Re: CON2019-42: City Administrative Adjustment to CON2016-00060 to approve new site plan; generally located south of East Central Avenue and west of North 127th Street (331 N. 127th Street East and 328 North Garnett Street.)

Legal Description: Lots 26 And 28, Gilder's Garden Addition, Wichita, Sedgwick County, Kansas

Dear Applicant,

We reviewed your Zoning Adjustment request to adjust the approved site plan for CON2016-00060 on TF-3 Two-Family Residential zoned property to change the duplex configurations on the site.

We find that the adjustment to the site plan as proposed meets the four conditions required by Sec. V-I.6 of the Code as set out below:

- 1) Impact on safety and convenience of vehicular and pedestrian circulation: The proposed Administrative Adjustment to CON2016-00060 should have no impact on the safety and convenience of vehicular and pedestrian circulation in the vicinity of the application area.
- 2) Impact on existing uses in surrounding areas: The surrounding area is developed with residential and commercial uses.
- 3) Compatibility with existing or permitted uses on abutting sites: Abutting property north, west and south of the project area is SF-5 Single-Family Residential and developed with single family residences. Property east of the subject site is zoned LC Limited Commercial and is developed with a church and a new multi-family apartment complex. Therefore changing the duplex configurations on the site plan should not compromise existing or permitted uses on abutting sites.

- 4) Effect on public health, safety or welfare: The public's safety, health and welfare should not be impacted.

Our signatures below indicate that an Administrative Adjustment to adjust the site plan for the duplex configurations for the aforementioned property is hereby granted subject to the following conditions:

- 1) The site shall be developed in general conformance with the approved revised site plan submitted with this application.
- 2) If the Zoning Administrator finds that there is a violation of any of the conditions of the Administrative Adjustment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Zoning Adjustment is null and void.

The "Development Application" sign should now be removed from the property.
