Agenda Report # \_\_\_\_\_

**TO:** Mayor and City Council Members

**SUBJECT:** Z-3243 - ALAN D. MCCLURE (PROPERTY OWNER/APPLICANT); MARK SAVOY, SAVOY, RUGGLES & BOHM (AGENT) REQUEST ZONE CHANGE FROM "SF-6" SINGLE-FAMILY RESIDENTIAL TO "MH" MANUFACTURED HOUSING, LOCATED NORTH OF 44TH STREET SOUTH ¼ MILE EAST OF WEST STREET.

(DISTRICT #4)

**INITIATED BY:** Metropolitan Area Planning Department

**AGENDA ACTION:** Planning

---

**MAPC Recommendation:** Approve, subject to platting within 1 year (10-0).

**CPO Recommendation:** Deny (6-1).

**Staff Recommendation:** Approve, subject to platting within 1 year.

**Background:** The applicant requests a zone change from "SF-6" Single-Family Residential to "MH" Manufactured Housing on an unplatted 22.6 acre site located north of 44th Street South, approximately ¼ mile east of West Street for the development of the Cottonwood Grove mobile home park.

The preliminary layout plan submitted for this case (attached) shows access to the proposed Cottonwood Grove mobile home park from 44th Street, an internal collector street. The plan shows a 25 foot street system with 3 foot sidewalks on either side, serving 79 total spaces averaging approximately 6,000 square feet. There is an area at the southwest corner of the application area (Lot 401) for the location of a storm shelter. The total density for the site is approximately 3.5 dwelling units per acre. With the relatively large drainage features proposed, this layout would provide 22.4 percent of the park for open space and recreational areas.

The surrounding properties to the south (James Place Addition zoned in July of 1987 and platted in September of 1989) and west (Cottonwood Grove Additions zoned in April of 1985 and platted in July of 1987) are currently zoned "MH" Manufactured Housing, while properties to the north and east have more restrictive zoning ("SF-20" and "SF-6", respectively) than that being requested. There is a single-family subdivision (South Park Second Addition platted in April of 1985) adjacent to the east of this tract, but it has remained undeveloped.

Prior to the MAPC hearing, planning staff prepared a short staff report (copy attached) concerning the supply of Manufactured Housing zoning, both developed and undeveloped, in the southwest section of Wichita. This study was intended to determine whether requests for "MH" zoning are in line with the Comprehensive Plan's estimated annual supply, as well as to find locations where logical extensions of existing "MH" districts may exist. The subject property was designated as a "logical extension" of the Cottonwood Grove mobile home park.

Citizen Participation Organization Southwest Council 4 discussed this matter during their July 24, 1997 meeting, and after four residents from the James Place Addition spoke in opposition to the request and a CPO council member expressed the opinion that the area was being stigmatized by the expanding manufactured housing base, voted (6-1) to recommend denial of the request.

During the July 31, 1997 MAPC hearing on the matter, the agent for the applicant discussed the new owner's proposed development and mentioned that the original owner/developer had intended to expand the Cottonwood Grove park into this area. It was also pointed out that most of the land closest to the James Place Addition, fronting on 44th Street, could not be used as mobile home park spaces, but would be limited to individual lots similar to those in James Place. Several residents from the James Place Addition again spoke in opposition to the request, stating that the new addition would lower their property values and impact the character of the neighborhood. After the discussion, the MAPC voted (10-0) to approve the request as recommended by staff. Following the hearing, staff received protest petitions from area property owners totaling 7.33% of the land surrounding the subject tract opposing the request.

**Recommendation:**

1. Concur with the findings of the MAPC and approve the zone change, subject to the condition of platting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on the first hearing.)
