Dear Applicant;

At its regular meeting on **March 14, 2024**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned requests. The action of the MAPC was to recommend **APPROVAL** of the request.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on March 28, 2024. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **March 28, 2024, at 5:00 p.m.**

This application will be considered by the Wichita City Council on **Tuesday, April 16, 2024**, beginning at 9:00 a.m., at 455 North Main Street, Wichita, KS 67202.

If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

STAFF REPORT
MAPC: March 14, 2024
DAB IV: March 4, 2024

AGENDA ITEM NO. 4.5

CASE NUMBER: ZON2024-00004 (City)

APPLICANT/AGENT: JBJ LLC (Applicant)

REQUEST: TF-3 Two-Family Residential District

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 0.20 acres

LOCATION: Generally located on the south side of West Haskell Avenue, within one-quarter mile west of South Seneca Street

PROPOSED USE: One duplex

RECOMMENDATION: Approve

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District (SF-5) to TF-3 Two-Family Residential District (TF-3) on an 0.20-acre property. The property is generally located on the south side of West Haskell Avenue, within one-quarter mile west of South Seneca Street. The subject site is vacant. According to historic aerials, the subject site has never been developed.

The applicant is requesting the zone change in order to build a duplex on site. Should the zone change request be approved, there will be no change in setbacks, parking requirements, or maximum height. SF-5 requires a 5,000 square foot minimum lot size, while TF-3 requires a 3,500 square foot minimum lot size per unit.

The character of the neighborhood is residential. Properties the north, south, east, and west are all zoned SF-5 and developed with single-family residences. There is duplex development within 850 feet northeast of the subject site, on the north side of West Haskell Avenue. The requested zone change is thus not introducing a new use to the area.

CASE HISTORY: On January 31, 1937, the subject site was platted as part of the Haycraft Acres Addition. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family residence
SOUTH:	SF-5	Single-family residence
EAST:	SF-5	Single-family residence
WEST:	SF-5	Single-family residence

PUBLIC SERVICES: The subject site currently has access to West Haskell Avenue, a two-way local street with a sidewalk on the north side. The site has access to all public utilities. Wichita Transit serves this site within one-half mile east of the subject site, on the west side of South Seneca Street, just south of West Lydia Street.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan) recommends the subject site as primarily appropriate for “Residential” development. The *Plan* defines “Residential” as “areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes).” Duplex development fits within this category.

The requested zone change is also in conformance with the *Wichita: Places for People Plan*. The subject site is located within an Area of Stability, which the *Plan* defines as “locations within the Established Central Area (ECA) that exhibit less stress, or fewer economic, connectivity and accessibility issues than the Areas of Opportunity. Areas of Stability require fewer interventions and potentially less public investment to maintain a stable development environment and community. Improvements should be targeted to support development momentum and strengthen the established physical context.” The development of a residential use on this vacant parcel strengthens the surrounding residential context.

The requested zone change also aligns with the *Places for People Plan*’s Strategies 5 and 6, which aim to “provide a diversity of housing options to attract new residents and allow existing residents to remain in the ECA” and “encourage infill and redevelopment that is contextual to the environment in which it is occurring.” The requested zone change will bring infill to a vacant lot and adds to the diversity of housing in the area, which includes single-family, two-family, and multi-family residences.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is mostly residential. Properties to the north, south, east, and west are zoned SF-5 and developed with single-family residences. There is duplex development within 850 feet northeast of the subject site, on the north side of West Haskell Avenue.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, which is suitable for a limited number of residential, public, and civic uses, including single-family residences. It does not allow for a duplex.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** The property will bring additional residential development to an undeveloped lot. There is duplex development within 850 feet northeast of the subject site, on the north side of West Haskell Avenue. The requested zone change is thus not introducing a new use to the area.
4. **Length of time subject property has remained vacant as zoned:** According to historic aerials, the subject site has never been developed.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new development on an undeveloped parcel that is also appropriate for such development. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would continue to allow the property to be in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** The Planning Department does not anticipate the requested zone change will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has not received any comments from the public on the requested zone change.
