Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-4000 (CHANGING NO. TO Z-3100) - ZONE CHANGE FROM THE "LC" LIGHT COMMERCIAL TO THE "C" COMMERCIAL DISTRICT, LOCATED 750 FEET NORTH OF K-96 AND 500 FEET WEST OF ROCK ROAD. (District #2)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve (12-0).

Staff Recommendation: Approve.

CPO Recommendation: CPO East "2" voted 7-0 to recommend approval.

Background: On July 15, 1993, the MAPC considered a zone change from the "LC" Light Commercial district to the "C" Commercial district for a 3.45 acre tract generally located 750 feet north of K-96 and 500 feet west of Rock Road. The application area, which is currently vacant, is located within the Comotara Power Center Commercial CUP (DP-195). The proposed use of the property is retail sales and outdoor storage for Star Lumber Company.

Outdoor storage in the "LC" Light Commercial district is limited to 10% of the floor area occupied by the main use within the building (28.04.090.[A 1.28]). Star Lumber has indicated that their outdoor storage needs exceed the allowed 10%. According to the Legal Department, the Board of Zoning Appeals can not vary this requirement and thus the applicant is requesting a zone change to the "C" Commercial district.

The application area is located in Parcel 2 of the Comotara Power Center Commercial CUP. This parcel allows: shopping center uses, all retail uses, offices, medical and dental clinics, financial institutions, auto related services (body work is prohibited), and convenience stores. The CUP does not prohibit outdoor storage. In addition to establishing uses for the property, the CUP also requires shielding of outdoor lights,

a 6-8 foot solid or semi-solid screening wall along the west property boundary, a site development plan to be submitted to the Director of Planning for approval and prohibits portable, flashing, and moving signs.

Because of the use restrictions established by the CUP, the only additional use gained by the zone change is outdoor storage. In addition to the screening required by the CUP, the applicant has indicated a willingness to screen outdoor storage to the rear from adjacent properties to the north and south. General provision 20 of the CUP requires a site plan to be submitted prior to the issuance of building permits so that compatibility of the proposed use with surrounding properties may be reviewed.

Recommendations/Actions:

1. Concur with the findings of the MAPC and approve the zone change; place the ordinance establishing the zone change on first reading; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on first reading).
