AGENDA ITEM NO. 4.6

CASE NUMBER: ZON2021-00063

APPLICANT/AGENT: Greenwich Investments, LLC., c/o Kevin Mullen (owner) Baughman Co., P.A., c/o Philip Meyer (agent)

REQUEST: SF-5 Single-Family Residential

CURRENT ZONING: LI Limited Industrial with Protective Overlay PO #313

SITE SIZE: Approximately 71-acres

LOCATION: Generally located approximately midway between East 29th Street North & East 37th Street North on the east side of North Greenwich Road (City District II)

PROPOSED USE: Single-family residential development

BACKGROUND: The applicant is requesting SF-5 Single-Family Residential zoning to allow single-family residential development on the approximately 71-acre, LI Limited Industrial zoned, unplatted tract. LI zoning does not allow residential development. Protective Overlay PO #313 is in effect with the current LI zoning; see case history. If the requested SF-5 zoning is approved PO #313 will no longer be in effect. The subject site is located in the City, approximately midway between East 29th Street North and East 37th Street North on the east side of North Greenwich Road.

The subject site is located at the northeast edge of the Wichita city limits where it abuts and is adjacent to properties located in the City and Sedgwick County. Single-family residences are currently being built on the SF-5 zoned Brookfield Addition (recorded 2017) that abuts the north side of the site and is located in Wichita. County RR Rural Residential zoned agricultural fields and large tracts/lots single-family residences (built, but not limited to, 1980 - 2009) abuts the east side of the subject site. The LC Limited Commercial and MF-18 Multi-Family Residential zoned Circle Greenwich Elementary Public School (USD #375, built 2010) abuts a south portion and the west side of the subject site. The school property is located in the City. County RR zoned agricultural fields abut the remaining south portion of the subject site. County RR and SF-20 Single-Family Residential zoned agricultural fields are located west of the site, across North Greenwich Road. Two older (built 1920, 1952) RR zoned large tract single-family residences are located northwest of the site, across North Greenwich Road. Undeveloped LI zoned property and the SF-5 zoned Northeast Sports Complex are located southwest of the subject site, across North Greenwich Road. Both of these properties are located in the City. The subject property lies within Area A and Area C of the Wichita-Sedgwick County Airport Hazard Map. Area A has a 25-foot height limit and Area C has a 150-foot height limit.

CASE HISTORY: ZON2017-00004 changed the zoning on the subject site from SF-5 to LI with Protective Overlay PO #313. PO #313 prohibited certain industrial uses, provided additional landscaping and screening requirements, increased the setback requirements, prohibited outdoor storage and work in those setbacks, restricted the height of structures, limited signage and provided cross lot circulation. ZON2017-00004 with PO #313 was approved by the MAPC April 6, 2017, by DAB II April 10, 2017, and by the City Council May 9, 2017. There were no objections filed against ZON2017-00004.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Currently developing single-family residential subdivision in the City
SOUTH:	LC, MF-18, RR, LI	Elementary public school in the City, County single-family residence &
	SF-5, SF-20	agricultural fields, City undeveloped land and sports complex
EAST:	RR	County agricultural fields, County large tract/lot single-family residences
WEST:	RR, SF-20	County agricultural fields, County large tract single-family residences

PUBLIC SERVICES: The subject site has street frontage and direct access onto North Greenwich Road. This section of North Greenwich Road is a two-lane arterial with graded drainage ditches and 100-120 feet of right-of-way. City water is available to the subject site. Sewer service will have to be extended to the site.

CONFORMANCE TO PLANS/POLICIES: The Community Investment Plan (the Wichita-Sedgwick County Comprehensive Plan) recommends the subject site as appropriate for "Residential and Employment mix." This encompasses areas of land that likely will be developed or redeveloped by 2035 with uses predominately of a mixed nature. Due to the proximity of residential uses, employment uses likely will have limited negative impacts associated with noise, hazardous emissions, visual blight, and odor. The requested SF-5 zoning allows single-family residential development. The requested SF-5 zoning returns the site to its original SF-5 zoning prior to ZON2017-00004 changing it to LI. The requested SF-5 zoning is following the current development of urban scale single-family residential development in the area. The SF-5 zoning request and the single-family residential development are consistent with the Residential and Employment mix recommendation and is in conformance with adopted plans and policies.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends the request **APPROVAL** of the requested SF-5 zoning.

1. **The zoning uses and character of the neighborhood:** The subject site is located in a northeast edge of the Wichita city limits where it abuts and is adjacent to properties located in the City and Sedgwick County. The most recent development in the area is the current construction of urban scale single-family residences in the Brookfield and the Courtyard at Brookfield Additions, both of which are located in the City and abut the north side of the subject site. This development and the LC and MF-18 zoned Circle Greenwich Elementary Public School extended the City limits, via City Water and Sewer, into this area of established County RR and SF-20 zoned agricultural fields and large tract and large lot single-family residences.
2. **The suitability of the subject property for the uses to which it has been restricted:** The site could be developed with its current LI zoning with PO #313. However, the recent development trend in the area is urban scale single-family residential development. The LI zoned site is somewhat out of character for this mile section of North Greenwich Road between East 29th Street North and East 37th Street North. It is located mid-mile and is surrounded by SF-5, SF-20 and RR zoned properties and the south abutting LC and MF-18 zoned Circle Greenwich Elementary Public School. There is undeveloped LI zoned property located approximately one-third mile southwest of the site on the northwest corner of North Greenwich Road and East 29th Street North.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The requested SF-5 zoning will have no detrimental impact on the abutting and adjacent RR, SF-20, SF-5, LC, and MF-18 properties. The SF-5 zoning will allow urban scale single-family residential development, which is the current development trend. The requested SF-5 zoning will have no detrimental impact on the undeveloped LI zoned property located approximately one-third mile southwest of the subject site on the northwest corner of North Greenwich Road and East 29th Street North.
4. **Length of time the property has been vacant as currently zoned:** Currently the site is undeveloped. ZON2017-00004 changed the zoning on the undeveloped subject site from SF-5 to LI with Protective Overlay PO #313. Prior to 2017 the subject site was undeveloped.
5. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** It is staff's opinion that the proposed SF-5 zoning is in conformance with adopted plans and policies.
6. **Impact of the proposed development on community facilities:** Community facilities would not be noticeably impacted by this approval. City water is available to the subject site. Sewer service will have to be extended to the site.
