Re: BZA2022-00032: Administrative Adjustment in the City to waive the compatibility setbacks for a school use on property zoned SF-5 Single-Family Residential, located within one-block west of South Woodlawn Blvd. and one-quarter mile north of East Kellogg (6318 E. Willowbrook Road).

Legal Description: Lot 2, Block Q, The Village 5th Addition, Wichita, Sedgwick County, Kansas.

Dear Applicant,

We have reviewed your request for a Zoning Adjustment to reduce the Compatibility Setback from 25 feet to 6 feet on the side property lines and 20 feet on the rear property line to allow a new school structure to be built behind an existing school structure on the property.

Section V-I.2.d of the Unified Zoning Code ("UZC") allows reducing or waiving the required Compatibility Setback. This adjustment is permissible when the provisions of the Zoning Adjustment Criteria of Section V-I.6 are met. We find that the reduction of the Compatibility Setback to allow for the redevelopment of the subject lot as proposed meets the provisions of Section V-I.2.d and the four criteria required by Section V-1.6 as set out below:

- 1) Impact on safety and convenience of vehicular and pedestrian circulation: Reduction of the compatibility setback from to 25 feet to 6 feet on the side property lines and 20 feet on the rear property lines will have no impact on the safety and convenience of vehicular and pedestrian circulation in the vicinity as right-of-way and driveways are not affected.
- 2) Impact on existing uses in surrounding areas: There will be no impact on the existing uses in surrounding areas as a result of the compatibility setback reduction. The existing, residential building on the site is currently being utilized for a school use. The proposed additional building meetings standard building setbacks and will comply with the 35-foot height restriction in SF-5 zoning.
- 3) Compatibility with existing or permitted uses on abutting sites: Properties on the north, east, and west are zoned SF-5 Single-Family Residential and are developed and used as single-family dwellings. Property to the south is zoned SF-5 Single-Family Residential and is developed with the main building of the Classical School which owns the subject site. The school also owns the

property two lots to the east located at 6342 East Willowbrook, which is zoned SF-5, developed with a single-family dwelling, but utilized for school activities.

- 4) Effect on public health, safety or welfare: There will be no encroachment into public utility easements or rights-of-way. There will be no negative impact on the public health, safety or welfare, nor will properties or improvements in the vicinity be materially injured.

Our signatures below indicate that a Zoning Adjustment to reduce the Compatibility Setback from 25 feet to 6 feet on the side property lines and 20 feet on the rear property line is hereby **GRANTED** for the aforementioned property, subject to the following conditions:

1. The proposed structure shall comply with all standard zoning setbacks in the SF-5 Single-Family Residential zoning district as set forth in the Unified Zoning Code.
2. If the Zoning Administrator finds that there is a violation of any of the conditions of the Zoning Adjustment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Zoning Adjustment is null and void.

The "Development Application" sign should now be removed from the property.
