Galaxy edge LAFC in front of MLS record 82,110 fans

Field Level Media

In front of an MLS-record crowd of 82,110 supporters, Riqui Puig's 73rd-minute goal gave the Los Angeles Galaxy a 2-1 victory over visiting Los Angeles FC on Tuesday at the Rose Bowl in Pasadena, Calif.

The announced crowd marked the highest single-match attendance in MLS history. The previous record was 74,479 in attendance at Charlotte FC's inaugural home match on March 5, 2022, which was also against the Galaxy.

With the score tied 1-1, a pass downfield found Tyler Boyd on the far side, and Puig outpaced two LAFC players racing up the middle of the field. Boyd's cross found the streaking Puig, whose sliding touch delivered his second goal of the season.

The Galaxy are unbeaten (2-0-4) in their past six matches, as the team is starting to regain its form after some dire early-season struggles. Even with the unbeaten streak, the Galaxy (4-9-7, 19 points) still sit in 13th place in the 14-team Western Conference.

LAFC (9-6-3, 32 points)

KIRBY LEE, USA TODAY SPORTS

A general overall view shows an MLS record crowd of 82,110 during the game between the LA Galaxy and the LAFC at the Rose Bowl in Pasadena, California.

have lost three consecutive matches, and they have a 2-5-1 record in their past eight matches. Boyd put the Galaxy ahead in the 26th minute

on a superbly aimed shot from the corner of the box. Taking a pass from Puig, Boyd had space to turn and fire across the box and into the top right

corner. Iñaki Sanchez had Los Angeles FC's lone goal, leveling the score in the 57th minute. After an uninspiring performance

in the first half, LAFC dominated the first 15 minutes after the halftime break, highlighted by Sanchez's header deflection of a corner kick.

Court 18 incidents result in 3 arrests at Wimbledon

FIELD LEVEL MEDIA

Two separate incidents involving protesters on Court 18 resulted in the arrests of three persons on Wednesday at Wimbledon.

Just Stop Oil activists stormed the court of two different matches and unloaded containers of confetti and puzzle pieces onto the grass court. Two men and a woman were taken into custody and removed from the grounds.

They were charged with

aggravated trespass and criminal damage, according to a post from the Wimbledon Twitter account.

The first match that was disrupted was between No. 21 seed Grigor Dimitrov and Shob Shimabukuro, a match won by Dimitrov in straight sets.

"Obviously it's not pleasant," said Dimitrov. "In the end of the day, there is not much you can do. I think everyone in a way did their part as quick as possible."

The second match disrupted was between Brit-

ish wild card Katie Boulter and Daria Saville of Australia. Both players helped clean up the debris before Boulter went on to win in straight sets.

The incidents took place despite "uplifted" security measures being taken by the All England Club.

The measures that were announced last week came in the aftermath of similar incidents in Britain, including a cricket match last Wednesday between England and Australia. Anti-oil activists and protesters also disrupted the Premiership Rugby final, World Snooker Championship and the Grand National horse race, among others.

player with zero years of service. Only players with four or fewer years of NBA service are able to sign two-way contracts, which can be for either one or two seasons. The two-way contract salary is expected to be \$560,000 for the 2023-24 season.

According to NetsDaily.com, "It has been common practice for the Nets to sign second rounders to two-ways. In addition to Gray who was taken at No. 59 in the 2021, the Nets signed Kessler Edwards, taken at No. 44 in that same draft,

around." The Royals replaced him with reliever Nick Wittgren. Prior to his exit, Greinke generated 35 swings and just four whiffs. "I didn't feel very sharp that last inning going out," Greinke said. "I actually felt good most of the game."

BOBBY WITT JR. DRILLS 13TH HOME RUN

Bobby Witt Jr. continued his surge at the plate. Witt, who was named the Royals player of the Month for June, carried over his momentum against the Twins.

In the fourth inning, Witt hit his 13th home run off Twins starter Kenta Maeda. The blast traveled 432 feet and landed in the Royals bullpen. Witt connected on a 91.4 four-

seam fastball that was left in the strike zone.

"Bobby is swinging the bat great," Quattraro said. "His at-bats have been tremendous for a while now. He is super competitive up there and making some adjustments on the fly."

The home run cut into the Twins' four-run lead. It was one of the Royals' three hits against Maeda on Tuesday.

Witt is hitting .444 (4 for 9) with three RBIs, two extra-base hits and two stolen bases this series. What's next: The Royals conclude their three-game set against the Twins. Alec Marsh will make his second MLB start against Pablo Lopez on Wednesday night.

METROPOLITAN AREA PLANNING COMMISSION

AGENDA ITEM NO. 3.2
July 27, 2023

STAFF REPORT

- CASE NUMBER:** VAC2023-00026 – City Vacation of a portion of the platted public street right-of-way and platted 40-foot building setback.
- APPLICANT:** William and Cheryl Parker; David and Megan McGraw; and Windsor Lake Estates HOA (applicants)
- LEGAL DESCRIPTION:** Generally described as vacating a portion of the platted South Dowell Terrace public street right-of-way between Lot 5, Block 6 Windsor Park Addition, Lot 5, Block A, Ball Addition, and Reserve A, Ball Addition; and vacating the platted 40-foot building setback along the east property line of Lot 5, Block A, Ball Addition (see attached legal description).
- LOCATION:** Generally located one block east of South Greenwich Road and within one-quarter mile south of East Lincoln Street. (WCC II)
- REASON FOR REQUEST:** To remove unused public street right-of-way and permit the construction of a proposed garage structure.
- CURRENT ZONING:** Abutting and adjacent properties are zoned SF-5 and SF-20 Single-Family Residential Districts. Properties to the north, east, and west are developed with single-family dwellings. Property to the south is undeveloped floodway.

VICINITY MAP:

The applicants are requesting two things.

1. the vacation of a portion of the South Dowell Terrace right-of-way abutting Lot 5, Block 6 Windsor Park Addition, Lot 5, Block A, Ball Addition, and Reserve A, Ball Addition; and
2. the vacation of a platted 40-foot building setback along the east side of Lot 5, Block 6, Ball Addition.

The purpose of the request is to remove unused public street right-of-way that will likely not be improved to provide access to the south due to the abutting floodway. The right-of-way currently has a single access point off of East Wilshire Terrace, which splits into two private driveways serving the residential properties on Lot 5, Block 6, Windsor Park Addition; and Lot 5, Block A, Ball Addition. The portion of the right-of-way being vacated is prior to where the driveways split into two separate private drives. The access to the two private drives will remain public right-of-way. However, Public Works requires maintenance of the shared drive approach to be addressed in some manner. This can be accomplished through a cross-lot access and maintenance agreement where the two parties involved agree to the future maintenance of the shared drive approach. It also appears that if the vacation is approved, it will create an encroachment of the driveway serving the eastern property (Lot 5, Block 6 Windsor Park Addition) onto the property owned by the western side (Lot 5, Block A, Ball Addition). The above stated cross lot access agreement can remedy this if the legal description is written to cover this area of encroachment.

Additionally, the property owner of Lot 5, Block A, Ball addition is requesting the vacation of the 40-foot building setback along the east property line (abutting the subject right-of-way) in order to construct a new garage structure on the site. The vacation of the platted setback places the site under the zoning setback requirements of the SF-5 Single-Family Residential District. With the vacation of the abutting portion of South Dowell Terrace, the east setback becomes an interior side setback of six feet. The closest point on the proposed garage to the new property line is 24.5 feet.

A public sewer line runs south through this portion of the subject right-of-way. The applicants submitted a draft 20-foot utility easement with the application materials. Public Works stated that the sewer line at this location is 20 feet deep, and a 30-foot utility easement is required. Every has no objections to this request. The customer service line for 1045 S. Dowell Terrace runs through this area of the right-of-way. Kansas Gas has a service line and main in the subject area. Condition #4 covers all utilities. To cover all utilities and access to a stormwater dam in Reserve A, the Subdivision Committed recommended the entire South Dowell Street right-of-way be retained as a utility and access easement, except the west 4 feet above the cul-de-sac bulb, which allows the property owner to construct his garage addition to his desired dimensions. The Windsor Park Addition was recorded with the Register of Deeds on November 1, 1955. The Ball Addition was recorded with the Register of Deeds on June 23, 1988.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Public Works, Water & Sewer, Stormwater, Traffic, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described public street right-of-way and 40-foot building setback.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
 1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time July 6, 2023, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by vacating the described portion of the platted street right-of-way and 40-foot setback and that the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Provide covenants, with original signatures, binding and tying the described vacated public street right-of-way to the applicants' abutting property. This must be provided to Planning prior to this case proceeding to City Council for final action and subsequent recording with the Vacation Order at the Sedgwick County Register of Deeds and the Sedgwick County Appraisers Office.
- (2) The applicants shall dedicate a shared access and maintenance agreement for the share drive approach. This must be provided to Planning prior to this case proceeding to City Council for final action and subsequent recording with the Vacation Order at the Sedgwick County Register of Deeds.
- (3) The applicants shall dedicate a utility and access easement for the entire portion of South Dowell Terrace requesting to be vacate except the west 4 feet of the right-of-way, north of the cul-de-sac bulb. This must be provided to Planning prior to this case proceeding to City Council for final action and subsequent recording with the Vacation Order at the Sedgwick County Register of Deeds and the Sedgwick County Appraisers Office.
- (4) The applicant of Lot 5, Block A, Ball Addition shall provide a legal description of the subject portion of Reserve A, Ball Addition, to be included in the Vacation order to vacate the plattor's text. This must be provided to Planning prior to this case proceeding to City Council for final action and subsequent recording with the Vacation Order at the Sedgwick County Register of Deeds
- (5) As needed provide utilities with any needed project plans for the relocation of utilities for review and approval. Any relocation/reconstruction of utilities made necessary by this vacation shall be to City Standards and shall be the responsibility and at the expense of the applicants. Provide an approved project number(s) to Planning prior to the case going to City Council for final action.
- (6) All improvements shall be according to City Standards and at the applicants' expense.
- (7) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.

SUBDIVISION COMMITTEE'S RECOMMENDED ACTION

The Subdivision Committee recommends approval per conditions stated above based on the discussion at the Subdivision and Utility Advisory Committee meeting.
