STAFF REPORT

CASE NUMBER: VAC2024-00033- Request in the County to vacate a portion of a platted 15-foot utility easement.

APPLICANT/AGNET: James K. Snook Rev. Trust (applicant)/ Baughman Company, P.A. (agent)

LEGAL DESCRIPTION: Generally described as vacating a 15-foot by 515-foot portion of a platted utility easement on Lot 1, Block A, Snook Addition, Sedgwick County, Kansas.

LOCATION: Generally located east of South 151st Street West and within one-half mile north of West Maple Street (271 S. 151st Street West).

REASON FOR REQUEST: To bring an existing detached garage into compliance.

CURRENT ZONING: The subject site and all surrounding properties are zoned SF-20 Single-Family Residential District and are developed with large lot residential.

The applicant is requesting to vacate a 15-foot by 515-foot portion of a platted utility easement on property zoned SF-20 Single-Family Residential District (SF-20), east of South 151st Street West and within one-half mile north of West Maple Street. The purpose of the request is to bring a partially constructed detached garage into compliance. The detached garage received a building permit. After construction commenced, the presence of the platted 15-foot utility easement was discovered, and the building permit was paused. If the vacation is approved, the applicant will need to submit an Administrative Adjustment to reduce the zoning setback along the north line from 10 feet to 8 feet to bring the detached garage in compliance with the Unified Zoning Code.

Comments from utility providers is as follows:

- Sedgwick County Public Works and Sedgwick County Fire have no objection to the vacation request.
- The subject site is within the 3-mile ring of the City of Wichita and in Wichita's Subdivision Jurisdiction. Wichita Public Works reviewed the request and commented that they would like to retain the east 83.28 feet of the easement. What they would like to retain does not impact the placement of the garage.
- AT&T currently does not have any equipment in the subject easement. However, they plan to bring fiber into this development next year and will need access to the utility easement to provide service to the other lots. AT&T does not want the entire easement vacated, but only that portion in which the garage is encroaching. This would give them space to get passed the garage and have the remainder of the easement to serve the other lots.
- Neither Evergy nor Cox object to the vacation request. They do not have lines or equipment in the area.
- Condition #2 covers all utilities. Vehicular traffic, pedestrian traffic, public safety, and utilities should not be impacted by this vacation request if approved with the listed conditions.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from County Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of the platted 15-foot utility easement.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time July 3, 2024, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by vacating the described portion of the platted 15-foot utility easement and that the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Per the approval of City and County Public Works, vacate only that portion of the platted utility easement in which the existing garage is encroaching. Provide planning staff with revised legal descriptions of the approved utility easement on a Word document via e-mail to be used on the Vacation Order. The legal descriptions must be provided to planning staff prior to the case going to the Sedgwick County Board of County Commissioners for final action.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be to County Standards and the responsibility of the owner and at the expense of the owner, including the relocation of any power

poles, equipment, or public utilities and drainage. Provide approval from those utilizes of any relocation of those impacted utilities prior to the case going to the Sedgwick County Board of County Commissioners for final action.

- (3) All improvements shall be according to County Standards and at the applicant's expense.
- (4) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC, or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council, or the Sedgwick County Board of County Commissioners have taken final action on the request and the Vacation Order, and all required documents have been provided to the City, County, and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
