Re: BZA2018-73: City zoning Administrative Adjustment to reduce the parking requirement from 21 spaces to 17 spaces, a 20% adjustment for an addition to an existing building.

Legal Description: Lot 5, Block 1, South Broadway Industrial Park Addition, Wichita, Sedgwick County, Kansas (460 East 46th Street South)

Dear Applicant,

We reviewed your Zoning Adjustment request to reduce the parking requirement on the above-referenced property by approximately 20%. You are requesting a reduction of the on-site parking requirement from 21 to 17 spaces of the Unified Zoning Code (UZO) requirement for the site.

Sec. V-I.2. (i) of the Unified Zoning Code allows reduction of the parking requirement for LI Limited Industrial zoning by up to 25% when the conditions required by Sec. V-I.6 of the Code are met. We find that the parking requirement reduction as proposed meets the four conditions required by Sec. V-I.6 of the Code as set out below:

- 1) Impact on safety and convenience of vehicular and pedestrian circulation: The proposed reduction in parking requirement should have no impact on the safety and convenience of vehicular and pedestrian circulation in the vicinity of the application area.
- 2) Impact on existing uses in surrounding areas: The proposed reduction in parking should not impact the surrounding LI uses in the South Broadway Industrial Park Addition.
- 3) Compatibility with existing or permitted uses on abutting sites: Surrounding properties are zoned LI Limited Industrial and are developed with uses permitted in the LI zoning district. Therefore an approximately 20% parking reduction should not compromise existing or permitted uses on abutting sites. Street visibility will not be affected.

- 4) Effect on public health, safety or welfare: The public's safety, health and welfare should not be impacted.

Our signatures below indicate that an Administrative Adjustment to reduce parking by approximately 20%, from 21 to 17 spaces is hereby granted for the aforementioned property subject to the following conditions:

- 1) The site shall be developed in general conformance with the approved site plan. Permitting shall be obtained and parking improvements completed within one year.
- 2) All parking on the site shall be paved and marked in accordance with City standards. This Administrative Adjustment applies only to the reduction of parking.
- 3) If the Zoning Administrator finds that there is a violation of any of the conditions of the Administrative Adjustment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Zoning Adjustment is null and void.

The "Development Application" sign should now be removed from the property.

Dale Miller, Director
Metropolitan Area Planning Department
