Re: CON2020-08: City Administrative Adjustment to CON2018-00037 to approve new site plan; generally located south side of West Central Avenue and approximately 300 feet east of North Maize Road (10303 W. Central Ave.)

Legal Description: Lot 1 except E 24 ft, Rush 4th Addition, Wichita, Sedgwick County, Kansas

Dear Applicant,

We reviewed your Zoning Adjustment request to adjust the approved site plan for CON2018-00037 on LC Limited Commercial zoned property indicate parking display spaces and customer parking spaces on the site.

We find that the adjustment to the site plan as proposed meets the four conditions required by Sec. V-1.6 of the Code as set out below:

- 1) Impact on safety and convenience of vehicular and pedestrian circulation: The proposed Administrative Adjustment to CON2018-00037 should have no impact on the safety and convenience of vehicular and pedestrian circulation in the vicinity of the application area.
- 2) Impact on existing uses in surrounding areas: There will be a 20 foot landscape buffer and solid screening along the south property line that abuts SF-5 Single-Family Residential Zoning. LC zoning is located east, west and north of the subject site. Impact on existing uses will be minimal.
- 3) Compatibility with existing or permitted uses on abutting sites: South of the project area is SF-5 Single-Family Residential and developed with single family residences. Properties west, north and east of the subject site are zoned LC Limited Commercial and are developed with a bank, strip center, utility office and a multi-family apartment complex. Therefore changing the site plan should not compromise existing or permitted uses on abutting sites.
- 4) Effect on public health, safety or welfare: The public's safety, health and welfare should not

be impacted.

Our signatures below indicate that an Administrative Adjustment to adjust the site plan for CON2018-37 for the aforementioned property is hereby granted subject to the following conditions:

- 1) The site shall be developed in general conformance with the approved revised site plan submitted with this application.
- 2) Vehicle sales may be a primary use and not accessory to another use.
- 3) If the Zoning Administrator finds that there is a violation of any of the conditions of the Administrative Adjustment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Zoning Adjustment is null and void.

The "Development Application" sign should now be removed from the property.
