portion of the platted Toben Street/31st Street North (Toben) ROW, which is generally located in the middle of Toben, immediately west of its intersection with Webb Road. The applicant proposes to use the vacated ROW for a sign site, which is associated with proposed PUD2006-00003. The proposed signs for the PUD (including the site created by the vacated ROW) would have to conform to the sign code's standards. That would include application of those standards of spacing between signs, the number of sign's allowed and the total square footage of area for signs along the PUD's Webb Road frontage, which the proposed vacated ROW/site would be part of. The applicant has proposed a dedication of additional/matching ROW to maintain Toben's current width. The applicant has also proposed a reconfigured entrance of Toben's ROW onto Webb Road, which must be approved by the Traffic Engineer. The proposed reconfigured ROW goes 0-feet - 15-feet deep into the north lot line of Lot 8, Block 3, Mediterranean Plaza Addition and its parallel platted 35-foot setback. There appears to be a water line in this portion of ROW, but no sewer line or manholes. Comments from Storm Water and franchised utilities have not been received and are needed to determine if they have utilities in the easement. The Mediterranean Plaza Addition was recorded with the Register of Deeds March 16, 1988.

Based upon information available prior to the public hearings and reserving the right to make recommendations based on subsequent comments from City Public Works, Storm Water, the Traffic Engineer, franchised utility representatives and other interested parties, Planning Staff recommends approval to vacate the portion of the platted street ROW, as described with conditions.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time November 16, 2006 which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by the vacation of the above-described portion of platted street right-of-way and the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Therefore, the vacation of the portion of the platted Toben Street ROW as described in the petition should be approved with conditions;

- (1) The proposed signage of the associated PUD2006-00003 must be approved prior to vacation of the proposed portion of Toben Street. Approval of the request is contingent on approval of the PUD that will allow the signage necessitating this vacation request. If the PUD is denied then this vacation request is null and void.
- (2) The proposed reconfiguration (the result of the proposed vacation of Toben) of Toben Street must be approved by the Traffic Engineer, including possible consideration for a sign being

located in the proposed vacated portion of Toben Street. If the proposed vacated ROW is not approved as a site for a sign for the associated PUD2006-00006, the Traffic Engineer may determine that the proposed vacation is not necessary. Provide Planning with a legal description of the approved vacated portion of the platted Toben Street ROW on a Word document via e-mail.

- (6) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility and at the expense of the applicants. If necessary retain any and all of the vacated ROW as a utility easement. If needed provide a guarantee for any relocation of a hydrant, water line and a storm water catch basin necessitated by the vacated ROW.
- (7) All improvements shall be according to City Standards and at the applicant's expense. Provide a guarantee for the reconfigured Toben ROW and construction of "Reserve A" (see condition #5).
