STAFF REPORT

MAPC: June 22, 2023

DAB VI: July 10, 2023

<u>CASE NUMBER:</u>	ZON2023-00029 (City)
<u>APPLICANT/AGENT:</u>	Kirk Richards (applicant)
<u>REQUEST:</u>	TF-3 Two-Family Residential District
<u>CURRENT ZONING:</u>	SF-5 Single-Family Residential District
<u>SITE SIZE:</u>	0.465 acres
<u>LOCATION:</u>	Generally located within one-block south of West 2 nd Street North and one-half mile west of North West Street (225 North Young Street)
<u>PROPOSED USE:</u>	Duplexes
<u>RECOMMENDATION:</u>	Approve

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District to TF-3 Two-Family Residential District on property generally located within one-block south of West 2nd Street North and one-half mile west of North West Street (225 North Young Street). The subject site is 0.465 acres in size is comprised of three platted lots. The applicant intends to build three separate duplexes, one on each lot. The single-family dwelling originally constructed on the middle of the three lots has been recently razed.

Should the zone change request be approved, there will be no change in setbacks, parking requirements, or maximum height. SF-5 Single-Family Residential District requires a 5,000 square foot minimum lot size, while TF-3 Two-Family Residential District requires a 3,000 square foot minimum lot size per dwelling unit for duplex development (6000 total square feet for one duplex). Each individual lot is 0.15 acres, or 6,751.8 square feet, in size which exceeds the minimum lot size requirement to construct a duplex.

The character of the neighborhood is residential. Properties to the north, south, east, and west are all zoned SF-5 Single-Family Residential District and developed with single-family dwellings. Within one block to the east and west there are multiple lots zoned TF-3 Two-Family Residential District and developed with duplexes, so this is not introducing a new use into the neighborhood.

CASE HISTORY: In 1929, the site was platted as part of the Orchard Park Addition. There are no other zoning cases associated with this site.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family residence
SOUTH:	SF-5	Single-family residence
EAST:	SF-5	Single-family residence
WEST:	SF-5	Single-family residence

PUBLIC SERVICES: This property has access to North Young Street, a two-way, paved local street with no sidewalks. Municipal services, such as water and sewer, are ready and available to serve the site. Wichita Transit serves this property within two-blocks to the south along West Douglas Avenue.

CONFORMANCE TO PLANS/POLICIES: The requested zoning is in conformance with *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. The Map identifies the area in which the site to be within the Wichita 2035 growth area, and it is designated for "Residential" development. The Comprehensive Plan defines "Residential" as "areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality."

The requested zoning aligns with the goals of the *Wichita: Places for People Plan*. The *Wichita: Places for People Plan* provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as "a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles."

- **Strategies:** The Plan recommends strategies to help guide the community in their actions to create walkable places within Wichita. The requested zoning aligns with Strategy 5, "Provide a diversity of housing options to attract new residents and allow existing residents to remain in the ECA." The development would provide housing options that otherwise might not be immediately available in the area. The requested zoning also aligns with Strategy 6, "Encourage infill and redevelopment that is contextual to the environment in which it is occurring." The proposed rezoning would allow for the development of the property. Duplexes would be in character with the neighborhood, which currently features multiple duplexes.
- **Current Condition:** The subject property is located within an area identified as an "area of opportunity." The *Wichita: Places for People Plan* defines areas of opportunity as those "areas that generally exhibit economic challenges, a disconnected development pattern and a lack of walkable places and facilities. These areas need strategic investment, both public, and private, to assist in redefining and reinvigorating the area. Areas of opportunity also require capacity-building at the neighborhood level to accommodate redevelopment that is

beneficial to the neighborhood and its residents.”

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends **APPROVAL** of the zone change request.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is residential. Properties to the north, south, east, and west are all zoned SF-5 Single-Family Residential District and developed with single-family dwellings. Within one block to the east and west there are multiple lots zoned TF-3 Two-Family Residential District and developed with duplexes, so this is not introducing a new use into the neighborhood.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, which is suitable for single-family dwellings, public, and civic uses, including single-family residences. The site is currently developed with a single-family dwelling on one of the three platted lots.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The property will bring housing to two undeveloped lots. Staff does not anticipate the removal of restrictions will detrimentally affect nearby property. There are duplexes currently developed within one block to the east and west of the subject site.
4. **Length of time subject property has remained vacant as zoned:** All three lots have historically been under common ownership and developed with a single-family structure in the middle. The dwelling has recently been razed.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new homes in an area that is appropriate for residential development. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would continue to allow the property to be in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** Development of the property with the requested zoning will bring additional traffic to the area. However, the Planning Department does not anticipate it will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff did not receive any comments that were in support of or against the zone change request.
