4. If application is made to split the lot to separate the GC-zoned land and storage unit facility away from the larger parcel, the portion of land on which the screening is installed shall be included with the new lot created.
5. Roof-mounted equipment and loading docks; trash receptacles; ground-level heating, air conditioning, and mechanical equipment; free standing coolers or refrigeration units; outdoor storage including portable storage containers; outdoor work areas or similar uses shall be screened from ground level view along North Hoover Road.

7. The applicant shall submit a revised site/landscape plan to the Planning Department for review and approval prior to the issuance of building permits. The compatibility setback along the south property line can be waived by approval of the Board of County Commissioners.
