AGENDA ITEM NO. 3-1

STAFF REPORT

CASE NUMBER: VAC2009-00001 Request to vacate a portion of a platted setback

OWNER/APPLICANT: Tony Blake

LEGAL DESCRIPTION: The north 12 feet of the platted 20-foot setback that runs parallel to the south lot line of the east 101.13 feet of Lot 13, Brookside Addition and Kellogg Drive, Wichita, Sedgwick County, Kansas.

LOCATION: Generally located midway between Washington and Hydraulic Avenues, on the northwest corner of Lulu Avenue and Kellogg Drive (WCC #1)

REASON FOR REQUEST: Expansion of existing building

CURRENT ZONING: Subject property, abutting and adjacent northern and western properties are zoned LI Limited Industrial ("LI"). Adjacent eastern property is zoned GC General Commercial ("GC") and.

VICINITY MAP:

The applicant proposes to vacate the north 12 feet of the platted 20-foot setback, on the described LI zoned corner lot, thus making an 8-foot street side yard setback. This setback is located along Kellogg Drive. The Unified Zoning Code (UZC) has no minimum street side yard setback for the LI zoning district. Per the UZC (Art.III, Sec.III-E, e (6)), the short side of a corner lot shall have the front yard setback. The short side of this lot is the Kellogg Drive side, by 8.82 feet. However because of the small difference between the lot's Kellogg and Lulu street frontages, the applicant's proposed direction for expansion of the existing building (towards Kellogg), whose parking and entrance is off of Lulu, and the adjacent eastern and abutting western properties' buildings expanding out towards Kellogg, OCI has recognized the lot's Kellogg frontage as the street side yard. The proposed expansion will not go beyond the adjacent eastern and abutting western properties' buildings. The applicant will not lose any parking with the proposed expansion, nor will the existing trees be removed. There are no platted easements within the platted setback. There are no utilities, manholes, sewer or water lines within the described portion of the platted setback. The Brookside Addition was recorded with the Register of Deeds September 19, 1903. A subsequent Lot Split (May 19, 1981; see packet) shows the platted setbacks. The Lot Split also references the vacation of Lulu Avenue, Ord. 4876, which probably established the platted setbacks.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Public Works/Water & Sewer/Storm Water, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of platted setback.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time January 29, 2009 which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by the vacation of the above-described portion of platted street side yard setback and the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Therefore, the vacation of the portion of platted street side yard setback described in the petition should be approved with conditions;

- (1) Vacate the north 12 feet of the platted 20-foot setback that runs parallel to the south lot line of the east 101.13 feet of Lot 13, Brookside Addition and Kellogg Drive. The approved legal description of the vacated portion of the platted setback, will only be where the proposed expansion of the existing building will be located, this will preserve the platted 35-foot setback that runs parallel to the east lot line of Lot 13, Brookside Addition, Wichita, Sedgwick County, Kansas, and Lulu Avenue. Send the approved legal description to Planning on a Word document, via e-mail.

- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility and at the expense of the applicant.
- (3) All improvements shall be according to City Standards and at the applicant's expense.
- (4) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.

SUBDIVISION COMMITTEE'S RECOMMENDED ACTION:

The Subdivision Committee recommends approval subject to the following conditions:

- (1) Vacate the north 12 feet of the platted 20-foot setback that runs parallel to the south lot line of the east 101.13 feet of Lot 13, Brookside Addition and Kellogg Drive. The approved legal description of the vacated portion of the platted setback, will only be where the proposed expansion of the existing building will be located, this will preserve the platted 35-foot setback that runs parallel to the east lot line of Lot 13, Brookside Addition, Wichita, Sedgwick County, Kansas, and Lulu Avenue. Send the approved legal description to Planning on a Word document, via e-mail.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility and at the expense of the applicant.
- (3) All improvements shall be according to City Standards and at the applicant's expense.
- (4) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
