STAFF REPORT

MAPC: November 17, 2022

DAB IV: November 7, 2022

CASE NUMBER: ZON2022-00057 (City)

APPLICANT/AGENT: Warden Group 234, LLC (Applicant)/Manroj Sangha (Agent)

REQUEST: Amend Protective Overlay #257 to allow the development of duplexes

CURRENT ZONING: B Multi-Family Residential District with Protective Overlay #257

SITE SIZE: 1.86 acres

LOCATION: Generally located north of West Maple Street and south of West Douglas Avenue, on the east side of South Anna Street (230 South Anna Street).

PROPOSED USE: Allow for the development of duplexes

RECOMMENDATION: Approve

BACKGROUND: The applicant is requesting to amend Protective Overlay (PO) #257 on a property zoned B Multi-Family Residential District. The property is platted 1.86 acres and is generally located north of West Maple Street and south of West Douglas Avenue, on the east side of South Anna Street (230 South Anna Street). The property is currently undeveloped. The applicant requests to amend the PO to allow the development of duplexes.

In 2011, the City of Wichita approved a zone change from SF-5 Single-Family Residential District to B Multi-Family Residential District, subject to Protective Overlay #257, which reads:

1. Permitted uses are those permitted by-right in the SF-5 Single-Family Residential ("SF-5") zone district plus "Assisted Living," "Group Home," "Nursing Facility" and "Medical Service" that is an accessory to the uses permitted above, as allowed in the B Multi-family Residential ("B") zone district. Medical services not accessory to the permitted uses are prohibited.

The Protective Overlay applies to this parcel and the parcel directly south of the subject site at 234 South Anna.

The applicant is requesting to amend Protective Overlay #257 to allow duplexes to be built on the site. The Protective Overlay #257 would then state:

1. Permitted uses are those permitted by right in the SF-5 Single Family Residential ("SF-5") zone district plus "Duplexes," "Assisted Living," "Group Home," "Nursing Facility" and "Medical Service" that is an accessory to the uses permitted above, as allowed in the B Multi-family Residential ("B") zone district. Medical Services not accessory to the permitted uses are prohibited.

According to the site plan, the applicant proposes to build eight duplexes on site, for a total of 16 dwelling units. The proposed development will adhere to all minimum setbacks and utility easements. The duplexes will face each other and utilize a shared road off South Anna Street. Each duplex dwelling unit will have a one-car parking garage and a shared driveway, which will satisfy the parking requirements set forth by the Unified Zoning Code of one parking space per Dwelling Unit. B Multi-Family Residential District requires a minimum of 2,000 square feet per Dwelling Unit for duplexes. The proposed development will have approximately 5,000 square feet per Dwelling Unit.

Because the subject property abuts SF-5 Single-Family Residential District zoning to the north, east, and west, it must adhere to the Wichita Landscape Ordinance and screening standards set forth in Section IV-B of the Unified Zoning Code. The City of Wichita passed a landscape ordinance (Title 28-Zoning: Chapter 28.06 of the Wichita City Code) to enhance the attractiveness of the city and improve the quality of life for its citizens and visitors. The ordinance seeks to protect residential developments from surrounding uses, soften harsh expanses of pavement, and screen undesirable views. Generally, the zoning code requires a solid screening fence or wall to separate nonresidential uses from abutting residential uses, and to separate multifamily and manufactured home parks from one- or two-family zoning districts. In addition to this screening, buffer trees must be planted. There are currently sparsely populated trees on site, but the applicant will need to submit a landscape plan prior to the issuance of building permits.

Property to the north is zoned SF-5 Single-Family Residential District and is developed with a single-family residential dwelling. Property to the south is zoned B Multi-Family Residential District, is subject to PO #257, is owned by the applicant, and is developed with a nursing home. Properties to the east are zoned SF-5 Single-Family Residential District and are developed with single-family residential dwellings. Properties to the west, across South Anna Street, are zoned SF-5 Single-Family Residential District and are developed with single-family residential dwellings.

CASE HISTORY: On September 15, 1925, the McComas Acres Addition subdivision was created. In 2011, the City of Wichita approved a zone change request from SF-5 Single-Family Residential District to B Multi-Family Residential District, subject to Protective Overlay #257.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family residential dwelling
SOUTH:	B with PO #257	Nursing home
EAST:	SF-5	Single-family residential dwellings
WEST:	SF-5	Single-family residential dwellings

PUBLIC SERVICES: South Anna Street is a two-way, paved, local street with no sidewalks on either side. Wichita Transit serves this area within one block north of the subject property on Maple Street, on the northwest corner of South Anna Street and West Maple Street. Municipal services, such as water and sewer, are available to serve this site.

CONFORMANCE TO PLANS/POLICIES: The subject site is located within the following plan boundaries.

- The Community Investments Plan. The requested Protective Overlay amendment is in conformance with the *Community Investment Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. This map indicates the site to be primarily appropriate for “Residential” uses. This indicates that the proposed development will encompass “*areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes). Elementary and middle schools, churches, playgrounds, small parks and other similar residential-serving uses are located in these areas.*”
 - The site is in conformance with the Land Use Compatibility element of the *Community Investment Plan*’s Locational Guidelines, which state that higher-density residential uses should buffer lower-density residential uses from major commercial and employment centers and industrial uses. The B Multi-Family Residential District zoning and duplexes will serve as a buffer between the single-family residential dwellings north of the subject site and the commercial corridor along West Maple Street to the south of the subject site.
 - The site is located within the Established Central Area, which “encourages infill development that maximizes public investment in existing and planned infrastructure and services.” The applicant proposes to build duplexes on undeveloped land.
- Wichita: Places for People Plan. The requested Protective Overlay amendment is in conformance with the *Places for People Plan*. The subject site is located within an “Area of Opportunity”. The *Plan* states that “In Areas of Opportunities, where the economic markets are typically limited, small-scale infill and redevelopment projects will define the initial improvements.” Duplexes are considered small-scale infill and are thus considered appropriate for this site.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends **APPROVAL** of the Protective Overlay amendment request, subject to the revised Protective Overlay #257 language:

- Permitted uses are those permitted by right in the SF-5 Single Family Residential (“SF-5”) zone district plus “Duplexes,” “Assisted Living,” “Group Home,” “Nursing Facility” and “Medical Service” that is an accessory to the uses permitted above, as allowed in the B Multi-Family Residential (“B”) zone district. Medical Services not accessory to the permitted uses are prohibited.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is mostly residential. Property to the north is zoned SF-5 Single-Family Residential District and is developed with a single-family residential dwelling. Property to the south is zoned B Multi-Family Residential District, is subject to PO #257, and is developed with a single-family residential dwelling. Properties to the east are zoned SF-5 Single-Family Residential District and are developed with single-family residential dwellings. Properties to the west, across South Anna Street, are zoned SF-5 Single-Family Residential District and are developed with single-family residential dwellings.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned B Multi-Family Residential District, which supports a variety of residential, public, civic, commercial, industrial, and agricultural uses. There is presently a Protective Overlay #257 that restricts the permitted uses on the property and currently does not allow for the development of duplexes. The subject property is currently undeveloped.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate that the requested Protective Overlay amendment will have a substantial impact on nearby properties. The Protective Overlay will remain on the property, will continue to restrict other uses on the property, and will minimize potential negative impacts on nearby property.
4. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested Protective Overlay amendment is in conformance with the *Community Investments Plan* and the *Places for People Plan*, as discussed in this staff report.
5. **Impact of the proposed development on community facilities:** The requested Protective Overlay amendment is not anticipated to have significant adverse impacts on community facilities or resources.
