STAFF REPORT

CASE NUMBER: VAC2007-00025 Request to vacate a portion of a platted setback

APPLICANT/OWNER: David & Gayle Melton

LEGAL DESCRIPTION: Generally described as the south 5-feet of the platted 25-foot front setback that runs parallel to Judith Street, on the Lot 1, Block 12, the Echo Hills Addition, Wichita, Sedgwick County, Kansas.

LOCATION: Generally located east of 119th Street West, north of 13th Street North, on the southwest corner of Judith and Parkridge Streets (WCC #V)

REASON FOR REQUEST: Additional room for an attached garage

CURRENT ZONING: Site and all abutting and adjacent properties are zoned "SF-5" Single-family Residential

VICINITY MAP:

The applicant proposes to vacate the south 5-feet of the described platted 25-foot front setback. The Unified Zoning Code's (UZC's) minimum front setback for "SF-5" zoning district is 25-feet. If the front setback was the UZC's 25-foot minimum for the "SF-5" zoning district and not platted the applicant could reduce the setback by 20%; making it a 20-foot front setback. The applicant's request is for a 20-foot front setback. There are no platted easements, franchised utilities, manholes, water or sewer lines located in the described portion of the platted setback. There are no platted easements in the interior side yard of the site, but there is the UZC's 6-foot minimum interior side yard that the applicant must observe. The Echo Hills Addition was recorded with the Register of Deeds February 26, 1980

Based upon information available prior to the public hearings and reserving the right to make recommendations based on subsequent comments from City Public Works, franchised utility representatives and other interested parties, Planning Staff recommends approval of the vacation of the described portion of the platted setback with conditions.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, by publication in the Wichita Eagle and the Derby Reporter of notice of this vacation proceeding one time August 16, 2007 which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by the vacation of the above-described portion of the platted setback and the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Therefore, the vacation of the portion of the platted setback, described in the petition should be approved with conditions;

- (1) Upon the recording of the Vacation Order, a 20-foot front setback will be in effect.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility of the applicants and at the applicant's expense.
- (3) All improvements shall be according to City standards and at the applicant's expense.
- (4) Per MAPC Policy Statement #7, all conditions to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation request are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds

SUBDIVISION COMMITTEE'S RECOMMENDED ACTION:

The Subdivision Committee recommends approval subject to the following conditions:

- (1) Upon the recording of the Vacation Order, a 20-foot front setback will be in effect.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility of the applicants and at the applicant's expense.
- (3) All improvements shall be according to City standards and at the applicant's expense.
- (4) Per MAPC Policy Statement #7, all conditions to be completed within one year of approval by the MAPC or the vacation request will be considered null and void.
