December 18, 2024

RE: BZA2024-00077 – Variance request in the City to allow a temporary 2,120-square-foot wall graphic on the east elevation of a property zoned CBD Central Business District, generally located on the northeast corner of South Main Street and East English Street (100 East English).

Dear applicant;

At its regular meeting on **December 12, 2024**, the official action of the Board of Zoning Appeals was to **GRANT** the requested Variance. The approval of the request is subject to the following condition:

1. The site is to be developed in general conformance to the approved site plan.

If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

A handwritten signature in black ink that reads 'Christina Rieth'.

BZA RESOLUTION NO. BZA2024-00077

WHEREAS, Fidelity Bank (owner); pursuant to Kansas Statutes Annotated 12-759, requests a Variance to allow a 2,120-square-foot sign on property zoned CBD Central Business District, generally located on the northeast corner of South Main Street and East English Street; legally described as follows:

Lots 38, 40, 42, and 44, and one half of the vacated alley adjacent to the east, on Main Street, Greiffenstein's Addition to Wichita, Sedgwick County, Kansas.

WHEREAS, proper notice as required by ordinance and by the rules of the Board of Zoning Appeals has been given; and

WHEREAS, the Board of Zoning Appeals did, at the meeting of December 12, 2024, consider said application; and

WHEREAS, the Board of Zoning Appeals has proper jurisdiction to consider said request for a Variance under the provisions of Kansas Statutes Annotated 12-759 *et. seq.*; and

WHEREAS, the Variance arises from the condition that the sign is unique to this property; and

WHEREAS, granting the Variance will not adversely affect the rights of adjacent property owners and will not create light pollution onto other properties; and

WHEREAS, the strict application of the Code constitutes an unnecessary hardship because a sign that has the maximum square footage allowed by the Wichita Sign Code will look disproportionate to the building's large elevation; and

WHEREAS, granting the Variance will not adversely affect the public health, safety, morals, order, convenience, prosperity, general welfare, or harmonious development of the community, since it abuts a reserve and further promotes the harmonious development of the community; and

WHEREAS, granting the Variance will not be opposed to the general spirit and intent of the Code.

WHEREAS, each of the five conditions required by Kansas Statutes Annotated 12-759, are found to be present for a variance to be **GRANTED**.

NOW, THEREFORE, BE IT RESOLVED by the Board of Zoning Appeals, pursuant to Kansas Statutes Annotated 12-759, a Variance to allow a 2,120-square-foot sign on property zoned CBD Central Business District, generally located on the northeast corner of South Main Street and East English Street; legally described as follows:

Lots 38, 40, 42, and 44, and one half of the vacated alley adjacent to the east, on Main Street, Greiffenstein's Addition to Wichita, Sedgwick County, Kansas.

The Variance is hereby **GRANTED**, subject to the following conditions:

- (1) The sign shall only be installed for a maximum of ninety (90) days.
- (2) The sign shall be in general conformance with the approved elevation and site plan.
- (3) The applicant shall obtain all permits necessary from the Metropolitan Area Building and Construction Department to install the sign, which shall be installed within one year. The approved shall conform to all other applicable requirements of the Wichita Sign Code unless a separate Variance or Adjustment is granted.

ADOPTED AT WICHITA, KANSAS, this 3rd day of JANUARY, 2025.

Bryan Frye, BZA Board Chair

SECRETARY'S REPORT

CASE NUMBER: BZA2024-00077 (City)

OWNER/APPLICANT: Fidelity Bank (Applicant)/Luminous Neon, LLC (Agent)

REQUEST: Variance to increase the maximum square footage limit for a temporary building wall sign

CURRENT ZONING: CBD Central Business District

SITE SIZE: 0.34 acres

LOCATION: Generally located on the northeast corner of South Main Street and East English Street (100 East English Street).

JURISDICTION: The Board has jurisdiction to consider the Variance request under the provisions of Section 24.04.250 of the Sign Code for Wichita, and as outlined in Kansas Statutes Annotated 12-759 *et. seq.* The Board may grant the request when all five conditions, as required by the statutes, are found to exist.

BACKGROUND: The applicant is requesting three Variances from the City of Wichita's Sign Code for a temporary wall sign:

1. Increase the maximum square footage of a temporary building sign from 200 square feet to 2,120 square feet; and
2. Increase the maximum building coverage of a temporary building sign from 20 percent to 31 percent; and
3. Extend the maximum time allowed from thirty days to six months.

Section 24.04.230.f(2) permits temporary building signs to a total area of 200 square feet, and the provisions outlined in Section 24.04.190 of the Wichita Sign Code limits the maximum time for sign installation to thirty days. The proposed sign shall measure 53 feet by 40 feet against a building façade that is 6,840 (72' x 95') square feet in size. This results in a sign that covers 31 percent of the building's façade. The applicant would like to place the sign on the building's east elevation, facing North Market Street.

Sign's Purpose

The applicant states, "It is the desire of Fidelity Bank (property owner) to be granted a Variance to allow for a perforated vinyl wall graphic to be installed on the east elevation of [a] building located at the property address above. The intent is for the wall graphics to be visible from the Intrust Bank Arena during the upcoming national events to be held there during February and March. This is a temporary installation to be up mid-January through the end of June 2025, at which time the graphic will be removed."

Surrounding Context

Properties to the north, south, and east are zoned CBD Central Business District. Property to the north is owned by the applicant and was historically used as a library. It is registered on the Wichita Register of Historic Places (WRHP), Register of Historic Kansas Places (RKHP), and the National Register of Historic Places (NRHP). Property to the south is developed as a bank. Property to the east is developed as a parking lot. Property to the west is zoned PUD Planned Unit Development and is developed with a vacant library listed on the RKHP and NRHP.

ADJACENT ZONING AND LAND USE:

NORTH: CBD	Bank (Carnegie Library: WRHP, RKHP, NRHP)
SOUTH: CBD	Financial institution
EAST: CBD	Parking lot
WEST: PUD	Library (Wichita Library: RKHP, NRHP)

CASE HISTORY: On February 17, 1871, the subject site was platted as part of Greiffenstein's Addition. There are no zoning cases associated with this property.

THE FIVE CRITERIA FOR GRANTING A VARIANCE:

Because the applicant only provided one set of criteria for the Variance case, Planning staff is providing one analysis of the Variance requests.

1. Criteria: The request is unique to this property and was not created by the applicant. The applicant states: "This variance request rises from conditions set forth by the city sign code that any wall signs exceeding 20% of the building elevation, or 400 square feet maximum, in the CBD zoning district shall not be permitted except by variance approved by the Board of Zoning Appeals. Condition not created by neither the property owner, nor applicant."

Staff analysis:

Staff is not in agreement with this analysis. The rules and regulations set forth by the Wichita Sign Code differ from conditions that prompt a Variance. Furthermore, the applicant has not described how

the situation is unique to the property in question. Staff cannot provide an analysis on the remainder of this criterion.

2. Criteria: The granting of the Variance will not adversely affect the rights of the adjacent property owners or residents. The applicant states, "Granting this variance request will not adversely affect adjacent property owners. The graphic's position on the building structure will only face other commercial properties, will not be illuminated, and is not near any residential areas."

Staff analysis:

Staff agrees with the above statement. It is staff's opinion that the granting of the permit will not adversely affect the rights of adjacent property owners. As a non-illuminated sign, it will not cause light pollution onto other properties.

3. Criteria: The strict application of the provisions of the sign code would constitute an unnecessary hardship on the applicant. The applicant states, "The applicant (Fidelity Bank) and its acting agent (Luminous Neon, LLC) feel that the sign code restrictions constitute hardship for the following reasons: allowing the graphic at the size proposed would make it visible for patrons and participants of the two national events (US National Figure Skating Championships and the NCAA Men's basketball tournament) that will bring many visitors to the city's downtown area during the time requested. Placing a graphic of this nature, at allowable size, would be very small against the 6,840 sq. ft. building surface, and not be legible to the targeted audience. The graphic's primary intent is to serve as a positive message for the entire city. The Fidelity Bank logo is just a very small portion of the overall graphic design."

Staff analysis:

Staff agrees with the above statement. It is staff's opinion that a sign that has the maximum square footage allowed by the Wichita Sign Code will look disproportionate to the building's large elevation.

4. Criteria: The Variance will not adversely affect the public health, safety, morals, order, convenience, prosperity, general welfare, or harmonious development of the community. The applicant states, "It is our opinion that granting this variance request will not have any negative impact on the public health, safety, morals, order, convenience, prosperity, general welfare, or the harmonious development of the community. In fact, the granting of the variance will create a positive effect on the community and visitors to the downtown area during the requested time period. This type of 'sign' will be a signature statement during the national events."

Staff analysis:

Staff agrees with the above statement. It is staff's opinion that granting the Variance will not have an adverse effect on the public health, safety, morals, order, convenience, prosperity, general welfare, or the harmonious development of the community. The applicant's sign aims to promote the company and the City of Wichita as a whole, which is considered to be a gain to the community.

5. Criteria: The granting of the Variance will not be opposed to the general spirit and intent of the sign code. The applicant states, "The granting of the variance desired will not be in opposition to the general spirit and intent of the sign code as this will only be a temporary display, not a permanent one."

Staff analysis:

Staff does not agree with the above statement. The Wichita Sign Code allows for temporary signage for up to 30 days, and it allows up to 200 square feet of signage (or 20 percent of a building elevation, whichever is less). The requests to increase the square footage and increase the allotted time for display are exponentially larger than what the Code allows. It is staff's opinion that these requests are thus in opposition to the spirit and intent of the Sign Code.

LEGAL CONSIDERATIONS: The Board of Zoning Appeals has the following options for actions.

1. Approval – The Board of Zoning Appeals can find that all five conditions necessary to the granting of a Variance exists and can approve the requested Variance. Any vote by the BZA to approve a Variance requires a majority plus one (1) vote of members present and voting, per the BZA bylaws.
2. Denial – The Board of Zoning Appeals can find that the requested Variance does not meet the five criteria required to grant a Variance. Any vote by the BZA to deny a Variance requires a simple majority of members present and voting.

RECOMMENDATION: Staff finds that the requested Variance for the increase in sign area **does not meet** the five criteria required to grant a Variance.

Should the Board determine that all five conditions necessary to the granting of the Variance can be found to exist, then it is the recommendation of the Secretary that the following Variance for the increase in sign area is granted with the following considerations:

- (1) The sign shall only be installed for a maximum of seventy (70) days.
- (2) The sign shall be in general conformance with the approved elevation and site plan.
- (3) The applicant shall obtain all permits necessary from the Metropolitan Area Building and Construction Department to construct the three building wall signs, and the signs shall be erected within one year. The approved shall conform to all other applicable requirements of the Sedgwick County Sign Code unless a separate Variance or Adjustment is granted.

Applicant's Variance Justification

REQUEST FOR A VARIANCE TO ALLOW A LARGE VINYL GRAPHIC TO BE INSTALLED ON EAST ELEVATION OF BUILDING

LOCATED AT 100 E ENGLISH ST – WICHITA, KS 67202

Conditions and Circumstances relating to the variance request for sign over allowable size:

1. This variance request rises from conditions set forth by the city sign code that any wall signs exceeding 20% of building elevation, or 400 sq ft maximum, in the CBD zoning district shall not be permitted except by a variance approved by the Board of Zoning Appeals. Condition not created by neither the property owner, nor applicant.

It is the desire of Fidelity Bank (property owner) to be granted a variance to allow for a perforated vinyl wall graphic to be installed on the east elevation of building located at the property address above. The intent is for the wall graphics to be visible from the Intrust Bank Arena area during the upcoming national events to be held there during February and March. This is a temporary installation to be up mid-January through the end of June 2025, at which time the graphic will be removed. Reference design number CC-J27795, dated 10/29/2024, submitted with variance application.

2. Granting this variance request will not adversely affect adjacent property owners. The graphic's position on the building structure will only face other commercial properties, will not be illuminated, and is not near any residential areas.
3. The applicant (Fidelity Bank) and its acting agent (Luminous Neon, LLC.) feel that the sign code restrictions constitute hardship for the following reasons: Allowing the graphic at the size proposed would make it visible for patrons and participants of the two national events (US National Figure Skating Championships and the NCAA Men's basketball tournament) that will bring many visitors to the city's downtown area during the time requested. Placing a graphic of this nature, at allowable size, would be very small against the 6,840 sq ft building surface, and not be legible to the targeted audience. The graphic's primary intent is to serve as a positive message for the entire city. The Fidelity Bank logo is just a very small portion of the overall graphic design.
4. It is our opinion that granting this variance request will not have any negative impact on the public health, safety morals, order, convenience, prosperity, general welfare, or the harmonious development of the community. In fact, the granting of this variance will create a positive effect on the community and visitors to the downtown area during the requested time period. This type of "sign" will be a signature statement during the national events.
5. The granting of the variance desired will not be in opposition of the general spirit and intent of the sign code as this will only be a temporary display, not a permanent one.
