RE: BZA2021-00043 - County Variance for height adjustment of screening wall in Single-Family (SF-20) zoning associated with conditional use for major utility (CON2021-00038), Generally located on the south side of West 21st Street North and one-quarter mile west of North Hoover Road.

Dear Applicant,

The official action of the Board of Zoning Appeals was to grant the requested variance to allow the solid screening wall up to 10 feet in height and require landscaping around the perimeter of the screening wall. You will receive an executed copy of the BZA2021-00043 Resolution adopted by the Board of Zoning Appeals on September 23, 2021 once it has been processed. The approval of the request is subject to the following condition.

The site is to be developed as shown on the Sedgwick County Battery Energy Storage Site Plan dated August 8, 2021 by Professional Engineering Consultants, PA.

If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Kathy L. Morgan, Senior Planner

BZA RESOLUTION NO. BZA2021-00043

WHEREAS, Evergy and Sedgwick County (Owners); pursuant to Kansas Statutes Annotated 12-759, requests by the Board of Zoning Appeals, pursuant to Kansas Statutes Annotated 12-759, a Variance to allow an increase in height of solid screening wall from 8 feet to up to 10, associated with conditional use for major utility (CON2021-00038) on property zoned SF20 Single-Family Residential; generally located on the south side of West 21st Street North and one-quarter mile west of North Hoover Road. Described as described as follows:

A portion of Lot 1, Block A, Sedgwick County Zoo Second Addition, Sedgwick County, Kansas, described and prepared on July 16, 2021, by Charles W. Brooksher PS #1281/Professional Engineering Consultants P.A.CLS #65, being described as follows:

Commencing at the Northwest corner of said Lot 1; thence N88°44'02"E along the North line of said Lot 1, and the South right-of-way of West 21st Street North, a distance of 131.82 feet, to a curve to the right having a radius of 1,909.86 feet and a chord that bears S88°25'41"E, a distance of 189.13 feet; thence Southeasterly along said curve and said South right-of-way a distance of 189.21 feet to the point of beginning, thence on a curve to the right having a radius of 1,909.86 feet and a chord that bears S83°16'44"E, a distance of 154.04 feet; thence along said curve and said South right-of-way a distance of 154.08 feet; thence S01°18'00"E a distance of 193.51 feet; thence S88°42'00"W a distance of 148.78 feet to the East line of a 30 foot utility easement; thence N02°17'58"W along said East line a distance of 215.04 feet to the South right-of-way of West 21st Street North and the point of beginning.

WHEREAS, proper notice as required by ordinance and by the rules of the Board of Zoning Appeals has been given; and

WHEREAS, the Board of Zoning Appeals did, at the meeting of September 23, 2021, consider said application; and

WHEREAS, the Board of Zoning Appeals has proper jurisdiction to consider said request for a variance under the provisions of Kansas Statutes Annotated 12-759 *et. seq.*; and

WHEREAS, the conditions of the request are unique to the subject property. In this case, the location of the battery energy storage facility to support power to the Midian Shrine Substation; and

WHEREAS, waving the requirements will not adversely affect the rights of adjacent property owners. The additional height of the screening wall is needed to provide visual enhancement and a noise buffer between the battery energy storage facility and the adjacent parcels.

WHEREAS, the strict application of the applicable Code will constitute an unnecessary hardship upon the property owner.

WHEREAS, it is the opinion of the Board of Zoning Appeals that the requested variance would not adversely affect the public interest, health, safety or welfare; and

WHEREAS, It is the opinion of Board of Zoning Appeals that the spirit and intent of the Zoning Code is being met in this case; and

WHEREAS, each of the five conditions required by Kansas Statutes Annotated 12-759, are found to be present for a variance to be granted.

NOW, THEREFORE, BE IT RESOLVED by the Board of Zoning Appeals, pursuant to Kansas Statutes Annotated 12-759, a Variance to allow an increase in height of solid screening wall from 8 feet to up to 10, associated with conditional use for major utility (CON2021-00038) on property zoned SF20 Single-Family Residential; generally located on the south side of West 21st Street North and one-quarter mile west of North Hoover Road. Described as follows:

A portion of Lot 1, Block A, Sedgwick County Zoo Second Addition, Sedgwick County, Kansas, described and prepared on July 16, 2021, by Charles W. Brooksher PS #1281/Professional Engineering Consultants P.A.CLS #65, being described as follows:

SECRETARY'S REPORT

CASE NUMBER: BZA2021-00043 (County)

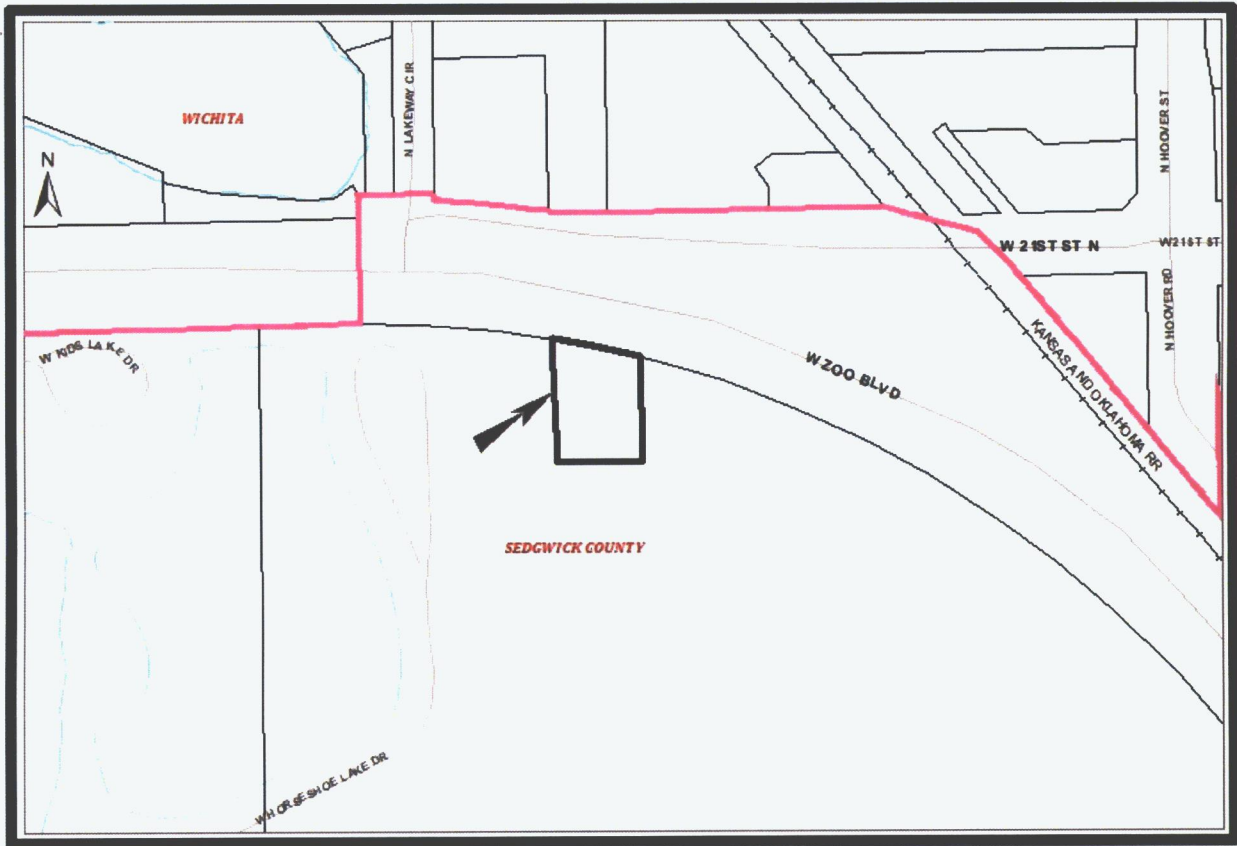

APPLICANT: Sedgwick County, Lynn Packer (Applicant) /PEC, Rebecca Mellies (Agent)

REQUEST: Variance to allow an increase in height of solid screening wall from 8 feet to ¹⁰9 feet and waive the landscaping requirement along West 13th Street North (Associated with CON2021-00038)

CURRENT ZONING: SF-20 Single-Family Residential

SITE SIZE: 1 acre

LOCATION: Generally located one-quarter mile west of North Hoover Road on the south side of West 21st Street North (Zoo Boulevard)

JURISDICTION: The Board has jurisdiction to consider the variance request under the provisions outlined in Kansas Statutes Annotated 12-759 *et. seq.* The Board may grant the request when all five conditions, as required by the statutes, are found to exist.

BACKGROUND: The applicant requests that a ten-foot tall screening wall be allowed around the perimeter (approximately 436 feet) of a new battery energy storage site to be located on the south side of West 21st Street North (Zoo Boulevard) and one-quarter mile west of North Hoover Road. The screening wall will be built 40 feet behind the building setback along the north property line. The applicant is also requesting a waiver of the landscape requirement along the south side of West 13th Street North. The landscape ordinance would require one tree every 40 feet along the north, south, west and east wall.

SURROUNDING DEVELOPMENT: Property north of the subject site is right-of-way for West 21st Street North and Zoo Boulevard and property zoned LI Limited Industrial that is developed with office/storage warehouse, industrial light manufacturing, and non-conforming residential uses. Properties south, east and west of the subject site are zoned SF-20 Single-Family Residential and is occupied by the Sedgwick County Zoo and Park.

ADJACENT ZONING AND LAND USE:

NORTH:	R-O-W, LI	West 21 st Street North and Zoo Boulevard, Office/storage warehouse, industrial light manufacturing, non-conforming residential
SOUTH:	SF-20	Sedgwick County Park, Sedgwick County Zoo
EAST:	SF-20, SF-5	Sedgwick County Park, Zoo Boulevard, Northwest Water Treatment Plant
WEST:	SF-20	Sedgwick Country Park

CASE HISTORY: In October 1971, the property was platted as Sedgwick County Zoo 2nd Addition. In 1968 the property was still agricultural land, but I-235 had been built. By 1974, some of the zoo buildings had been constructed and by 1983 development of the park had begun.

UNIQUENESS: It is staff's opinion that the use of the SF-20 zoned property for an electrical substation, which is classified as a Utility, Major. Electric substations are not typically located in within SF-20 zoning districts and are only allowed by a Conditional Use.

ADJACENT PROPERTY: It is staff's opinion that allowing a nine-foot screening wall at this location will not adversely affect the rights of adjacent property owners. The screening wall will reduce negative visual and noise impacts of the substation on adjacent parcels. Property to the east, west and south is owned by Sedgwick County and is currently used as park and open space.

HARDSHIP: The strict application of zoning code height restriction will decrease the ability to properly protect the adjacent uses. This lack of additional screening will create a hardship on the surrounding uses by increasing the potential for adverse noise and visual impacts from the battery energy storage site.

PUBLIC INTEREST: The additional height of the screening wall is will help to enhance the visual and noise buffer between the electric substation and the adjacent parcels. The masonry wall will be setback from the existing walking and biking trails in the park or structures on adjacent properties.

SPIRIT AND INTENT: It is staff's opinion that granting the requested variances supports the intent of the Zoning Code, to protect residential districts from adverse visual impacts associated with non-residential development. Screening of non-residential uses as well as mechanical equipment from residential uses is a requirement of the Zoning Code. The additional height of the proposed screening wall will reduce negative visual and noise impacts to the adjacent uses. The battery energy storage site helps to achieve the purpose of the Zoning Code by helping to provide the highest quality utility services to the public. The additional height of the proposed screening wall will achieve the purpose of the Zoning Code by helping to protect and preserve the human-made and natural elements which support human habitation, add to the community's quality-of-life, and create a unique living environment.

RECOMMENDATION: Should the Board determine that all five conditions necessary to the granting of the variance can be found to exist, the recommendation of Staff is that the variance to allow a 10-foot screening wall within the setback be **GRANTED**, subject to the following conditions:

1. The site is to be developed as shown on the Sedgwick County Battery Energy Storage Site Plan dated 8/2021 by PEC, P.A.
2. Minimum Landscape buffer of 10 feet on all four exterior walls of the enclosure.
