RE: ZON2022-00067: Zone change request in the City from NR Neighborhood Retail to LC Limited Commercial to increase sign rights for financial institution; generally located on the east side of North Woodlawn Boulevard and about 700 feet north of East 37th Street North.

Dear Applicants;

At its regular meeting on February 7, 2023, the Wichita City Council considered the above captioned request. The action of the City Council was to APPROVE the request subject to the following Protective Overlay.

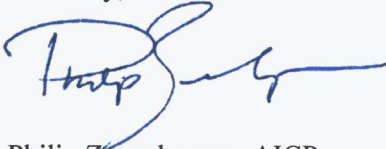

Protective Overlay #402

1. The subject property shall be limited to all uses permitted by-right in the “NR” Neighborhood Retail zoning district.
2. Signs shall be in accordance with the “LC” Limited Commercial zoning district in the Wichita Sign Code, except off-site billboard signs are prohibited and the sign area for a single-tenant sign shall not exceed 100 square feet.
3. Screening requirements along the south and east property line can be achieved with the existing evergreen hedge row, including the evergreen hedgerow on the adjacent property. At any point, if there is a degradation of the existing evergreen hedgerow, Lot 1, Block A Chisholm Creek 2nd Addition shall either replace the evergreen plant material or fill in the gaps with a solid screening fence per the Unified Zoning Code.
4. Screening Requirements along the north property line can be achieved with the existing screening fences on the adjacent property. At any point the screening fences are removed, Lot 1, Block A Chisholm Creek 2nd Addition shall be required to fill in any and all gaps with a solid screening fence per the Unified Zoning Code.
5. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
6. The Transfer of title of all or any portion of the land included within the Protective Overlay (PO) (or any amendments thereto) does not constitute a termination of the PO or any portion thereof, but said

PO shall run with the land and be binding upon present owners, their successor and assigns.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

RE: ZON2022-00067: Zone change request in the City from NR Neighborhood Retail to LC Limited Commercial to increase sign rights for financial institution; generally located on the east side of North Woodlawn Boulevard and about 700 feet north of East 37th Street North.

Dear Applicants;

At its regular meeting on **January 5, 2023**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend **APPROVAL** the request subject to the following Protective Overlay.

Protective Overlay #402

1. The subject property shall be limited to all uses permitted by-right in the "NR" Neighborhood Retail zoning district.
2. Signs shall be in accordance with the "LC" Limited Commercial zoning district in the Wichita Sign Code, except off-site billboard signs are prohibited and the sign area for a single-tenant sign shall not exceed 100 square feet.
3. Screening requirements along the south and east property line can be achieved with the existing evergreen hedge row, including the evergreen hedgerow on the adjacent property. At any point, if there is a degradation of the existing evergreen hedgerow, Lot 1, Block A Chisholm Creek 2nd Addition shall either replace the evergreen plant material or fill in the gaps with a solid screening fence per the Unified Zoning Code.
4. Screening Requirements along the north property line can be achieved with the existing screening fences on the adjacent property. At any point the screening fences are removed, Lot 1, Block A Chisholm Creek 2nd Addition shall be required to fill in any and all gaps with a solid screening fence per the Unified Zoning Code.
5. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
6. The Transfer of title of all or any portion of the land included within the Protective Overlay (PO) (or

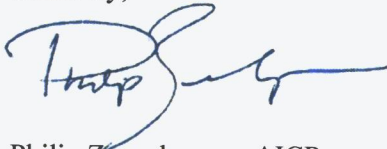

any amendments thereto) does not constitute a termination of the PO or any portion thereof, but said PO shall run with the land and be binding upon present owners, their successor and assigns.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on January 19, 2023. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by January 19, 2023, at 5:00 p.m.

This application will be presented to the Wichita City Council on Tuesday, February 7, 2023 beginning at 9:00 a.m.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Philip Zevenbergen, AICP

ORDINANCE NO. 52-033

AN ORDINANCE CHANGING THE ZONING CLASSIFICATIONS OR DISTRICTS OF CERTAIN LANDS LOCATED IN THE CITY OF WICHITA, KANSAS, UNDER THE AUTHORITY GRANTED BY THE WICHITA-SEDGWICK COUNTY UNIFIED ZONING CODE, SECTION V-C, AS ADOPTED BY SECTION 28.04.010, AS AMENDED.

BE IT ORDAINED BY THE GOVERNING BODY
OF THE CITY OF WICHITA, KANSAS.

SECTION 1. That having received a recommendation from the Planning Commission, and proper notice having been given and hearing held as provided by law and under authority and subject to the provisions of The Wichita-Sedgwick County Unified Zoning Code, Section V-C, as adopted by Section 28.04.010, as amended, the zoning classification or districts of the lands legally described hereby are changed as follows:

Case No. ZON2022-00067

Zone change request in the City from NR Neighborhood Retail District to LC Limited Commercial District zoning subject to the provisions of Protective Overlay #402, on property legally described as:

Lot 1, Block A, Chisholm Creek 2nd Addition, Wichita, Sedgwick County, Kansas.

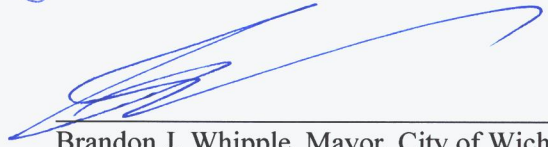

Protective Overlay #402

1. The subject property shall be limited to all uses permitted by-right in the "NR" Neighborhood Retail zoning district.
2. Signs shall be in accordance with the "LC" Limited Commercial zoning district in the Wichita Sign Code, except off-site billboard signs are prohibited and the sign area for a single-tenant sign shall not exceed 100 square feet.
3. Screening requirements along the south and east property line can be achieved with the existing evergreen hedge row, including the evergreen hedgerow on the adjacent property. At any point, if there is a degradation of the existing evergreen hedgerow, Lot 1, Block A Chisholm Creek 2nd Addition shall either replace the evergreen plant material or fill in the gaps with a solid screening fence per the Unified Zoning Code.
4. Screening Requirements along the north property line can be achieved with the existing screening fences on the adjacent property. At any point the screening fences are removed, Lot 1, Block A Chisholm Creek 2nd Addition shall be required to fill in any and all gaps with a solid screening fence per the Unified Zoning Code.
5. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
6. The Transfer of title of all or any portion of the land included within the Protective Overlay (PO) (or any amendments thereto) does not constitute a termination of the PO or any portion thereof, but said PO shall run with the land and be binding upon present owners, their successor and assigns.

SECTION 2. That upon the taking effect of this Ordinance, the above zoning changes shall be entered and shown on the "Official Zoning Map" previously adopted by reference and said official zoning map is hereby reincorporated as a part of the Wichita -Sedgwick County Unified Zoning Code as amended.

SECTION 3. That this Ordinance shall take effect and be in force from and after its adoption and publication in the official City paper.

Adopted this 14th day of February, 2023.

Brandon J. Whipple, Mayor, City of Wichita

Sherman makes case for ditching Kauffman Stadium

BY LYNN WORTHY
lworthy@kstar.com

The Kansas City Royals have certainly made an effort to tie their youth movement and optimism about the club's future into the push for a downtown stadium and ballpark district.

That's been evident from CEO and chairman John Sherman's open letter to the images and video montages the club has used to promote the project.

During the Royals' first public meeting as part of a "listening tour" in the region, the first question fired at Sherman by a community member made it clear that the team's performance also wasn't far from the mind of some fans.

The question, one of more than 150 submitted by more than 350 audience members at Plexpod Westport Commons, as well as questions submitted online, pointedly asked "why was a perpetual last-place team" deserving of a new stadium financed by public money — and challenged Sherman and the ownership's investment in the payroll and roster.

"This is a public-private partnership and our ownership group will be the

substantial investor in this project," Sherman replied. "And we are spending on the team. I would tell you, I think in baseball — and I don't know if we want to talk about baseball — but investing in the team has to be at a point where you know you have a core that's ready to invest in."

Sherman also refuted the implication that ownership hadn't invested in the team on the field, and he pointed to the additions of free agents pitcher Mike Minor, first baseman Carlos Santana and center fielder Michael A. Taylor as well as acquiring Andrew Benintendi via trade going into the 2021 season.

Those additions were made coming off a pandemic-shortened season with no fans in attendance in 2020, the first MLB season after the current ownership group bought the team for a reported \$1 billion.

Sherman also asserted that the ownership's desire to make a show of their commitment and to "accelerate" the rebuilding process did not work.

That exchange served as the lone pointed reference to the club's struggles on the field, including sub-.500 records in each season since 2017, two fifth-place finishes in the division and three fourth-

place finishes. The event included eight speakers, including Sherman, accompanied by a slide presentation and multiple video montages followed by a question and answer session that lasted approximately 40 minutes.

POPULOUS AND THE CASE AGAINST THE K

In a mid-November open letter, Sherman made his first public case for a downtown stadium. He asserted that the costs of necessary renovations to Kauffman Stadium, also known as "The K," would equal or surpass the cost to "develop a new ballpark."

The letter didn't offer specifics on either pending renovation, nor did the \$2 billion price tag Sherman placed on the project separate the stadium costs from the overall cost of the district.

"Recognizing that the K will have outgrown its fullest functionalities by the time our lease expires with Jackson County by the end of the decade, we are clear-eyed that the Truman Sports Complex is not a viable option for us long-term," Royals senior VP of business operations Sarah Tourville said on Tuesday night.

For the first time, the Royals followed that state-

ment with an assessment from highly-regarded KC-based global design and architecture firm Populous.

Populous' Sarah Dempster presented findings from their team of engineers and stated that renovations needed to make Kauffman Stadium a viable long-term home for the Royals in the future would cost \$1.072 billion.

Among the major take-aways, according to Dempster, included evidence of "cancer of the concrete" in the structure that could require major removal in order to extend the life another 30 years.

Other issues Dempster highlighted included: leakage in the fountain and pump room that has caused deterioration in the steel and concrete structure, rust issues in the right field tunnel as well as the canopy steel supports and light towers and the need to replace the front row tubs in the upper level seating bowl.

The chiller plant south of the stadium, piping to the stadium and heating system were also cited as pending issues — though it was not clear how immediate a problem those issues presented.

Dempster pointed to the electrical distribution system as requiring replacement by the end of

Kansas City Royals Chairman and CEO John Sherman, right, spoke at a public meeting Tuesday at the Plexpod Westport Commons about a proposed downtown ballpark district.

the decade. Populous global chair and founder Earl Santee added that for the Royals to get another 50 years out of Kauffman Stadium, 70 percent of the stadium would need to be replaced. That included replacing the lower bowl and tearing down the canopy and major concourse areas.

PARSING THE NEW PROJECT

For the first time, the Royals presented the cost of the stadium apart from the ballpark district. The stadium will cost an estimated \$1.005 billion of the \$2 billion total district price tag.

Royals COO Brooks Sherman, senior VP and member of the ownership group, said the ownership group will invest hundreds of millions of dollars of their own into the project. The Royals maintain that they would not ask

any more financially from Jackson County than what is currently devoted to sports ventures.

The new ballpark proposal by Populous would likely aim to have 34,000 seats with an additional space for 3,500 standing room patrons to bring the capacity to approximately 38,000. Of course, a definitive site has not yet been determined.

Santee said Populous did a parking study that found there were 2 1/2 times the available parking spaces downtown as the Truman Sports Complex within a 10-minute walk to a new downtown ballpark, and that the parking setup would work concurrently with any events at the T-Mobile Center.

Alex Ovechkin reaches 800 career goals

BY JAY COHEN
jcohen@kstar.com

CHICAGO

Soaked with beer and still wearing his No. 8 jersey, Alex Ovechkin held three pucks in his right hand as he posed for a picture with the rest of the jubilant Washington Capitals in the visiting locker room at the United Center.

Three pucks that added up to 800.

Ovechkin became the third NHL player to reach 800 career goals when he scored three times Tuesday night, touching off a wild celebration for his team and an appreciative Chicago crowd.

"Soon as it happened, kind of relief," Ovechkin said after Washington's 7-3 win over the Blackhawks. "Kind of happiness in general."

Ovechkin scored on his first two shots, beating Blackhawks goaltender Petr Mrazek 24 seconds into the game before stuffing one home on a power play with 11:46 left in the first period. The 37-year-old winger then completed his 29th career hat trick when he knocked Anthony Mantha's pass over a sprawled Mrazek 6:34 into the third.

"When he got the first goal today, I was like, 'This is the night,'" teammate Evgeny Kuznetsov said.

The rest of the Capitals jumped off the bench to celebrate after the milestone goal, and hats rained down on the ice from the crowd of 16,181. Fans in the crowd then chanted "Ovii Ovii" — drawing a wave from Ovechkin.

The star forward moved within one goal of Gordie Howe for second all-time. Wayne Gretzky holds the record with 894 goals.

"It's a big number," Ovechkin said. "It's the best company (you can) ever imagine since you started playing hockey."

Ovechkin also praised the crowd for its response.

"Even in the warmth, I was feeling that energy right away," he said. "The fans watch me and the fans want to see that historical moment."

When it was over, Ovechkin jumped onto the ice one last time to salute the cheering fans. He then gave his stick to a boy wearing a Capitals jersey above the tunnel in the visiting locker room.

Shortly after he got to the back, he was showered with beer by his chanting teammates. Goaded into making a speech, Ovechkin said it was special to accomplish the feat with the team.

"It was awesome," Washington coach Peter Laviolette said. "It was just awesome to be on the bench and be a part of it, a part of history."

Ovechkin has seven goals in his last four games and a team-high 20 on the season. His previous four goals were all empty-netters.

The Capitals play seven of their next nine at home.

"I think once he's going to be No. 1 he can have a sense of relief," Mantha said. "Until then, I think he's on the hunt, and that's what we love about him."

Ovechkin has been one of the NHL's most dangerous scorers practically since he got two goals in his debut with Washington on Oct. 5, 2005, against Columbus.

The 12-time All-Star has nine seasons with at least 50 goals, including a career-high 65 during the 2007-08 season. The three-time MVP, who won the Stanley Cup in 2018, had 50 goals and 40 assists in 77 games last season.

"It's mind blowing," Chicago captain Jonathan Toews said. "How many guys can score goals at his rate in the season, let alone year after year after year? He's one of a kind, for sure."

STAFF REPORT
MAPC January 5, 2023
DAB II January 9, 2023

- CASE NUMBER:** ZON2022-00067 (City)
- APPLICANT/AGENT:** Alley Investments, LLC (Owner)/Credit Union of America (Contract Purchaser)/Baugman Company (Agent).
- REQUEST:** LC General Commercial District with Protective Overlay #402
- CURRENT ZONING:** NR Neighborhood Retail District
- SITE SIZE:** 1.11 acres
- LOCATION:** Located on the east side of North Woodlawn Boulevard and within one-quarter mile north of East 37th Street North.
- PROPOSED USE:** Permit larger on-site signage for a financial institution.
- RECOMMENDATION:** Approval subject to Protective Overlay #402.

BACKGROUND: The applicant, on behalf of the contract purchaser, is requesting two things:

- a zone change from NR Neighborhood Retail District to LC Limited Commercial District to permit a larger on-site sign for a financial institution; and
- a Protective Overlay that restricts uses and permits existing screening to satisfy the screening requirement.

The property is located on the east side of North Woodlawn Boulevard and within one-quarter mile north of East 37th Street North. The contract purchaser is proposing Protective Overlay #402 with the following items:

Applicant Proposed ZON2022-00067 Protective Overlay #402

1. The subject property shall be limited to all uses permitted by-right in the “NR” Neighborhood Retail zoning district.
 2. Signs shall be in accordance with the “LC” Limited Commercial zoning district in the Wichita Sign Code, except off-site billboard signs are prohibited and the sign area for a single-tenant sign shall not exceed 100 square feet.
 3. Screening requirements along the south and east property line can be achieved with the existing evergreen hedge row, including the evergreen hedgerow on the adjacent property. At any point, if there is a degradation of the existing evergreen hedgerow, Lot 1, Block A Chisholm Creek 2nd Addition shall either replace the evergreen plant material or fill in the gaps with a solid screening fence per the Unified Zoning Code.
 4. Screening Requirements along the north property line can be achieved with the existing screening fences on the adjacent property. At any point the screening fences are removed, Lot 1, Block A Chisholm Creek 2nd Addition shall be required to fill in any and all gaps with a solid screening fence per the Unified Zoning Code.
 5. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
 6. The Transfer of title of all or any portion of the land included within the Protective Overlay (PO) (or any amendments thereto) does not constitute a termination of the PO or any portion thereof but said PO shall run with the land and be binding upon present owners, their successor and assigns.
- The proposed protective overlay limits the uses to the current NR Neighborhood Retail District;
 - it permits additional signage per the LC Limited Commercial District;
 - it permits the existing dense evergreen hedgerow on the east and south property lines to satisfy the screening requirement; and
 - it permits the existing screening fence on the north property line to satisfy the screening requirement.

As seen in the attached sign exhibit, the applicant desires to install a 21-foot, eight-inch monument sign with approximately 97 square feet. This includes a static identification sign for the bank in addition to an LED electronic message center sign. According to the applicant, this sign prototype is currently used at all their other sites in Wichita. The applicant desires their locations to have uniformity with the signage they use.

Section 24.04.193 of the Wichita Sign Code governs the standards for on-site signs in the NR Neighborhood Retail zoning district. Section 24.04.221 of the Wichita Sign Code governs the standards for on-site signs in the LC Limited Commercial zoning District. The following table compares the development standards for on-site ground or pole signs. In general, a notable difference between what is allowed in the two zoning classifications is that LC zoning determines the size of a sign by multiplying the linear street frontage by 0.8. NR zoning has standard sign areas for single-tenant and multi-tenant commercial uses. For the table below, the numbers provided for the LC zoning are based on a 316.09-foot frontage along North Woodlawn Boulevard (as determined by the plat).

Standard	NR Zoning	LC Zoning
Sign area	<ul style="list-style-type: none"> • 32 square feet (single tenant) • 24 square feet per tenant for multi-tenant sign (96 square 	252.87 total square feet for single or multi-tenant sign.

	feet maximum area)	
Sign Height	22 feet	25 feet
Number of Signs	1 sign per business with 150-foot separation. Multi-tenant signs are permitted.	1 sign per business with 75-foot separation. Multi-tenant signs are permitted.

Properties surrounding the subject site are mostly commercial properties with residential to the north and east. Property to the north is zoned MF-18 Multi-Family Residential District with CUP DP-119 and is developed with single-family dwellings. Property to the east is zoned MF-18 and is developed with multi-family condominiums. The subject site is screened from the residential properties to the north and east by dense, evergreen trees.

The requested zone change would permit the subject property the similar sign rights and the following commercially-zoned properties on the east side of North Woodlawn. Property abutting to the south is zoned MF-18 and is the private entrance drive into the condominium complex. Properties farther south to the intersection of East 37th Street are Zoned LC Limited Commercial and are developed with a multi-tenant retail center, a fast-food restaurant, and a vehicle repair shop. These commercial properties have a mixture of monument and pole identification signs in addition to a junior offsite billboard sign on the vehicle repair property. The following table outlines the sign area permitted on each of these properties based on Section 24.04.221 of the Wichita Sign Code.

Property	Street Frontage	Sign Area
Multi-Tenant Retail Center	175 feet	140 square feet
Fast-Food Restaurant	170 feet	136 square feet
Vehicle Repair Shop	150 feet	120 square feet

Based on the review of the existing, permitted sign areas for LC-zoned properties nearby, the possibility of permitting up to 252.87 square feet of sign area on the subject site is out of character with the surrounding signs. The proposed Protective Overlay restricts the sign area to no more than 100 square feet, which meets the need of the applicant and is more in context with the existing permitted sign areas.

Properties to the west, across North Woodlawn Boulevard are in the City of Bel Aire and zoned C-1 Commercial. These properties are developed with a bank, a dental office, and retail stores. Section 17.9.7 of the Bel Aire City Sign Code permits each single-tenant building to have one monument identification sign up to 45 square feet per face (90 square feet total).

The applicant is also requesting the ability to use existing screening methods to meet the required screening on the north, east, and south sides. Section V-I.2.m of the Unified Zoning Code permits property owners to request and Administrative Adjustment to reduce or waive the screening requirements of Section IV-B.3 when existing topography or vegetation provide a natural screen and if the location of improvements on the adjacent residential property provides adequate screening. The applicant is requesting this along with the zone change since the process of the zone change is above and beyond the requirements of the Administrative Adjustment.

The east and south property lines are lined with a dense, evergreen hedgerow that is owned and maintained by the neighboring residential Homeowners Association (HOA). The north property line has an existing screening fence owned and maintained by the private property owners. Both the vegetation and the fence meet the screening requirements of the Unified Zoning Code. The Protective Overlay requires the proposed bank be responsible for the maintenance of the screening from now on. If vegetation were to become sparse, the subject property owner would be required to replace the vegetation or provide a screening fence at that location. Similarly, if any part of the fence on the north side were to fall into disrepair and not serve as screening, the subject property owner is required to replace that portion of the fence in order to maintain required screening.

Staff is providing two recommendations on this application for the MAPC to consider regarding the following:

1. the zone change for additional sign rights ; and
2. the request to change the screening requirement.

CASE HISTORY: In 1999, the property was rezoned (Z-3329) from MF-18 Multi-Family Residential District to NR Neighborhood Retail District. In 2022, the property was platted as the Chisholm Creek 2nd Addition.

ADJACENT ZONING AND LAND USE:

NORTH:	MF-18 with CUP DP-119	Single-family dwellings
SOUTH:	MF-18	Private access road
EAST:	MF-18	Condominiums
WEST:	C-1 (Bel Aire)	Retail

PUBLIC SERVICES: Property has access to North Woodlawn Boulevard, a paved, four lane arterial road with no sidewalks within the corporate limits of Bel Aire. Wichita water and sewer serve the property. Wichita Transit does not serve this location.

CONFORMANCE TO PLANS/POLICIES: The proposed zone change is in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. The Map identifies the area in which the site is located to be primarily appropriate for Commercial and New Employment uses. Convenience retail, restaurants, small offices, and personal services uses are located in close proximity to, and potentially mixed with residential uses.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends the following:

1. **APPROVAL** of the request to rezone the subject property to LC Limited Commercial; and
2. **APPROVAL** of the request to use existing landscaping and screening on adjacent property to satisfy the screening requirements of the subject site.

Both approvals are subject to Protective Overlay #402:

Protective Overlay #402

1. The subject property shall be limited to all uses permitted by-right in the “NR” Neighborhood Retail zoning district.
2. Signs shall be in accordance with the “LC” Limited Commercial zoning district in the Wichita Sign Code, except off-site billboard signs are prohibited and the sign area for a single-tenant sign shall not exceed 100 square feet.
3. Screening requirements along the south and east property line can be achieved with the existing evergreen hedge row, including the evergreen hedgerow on the adjacent property. At any point, if there is a degradation of the existing evergreen hedgerow, Lot 1, Block A Chisholm Creek 2nd Addition shall either replace the evergreen plant material or fill in the gaps with a solid screening fence per the Unified Zoning Code.
4. Screening Requirements along the north property line can be achieved with the existing screening fences on the adjacent property. At any point the screening fences are removed, Lot 1, Block A Chisholm Creek 2nd Addition shall be required to fill in any and all gaps with a solid screening fence per the Unified Zoning Code.
5. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
6. The Transfer of title of all or any portion of the land included within the Protective Overlay (PO) (or any amendments thereto) does not constitute a termination of the PO or any portion thereof, but said PO shall run with the land and be binding upon present owners, their successor and assigns.

This recommendation is based on the following findings:

1. **The zoning uses and character of the neighborhood:** The requested zone change would permit the subject property the similar sign rights and the commercially-zoned properties on the east side of North Woodlawn, south of the subject property. Property to the north is zoned MF-18 Multi-Family Residential District with CUP DP-119 and is developed with single-family dwellings. Property to the east is zoned MF-18 and is developed with multi-family condominiums. Property abutting to the south is zoned MF-18 and is the private entrance drive into the condominium complex. Properties farther south to the intersection of East 37th Street is Zoned LC Limited Commercial and are developed with a multi-tenant retail center, a fast-food restaurant, and a vehicle repair shop. Properties to the west, across North Woodlawn Boulevard are in the City of Bel Aire and zoned C-1 Commercial. These properties are developed with a bank, a dental office, and retail stores.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is currently zoned NR Neighborhood Retail, which permits the proposed use of a financial institution. The proposed protective overlay restricts the uses to those permitted in the NR zoning district. NR zoning permits 32 square feet for sign area for a single-tenant building. The applicant desires to use a uniform sign prototype that exists at its other locations within Wichita.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The proposed LC Limited Commercial District permits additional sign rights such as a sign area that is based on the linear street frontage. The proposed Protective Overlay restricts the uses to the existing NR Neighborhood Retail District in addition to restricting the sign area for a single tenant to a maximum of 100 square feet. The site is appropriately screened from abutting residential properties. The Protective Overlay permits the existing screening to satisfy the requirements of Section IV-B.3 of the Unified Zoning Code. The subject site owner is responsible for maintaining that screening.
4. **Length of time the property has been vacant as currently zoned:** In 1999, the property was rezoned to NR Neighborhood Retail District and has never been developed.
5. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The proposed zone change with Protective Overlay is in conformance with the *Community Investments Plan* as discussed in the staff report.
6. **Impact of the proposed development on community facilities:** It is not anticipated that the rezoning of the property with the restrictions proposed would not have any impact on community facilities or resources. All public improvements are available to serve the property.
