**AGENDA REPORT NO.
April 25, 2024**

STAFF REPORT

CASE NUMBER:

VAC2024-00016- Vacation request in the City to vacate a portion of a platted 20-foot alley,

APPLICANTS:

MJR Properties, LLC (applicant)

LEGAL DESCRIPTION:

Generally described as vacating a platted 20-foot alley abutting Lot 4, Englewood 2nd Addition; Lot 1, Bird Addition; Lot 1, Block A, Gump Addition; and Reserve A, Eastridge 2nd Addition (see attached legal description).

LOCATION:

Generally located between South Woodlawn Boulevard and South Hunter Street, within one-block south of East Kellogg Drive.

REASON FOR REQUEST:

To allow for a required screening fence to cross the alley.

CURRENT ZONING:

Properties to the north and west are zoned LC Limited Commercial District (LC) and developed with vacant car dealerships. Properties to the south are zoned B Multi-Family Residential District (B) and developed with a shed, and multi-family residential buildings.

The applicant is requesting to vacate a 20-foot, "L"-shaped portion of an alley abutting the south side of properties addressed 6601 and 6603 East Kellogg Drive. The purpose of the vacation is to permit the construction of a required screening fence across alley. The subject alley is between South Woodlawn Boulevard and South Hunter Street. In 1949, the subject alley was platted as part of the Eastridge Addition (see attached). Properties on the north and south sides of the alley were subsequently platted or replatted as the Eastridge 2nd Addition, the Englewood 2nd Addition, the Bird Addition, the Gump Addition, and the Gant Addition. Though the subject alley now abuts multiple subdivisions, the entirety of it was dedicated as part of the Eastridge Addition on the south side. Therefore, reversion rights go to said property on the south (which is now Reserve A, Eastridge 2nd Addition). Reserve A, Eastridge 2nd Addition is split into several tracts. The following tracts abut the portion of the alley subject to vacation. If approved, the alley will be divided at the tract/property line and each tract will receive the alley directly abutting it.

- 601 South Hunter (owned by the applicant)
- 611, 613, 615, & 617 South Hunter (owned separate from applicant).

The subject "L"-shaped portion abuts Lot 4, Englewood 2nd Addition; Lot 1, Bird Addition; Lot 1, Block A, Gump Addition; and Reserve A, Eastridge 2nd Addition, and lies mostly in the center of the alley west to east. Historical aerial photographs indicate that this subject portion of the alley has never been improved to function as a drive providing access. From Woodlawn, the alley is paved with concrete to the point at which it turns north. However, continuing east is an asphalt paved drive, on private property, that has historically acted as the alley access in the middle of the block. This paved drive rejoins the true alley (paved with concrete) 165 feet west of South Hunter Street.

A public sewer line is located in the subject alley in addition to Every power poles. The applicant does not intend to develop the alley and will be required to dedicate a 20-foot easement to cover existing utilities. The applicant intends to fence off the alley per required screening of the commercial land use abutting residential. Along the applicant's property line south of the subject alley, they are proposing to construct a masonry wall. Because of the need for a utility easement across the subject portion of the alley, no concrete footings are allowed in the easement. The fence is removable should Public Works need to access the sewer line for repairs or replacement. Wichita Traffic Engineering and Wichita Fire do not object to this vacation. Every and Cox have equipment in the platted alley. They do not object to the vacation. They require an easement to cover their equipment and relocation is not an option. Abby Brungardt is the area design representative for Every in this area. She can be contacted at 785-508-2715 regarding this project. Conditions #3, #4, and #5 cover all utilities. Vehicular traffic, pedestrian traffic, public safety, and utilities should not be impacted by this vacation request if approved with the listed conditions.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portions of the platted alley right-of-way.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
 1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time April 4, 2024, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by vacating the described portion of the platted alley and that the public will suffer no loss or inconvenience thereby.

3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Vacation of the described portion of the 20-foot platted alley is contingent on approval by the Traffic Engineer and the Fire Department. Approval shall include adherence to the provided conditions.
- (2) Provide a covenant, with original signatures, binding and tying the described vacated alley right-of-way to the applicant's and the neighbor's abutting property. This must be provided to Planning prior to this case proceeding to City Council for final action and subsequent recording with the Vacation Order at the Sedgwick County Register of Deeds and the Sedgwick County Appraisers Office.
- (3) Dedicate a 20-foot utility easement, by separate instrument, over and across the described portion of the alley for recording with the Vacation Order at the Sedgwick County Register of Deeds. This must be provided to Planning prior to this application proceeding to City Council for final action.
- (4) Any relocation or reconstruction of utilities made necessary by this vacation shall be to City Standards and the responsibility of the owner and at the expense of the owner, including the relocation of any power poles, equipment, or public utilities and drainage. Provide approval from those utilizes of any relocation of those impacted utilities prior to the case goes to City Council for final action.
- (5) Provide Planning with any needed easements dedicated by separate instrument with original signatures for recording with the Register of Deeds. All original dedications will go with the Vacation Order to City Council for final action and filling with the Sedgwick County Register of Deeds. These conditions must be completed prior to the case going to Council for final action.
- (6) All improvements shall be according to City Standards and at the applicant's expense.
- (7) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC, or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council, or the Sedgwick County Board of County Commissioners have taken final action on the request and the Vacation Order, and all required documents have been provided to the City, County, and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
