RE: ZON2023-00047 – Zone change request in the City from SF-5 Single-Family and TF-3 Two-Family to GC General Commercial, subject to Protective Overlay #416, for expansion of existing automotive repair and body shop facility, located between North Hoover Avenue and Highway Interstate 235 (721 North Hoover).

Dear applicant,

On October 3, 2023, the Wichita City Council considered the above captioned request. The action of the WCC was to **APPROVE** the request, subject to Protective Overlay #416, which reads:

1. Permitted uses are restricted to those uses permitted by-right in the NR Neighborhood Retail District plus "Vehicle Repair, General", "Vehicle Repair, Limited", and "Construction Sales and Service".
2. All vehicles that are awaiting repair for the body and paint, mechanical, and electrical or similar repair are to be screened from ground view from abutting/adjoining properties and from abutting streets. The vehicles will be stored in an area surrounded with solid screening and a solid gate. Solid screening shall be provided per the Unified Zoning Code. No tires or parts will be stored outside the screened area. All dumpsters, trash containers and containers for oil or automotive fluids shall be located within the solid screened area where the vehicles are stored while waiting for repair. All solid screening shall be installed within 60 days of approval by the governing body.
3. Signs are restricted to those permitted in the NR Neighborhood Retail District.
4. The area where vehicles are stored waiting for repair shall be paved.
5. The paint and body shop shall comply with all local, state and federal regulations.
6. All work on vehicles must be performed in an enclosed space near the western property line.
7. A site plan shall be provided for review and final approval within 60 days of approval by the governing body. The site plan shall show parking for customers and employees, screening, landscaping, the area where vehicles awaiting repair are stored, trash receptacles, and all existing development.
8. Landscaping shall be 1-½ times the Landscape Ordinance, including an 8-foot wide landscape buffer provided along the north and east sides of the site. No storage of vehicles shall be located within that 8-foot wide landscape buffer. All landscaping shall be planted prior to the issuance of occupancy permits.

If you have any questions concerning this matter, please contact our office.

Sincerely,

A handwritten signature in black ink, reading "Christina Rieth". The signature is fluid and cursive, with the first name "Christina" written in a larger, more prominent script than the last name "Rieth".

RE: ZON2023-00047: Zone change request in the City from SF-5 Single-Family and TF-3 Two-Family to GC General Commercial, subject to Protective Overlay #416, for expansion of existing automotive repair and body shop facility, located between North Hoover Avenue and Highway Interstate 235 (721 North Hoover).

Dear Applicant;

At its regular meeting on August 24, 2023, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend **APPROVAL** of the request, subject to Protective Overlay #416, which reads:

1. Permitted uses are restricted to those uses permitted by-right in the NR Neighborhood Retail District plus "Vehicle Repair, General", "Vehicle Repair, Limited", and "Construction Sales and Service".
2. All vehicles that are awaiting repair for the body and paint, mechanical, and electrical or similar repair are to be screened from ground view from abutting/adjoining properties and from abutting streets. The vehicles will be stored in an area surrounded with solid screening and a solid gate. Solid screening shall be provided per the Unified Zoning Code. No tires or parts will be stored outside the screened area. All dumpsters, trash containers and containers for oil or automotive fluids shall be located within the solid screened area where the vehicles are stored while waiting for repair. All solid screening shall be installed within 60 days of approval by the governing body.
3. Signs are restricted to those permitted in the NR Neighborhood Retail District.
4. The area where vehicles are stored waiting for repair shall be paved.
5. The paint and body shop shall comply with all local, state and federal regulations.
6. All work on vehicles must be performed in an enclosed space near the western property line.
7. A site plan shall be provided for review and final approval within 60 days of approval by the governing body. The site plan shall show parking for customers and employees, screening, landscaping, the area where vehicles awaiting repair are stored, trash receptacles, and all existing development.
8. Landscaping shall be 1-½ times the Landscape Ordinance, including an 8-foot wide landscape buffer provided along the north and east sides of the site. No storage of vehicles shall be located within that 8-foot wide landscape buffer. All landscaping shall be planted prior to the issuance of occupancy permits.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on September 7, 2023. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **September 7, 2023 at 5:00 p.m.**

This application will be heard by the District Advisory Board (DAB) VI on **Monday, September 11, 2023**, beginning at 6:30pm. The DAB will meet at the Evergreen Community Center and Library, 2601 North Arkansas Avenue. More information can be obtained by the Community Services Representative, Ana Lopez, by calling (316) 303-8042 or emailing at ALopez@wichita.gov.

This application will be heard by the Wichita City Council on **Tuesday, September 26, 2023**, beginning at 9:00am at the Wichita City Council Chambers.

This is a reminder that development application signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Christina Rieth

AN ORDINANCE CHANGING THE ZONING CLASSIFICATIONS OR DISTRICTS OF CERTAIN LANDS LOCATED IN THE CITY OF WICHITA, KANSAS, UNDER THE AUTHORITY GRANTED BY THE WICHITA-SEDGWICK COUNTY UNIFIED ZONING CODE, SECTION V-C, AS ADOPTED BY SECTION 28.04.010, AS AMENDED.

BE IT ORDAINED BY THE GOVERNING BODY
OF THE CITY OF WICHITA, KANSAS.

SECTION 1. That having received a recommendation from the Planning Commission, and proper notice having been given and hearing held as provided by law and under authority and subject to the provisions of The Wichita-Sedgwick County Unified Zoning Code, Section V-C, as adopted by Section 28.04.010, as amended, the zoning classification or districts of the lands legally described hereby are changed as follows:

Case No. ZON2023-00047

Zone change request in the City from SF-5 Single-Family Residential District and TF-3 Two-Family Residential District to GC General Commercial District, subject to the provisions of Protective Overlay #416, on property legally described as:

Lots 2 and 3, Block A, S.H. Sampson Addition to Wichita, Sedgwick County, Kansas.

Protective Overlay #416

1. Permitted uses are restricted to those uses permitted by-right in the NR Neighborhood Retail District plus "Vehicle Repair, General", "Vehicle Repair, Limited", and "Construction Sales and Service".
2. All vehicles that are awaiting repair for the body and paint, mechanical, and electrical or similar repair are to be screened from ground view from abutting/adjoining properties and from abutting streets. The vehicles will be stored in an area surrounded with solid screening and a solid gate. Solid screening shall be provided per the Unified Zoning Code. No tires or parts will be stored outside the screened area. All dumpsters, trash containers and containers for oil or automotive fluids shall be located within the solid screened area where the vehicles are stored while waiting for repair. All solid screening shall be installed within 60 days of approval by the governing body.
3. Signs are restricted to those permitted in the NR Neighborhood Retail District.
4. The area where vehicles are stored waiting for repair shall be paved.
5. The paint and body shop shall comply with all local, state and federal regulations.
6. All work on vehicles must be performed in an enclosed space near the western property line.
7. A site plan shall be provided for review and final approval within 60 days of approval by the governing body. The site plan shall show parking for customers and employees, screening, landscaping, the area where vehicles awaiting repair are stored, trash receptacles, and all existing development.
8. Landscaping shall be 1-½ times the Landscape Ordinance, including an 8-foot wide landscape buffer provided along the north and east sides of the site. No storage of vehicles shall be located within that 8-foot wide landscape buffer. All landscaping shall be planted prior to the issuance of occupancy permits.

SECTION 2. That upon the taking effect of this Ordinance, the above zoning changes shall be entered and shown on the "Official Zoning Map" previously adopted by reference and said official zoning map is hereby reincorporated as a part of the Wichita -Sedgwick County Unified Zoning Code as amended.

SECTION 3. That this Ordinance shall take effect and be in force from and after its adoption and publication in the official City paper.

Adopted this 10th day of October, 2023.

Brandon J. Whipple, Mayor, City of Wichita

STAFF REPORT
MAPC: August 24, 2023
DAB VI: September 11, 2023

AGENDA ITEM NO. 4.8

CASE NUMBER: ZON2023-00047 (City)

APPLICANT/AGENT: Global PDR Solutions LLC, Hamendra Bhakta (Applicants)/Baughman Company (Agent)

REQUEST: GC General Commercial District

CURRENT ZONING: SF-5 Single-Family Residential District and TF-3 Two-Family Residential District

SITE SIZE: 0.57 acres

LOCATION: Generally located on the west side of Hoover Avenue, within 200 feet north of West Central Avenue (721 North Hoover Avenue).

PROPOSED USE: Expansion of existing automotive repair, body shop facility, and roofing services.

RECOMMENDATION: Deny.

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District and TF-3 Two-Family Residential District to GC General Commercial District. The 0.57-acre property is located on the west side of North Hoover Avenue, within one-block north of West Central Avenue (721 North Hoover Avenue). The subject site is currently developed with a vacant residential dwelling.

The applicant is filing the zone change request for the expansion of existing automotive repair, body shop facility, and roofing services. The applicant owns the two properties directly south of the subject site, which are on and adjacent to the northwest corner of North Hoover Avenue and West Central Avenue. They are developed with a roofing company and an automotive repair and sales facility.

According to the site plan, the applicant plans to construct two new buildings on the property. The existing approach on the southern end of the subject site will be removed and replaced with another approach in the middle of the subject site. Moving the driveway to this location may increase negative impacts associated with commercial development on the adjacent residential properties. The new drive for the proposed development will be across the street from two residential properties. For the building on the southern end of the property, it will have nine parking spaces, including one accessible parking space. It will be built 30 feet from the front setback. The northern building will have 16 parking spaces, including one accessible space. There will be a rolling gate into the storage area where vehicles are waiting to be repaired. Screening will be installed on the north, east, and west sides of the property, and landscaping will be installed on the east side of the property.

The character of the neighborhood is residential with commercial development on or near the arterial street. Property to the north is zoned SF-5 Single-Family Residential District and is developed with a single-family dwelling. Property to the south is owned by the applicant and is zoned GC General Commercial District, subject to Protective Overlay #282. It is developed with a roofing and auto body facility. Properties to the east are zoned TF-3 Two-Family Residential District and SF-5 Single-Family Residential District and are developed with single-family residences. Directly west of the subject site is Interstate 235.

CASE HISTORY: On November 20, 1967, the subject site was platted as Lots 2 and 3, Block A of the S.H. Sampson Addition. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family dwelling
SOUTH:	GC with PO #282	Roofing and auto body repair shops
EAST:	TF-3, SF-5	Single-family dwellings
WEST:	None	Interstate 235

PUBLIC SERVICES: The subject site currently has access to North Hoover Avenue, which is a paved, two-way local street with no sidewalks. Water is provided on site, but sewer will need to be extended to accommodate the new development. Wichita Transit has a stop within 150 feet south of the subject site, on the northeast corner of West Central Avenue and North Hoover Avenue.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is not in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan), which includes the 2035 Future Growth Concept Map, recommends the subject site as appropriate for "Residential" uses. The *Plan* defines "Residential" as "*areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes). Elementary and middle schools, churches, playgrounds, small parks and other similar residential-serving uses are located in these areas.*" Commercial development is thus not an appropriate use for this land.

The general Development Pattern of the *Community Investments Plan* states that "Major commercial and employment centers should be located at intersections of arterial streets and along highways and commercial corridors." The requested zone change and proposed use is along a residential street. The Land Use Compatibility

Guidelines state that “Higher-intensity development should be discouraged from locating in areas of existing lower-intensity development, particularly established low-density residential areas.” The requested zone change is proposing a high-intensity development in an established low-density residential area.

The requested zone change is not in conformance with the goals of the *Wichita: Places for People Plan*. The *Wichita: Places for People Plan* provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as “a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles.” The *Plan* recommends strategies to help guide the community in their actions to create walkable places within Wichita. The requested Conditional Use is not in conformance with Strategy 6, “Encourage infill and redevelopment that is contextual to the environment in which it is occurring.” The context of the environment is mostly residential with higher intensity commercial uses along the Central Avenue corridor.

The subject property is located within an area identified as an “Area of Opportunity.” The *Places for People Plan* defines Areas of Opportunity as those “areas with disconnected development patterns and a lack of walkable places and facilities. These areas need strategic reinvestment, both public and private, to assist in redefining and reinvigorating the area.” The proposed use primarily focuses on automobiles and does not emphasize walkability in the area. The proposed use also continues a disconnected development pattern by promoting commercial development and increased vehicular traffic to encroach into a residential neighborhood.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the zone change request be **DENIED**. This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is residential with commercial development on or near the arterial street. Property to the north is zoned SF-5 Single-Family Residential District and is developed with a single-family dwelling. Property to the south is owned by the applicant and is zoned GC General Commercial District, subject to Protective Overlay #282. It is developed with a roof repair and auto body facility. Properties to the east are zoned TF-3 Two-Family Residential District and SF-5 Single-Family Residential District and are developed with single-family residences. Directly west of the subject site is Interstate 235. Because of the zoning, uses, and character of the neighborhood, commercial zoning encroaching into a residential neighborhood is not an appropriate use of the land.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District and TF-3 Two-Family Residential District, which are suitable for a limited number of residential, public, and civic uses.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff anticipates that the requested zone change will have a detrimental effect on nearby properties. The requested zone change may alter the uses and character of the neighborhood, and the intended uses on the property may bring light pollution, additional traffic, fumes, and odor to a residential neighborhood.
4. **Length of time subject property has remained vacant as zoned:** The property has been developed with a residential dwelling that was constructed in 1953. The residential dwelling is currently vacant.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval of the application may result in light pollution, fumes, and odor in a residential neighborhood due to the intensity of the uses in the requested zone change. Denial may result in the loss of opportunity and enjoyment for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning is not in conformance with the *Community Investments Plan* or the *Wichita: Places for People Plan*, as discussed in the staff report.

7. **Impact of the proposed development on community facilities:** The Planning Department does not anticipate the requested zone change will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has not received any public comment on the requested zone change.

Should the MAPC find that the Conditional Use be approved, it is recommended that the MAPC adopt alternate findings supporting their recommendation. Staff recommends a Protective Overlay, should the requested zone change be approved:

Recommended Protective Overlay #416

1. Permitted uses are restricted to those uses permitted by-right in the NR Neighborhood Retail District plus "Vehicle Repair, General", "Vehicle Repair, Limited", and "Construction Sales and Service".
2. All vehicles that are awaiting repair for the body and paint, mechanical, and electrical or similar repair are to be screened from ground view from abutting/adjoining properties and from abutting streets. The vehicles will be stored in an area surrounded with solid screening and a solid gate. Solid screening shall be provided per the Unified Zoning Code. No tires or parts will be stored outside the screened area. All dumpsters, trash containers and containers for oil or automotive fluids shall be located within the solid screened area where the vehicles are stored while waiting for repair. All solid screening shall be installed within 60 days of approval by the governing body.
3. Signs are restricted to those permitted in the NR Neighborhood Retail District.
4. The area where vehicles are stored waiting for repair shall be paved.
5. The paint and body shop shall comply with all local, state and federal regulations.
6. All work on vehicles must be performed in an enclosed space near the western property line.
7. A site plan shall be provided for review and final approval within 60 days of approval by the governing body. The site plan shall show parking for customers and employees, screening, landscaping, the area where vehicles awaiting repair are stored, trash receptacles, and all existing development.
8. Landscaping shall be 1-½ times the Landscape Ordinance, including a 10-foot wide landscape buffer provided along the north and east sides of the site. No storage of vehicles shall be located within that 10-foot wide landscape buffer. All landscaping shall be planted prior to the issuance of occupancy permits.

If the Planning Commission recommends that Vehicle and Equipment Sales, Outdoor is permitted, it is recommended that said use be subject to Supplementary Use Regulations in Section III-D.6.x.
