Re: DR 75-10 - Street name
change from Millbrook Road
to 119th Street West.

Dear Mr. Werbin:

On April 17, 1975, the Subdivision Committee considered the above captioned street name change. The Committee's action was to forward the case to the Planning Commission with no recommendation.

Representatives from the City of Wichita Public Works Department at the meeting, requested that the street be a "named" street and not a numbered street. This is in accordance with the City's policy of all north-south mile line roads being named and all east-west mile line roads being numbered; and since the street in question is within the 3 mile area of the city, the City Department of Public Works feels the city policy should be followed.

It would be helpful if you or your representative could attend the Planning Commission meeting on April 24, 1975 at 1:30 p.m., 4th Floor, City Building Annex, 104 South Main, when this case is considered. If you have a suggestion for a street name or if you have reasons why the street should be a numbered street, the Planning Commission will want to hear them. Please advise me if you plan to attend this meeting and if you have any questions, please call.

Sincerely,

Curtis L. Newby
