Dear Applicant:

We received and reviewed your request for an Administrative Adjustment to permit an increase in sign height by 25 percent to 30 feet on the west side of the above-mentioned property.

Section 24.04.221-3 of the Wichita Sign Code permits an individual sign to be increase by five (5) feet for every sign that is not utilized along the street frontage. The subject property is permitted more than one sign along said frontage. By not utilizing one of those signs, the subject sign can be increased by five (5) feet. Therefore, this Administrative Adjustment is unnecessary.

If you have any questions, you can contact me at 316-268-4421

Sincerely,
