MAPC: March 28, 2024

APPLICANT/AGENT: PV Woodlawn Partners LLC (Applicant)/ Judah Craig (Agent)

CURRENT ZONING: LC Limited Commercial District

SITE SIZE: 6.60 acres

LOCATION: Located on the southwest corner of East 13th Street North and North Woodlawn Boulevard (6135 East 13th Street North).

PROPOSED USE: Outdoor patio within 200 feet of a residentially zoned district.

RECOMMENDATION: Approval with conditions.

BACKGROUND: The applicant is requesting a Conditional Use to permit Entertainment Establishment which will bring the existing establishment into conformance with the Unified Zoning Code (UZC) and to permit an outdoor patio within 200 feet of a residentially zoned property, on property zoned LC Limited Commercial District (LC) with a total of 6.60 acres, located on the southwest corner of East 13th Street North and North Woodlawn Boulevard.

The Candle Club has existed as an Entertainment Establishment since 1960. It is now requesting to permit an outdoor patio for dining. With the request, the establishment is also seeking to come into conformance with the UZC. Section III-D.6.w of the UZC requires a Conditional Use for an Entertainment Establishment when it is 200 feet from a church or place of worship; public park; public or parochial school; or residential zoning district. The subject properties abut TF-3 Two Family Residential District (TF-3) zoning to the west.

Any outdoor service of food or drink as an accessory part of the Entertainment Establishment shall also be considered a Conditional Use and shall be subject to the following requirements:

- (1) No additional Parking Spaces or restroom facilities need be provided for the initial sixteen occupants to be served in the outdoor area, but Parking and restroom facilities shall be provided to full Code requirements for the portions of the permitted occupant load exceeding sixteen persons.
- (2) No noise generated in conjunction with the outdoor use shall exceed a sound level of five decibels as measured on the 'A' scale of a sound pressure level meter over the normal background noise that is discernible at any property line of a Lot within 1,000 feet that has a residential zoning classification. Normal background noise shall be established by taking the average of ten sound level readings in any ten-minute period.
- (3) The outdoor area shall be Screened from ground level view from any residential-zoned property within 150 feet of the outdoor area, by Screening in accordance with the requirements of Sec. IV-B.
- (4) If lighting facilities are provided, the intensity of light and arrangements of reflectors shall be such as not to interfere with residential Uses. The lighting shall be in compliance with the lighting requirements of Sec. IV-B 4.
- (5) The outdoor Use shall be designed and maintained in compliance with all other licenses, regulations and requirements of the fire, health, and building codes, including requirements for emergency access to or from any barriers that limit ingress or egress.

The subject site is within a commercial shopping center. Properties to the north, across East 13th Street North are zoned SF-5 Single-Family Residential District (SF-5) and are developed with single-family dwellings. Properties to the south are zoned TF-3 and are developed with single-family dwellings. Properties to the east, across North Woodlawn Boulevard, are zoned LC and are developed with a bank, a vehicle repair center, and a retail store. Properties to the west are zoned TF-3 and are developed with single-family dwellings.

CASE HISTORY: On May 21, 1956, the subject site was platted as part of the McEwen 5th Addition. In July of 2017, a Conditional Use (CON2017-00017) was approved for the portion of the site addressed as 6147 East 13th Street North to allow a Nightclub (Banquet Facility).

ADJACENT ZONING AND LAND USE:

North:	SF-5	Single-family dwellings
South:	TF-3	Single-family dwellings
East:	LC	Bank, Vehicle Repair Center, Retail Store

West:

TF-3

Single-family dwellings

PUBLIC SERVICES: The site has direct access to East 13th Street North, a paved, four-lane arterial with a sidewalk on the south side and North Woodlawn Boulevard, a paved four-lane arterial with sidewalks on both sides. Wichita Transit serves the subject properties at the southwest and northeast corners of East 13th Street North and North Woodlawn Boulevard. All municipal services are in place and can accommodate the required services to the site.

CONFORMANCE TO PLANS/POLICIES: The following plans govern development on the subject site:

Community Investments Plan: The proposed application is in conformance with the 2035 Future Growth Concept Map element of the *Community Investments Plan* based. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. The Map identifies the area in which the site is located to be appropriate for "Commercial." This category is described as, "areas that reflect the full diversity of commercial development intensities and types typically found in a large urban municipality. Convenience retail, restaurants, small offices, and personal service uses are located in close proximity to, and potentially mixed with, Residential Uses. Major destination areas (centers and corridors) containing concentrations of commercial, and office uses that have regional market areas and generate high volumes of traffic are located in close proximity to major arterials or highways and typically are buffered from lower density residential areas by higher density housing types.

The proposed application is in conformance with the Locational Guidelines of the *Community Investments Plan*. Under the heading "Design" Locational Guidelines 1.e states that "Non-residential uses should have site design features that limit traffic, noise, lighting, and adverse impacts on surrounding residential land uses." The proposed conditions should help mitigate any adverse impacts on nearby residential uses.

The Wichita: Places for People Plan: The requested Conditional Uses are in conformance with the *Wichita: Places for People Plan*. The *Wichita: Places for People Plan* provides recommendations for urban infill development in the Established Central Area (ECA). In general, the ECA is envisioned as "a place for people - a place that provides for the movement of people - on foot, on bike, and through transit - in balance with automobiles." Ensuring development follows a nodal pattern "which creates a critical mass of activity at the center and transitions in scale and intensity" is key to realizing this vision.

- **Nodal Development:** The requested Conditional Use is in conformance with the nodal development pattern. The subject site is between two identified nodes. The Plan identifies the intersection of East 13th Street and North Woodlawn Boulevard as a Neighborhood Hub. Nodes are identified to accommodate the highest intensity of uses, and the intensity of use should decrease the farther the property is away from the node. A Neighborhood Hub provides a range of goods and services that can satisfy the daily needs of the surrounding neighborhoods. Development is of a smaller scale, with individual spaces typically less than 2,500 square feet in size, and with multiple small businesses providing retail, commercial, and office opportunities for tenants such as coffee shop or café, dry cleaner, tailor, restaurants, insurance offices or a bank. The subject site is located on the southwest corner of the intersection of this Neighborhood Hub; therefore, the Conditional Use request is appropriate for this location.
- **Current Condition:** The requested Conditional Use is in conformance with the area designation of the Plan as it is identified as an Area of Stability. Areas of Stability are defined as, "those areas of the ECA that exhibit less stress, or fewer economic, connectivity, and walkability issues. Areas of Stability should require fewer interventions and potentially less investment to maintain a viable development environment and community. Improvements should be geared toward continuing the area's momentum and strengthening the established context." The Candle Club is an established private club who is seeking to come into conformance with the code by acquiring the Conditional

Use. The outdoor patio is considered an accessory use to the club and is an appropriate use for the subject site.

RECOMMENDATION: Based upon the information available at the time the report was prepared, staff recommends **APPROVAL** of the Conditional Use, subject to the following conditions:

1. This Conditional Use shall apply only to the property located at 6135 East 13th Street North.
2. There shall be no outdoor entertainment on the premises.
3. No amplified music nor speakers shall be allowed on the patio.
4. If lighting facilities are provided, the intensity of light and arrangements of reflectors shall be such as not to interfere with residential uses. The lighting shall be in compliance with the lighting requirements of Sec. IV-B.4 of the UZC.
5. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing of other remedies set forth in the UZC, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The subject site is within a commercial shopping center. Properties to the north, across East 13th Street North are zoned SF-5 Single-Family Residential District (SF-5) and are developed with single-family dwellings. Properties to the south are zoned TF-3 and are developed with single-family dwellings. Properties to the east, across North Woodlawn Boulevard, are zoned LC and are developed with a bank, a vehicle repair center, and a retail store. Properties to the west are zoned TF-3 and are developed with single-family dwellings.
2. The suitability of the subject property for the uses to which it has been restricted: The property is zoned LC Limited Commercial, which permits a vast array of commercial development. Additionally, the club has existed for over sixty years. A Conditional Use (CON2017-00017) was permitted to allow a Nightclub (Banquet Facility) at the neighboring suite addressed as 6147 East 13th Street North.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: The removal of restrictions may have detrimental effects on the residential uses to the west and south of the property with noise pollution. The distance between the proposed outdoor patio and the residences to the west is approximately 60 feet. The staff recommended conditions are designed to mitigate the possible negative impacts on surrounding properties.
4. Length of time subject property has remained vacant as zoned: The subject site is not vacant. The site has been used as a private club for over 60 years.
5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: Approval of the request represents a gain to the public in that it contributes to support economic opportunity in the area. Approval of this application is not anticipated to have a significant detrimental impact to public health, safety, or welfare based on the required conditions of approval provided to mitigate possible noise pollution. Denial of the request could represent a loss in the use and enjoyment of the applicant's property.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The proposed application is in conformance to the *Community Investments Plan and Wichita: Places for People Plan*, as noted above.
7. Impact of the proposed development on community facilities: The proposed use should not have

negative impacts on community facilities.

8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff has not received any public comment on the requested Conditional Use.
