CASE NUMBER: CON2024-00004 (City)

APPLICANT/AGENT: Sarah Thummel and Aaron Pyle (Applicants)

REQUEST: Conditional Use to allow an Accessory Apartment

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 0.42 acres

LOCATION: Generally located on the east side of South Kessler Street, within 350 feet north of West Maple Street (210 South Kessler)

PROPOSED USE: Accessory Apartment

RECOMMENDATION: Approve with conditions

BACKGROUND: The applicant is requesting a Conditional Use to allow an Accessory Apartment on a property zoned SF-5 Single-Family Residential District (SF-5). The 0.42-acre property is generally located on the east side of South Kessler Street, within 350 feet north of West Maple Street (210 South Kessler). The subject site is currently developed with an 884-square-foot single-family residential dwelling constructed in 1943. The applicant intends to construct a 1,392-square-foot detached garage on site with the proposed Accessory Apartment. According to Section III-B.6.c of the Unified Zoning Code, an Accessory Apartment is allowed by Conditional Use approval in SF-5 District for single-family dwellings.

The site plan shows that the proposed Accessory Apartment will be situated six feet from the north property line (interior side setback), 30 feet from the south property line (interior side setback), 164 feet from the east property line (rear setback), and 25 feet from the existing house. Section A.4 of the UZC requires one parking space per Accessory Apartment and one space for a single-family residence. The new structure will accommodate the parking for both uses on site.

Accessory Apartments are subject to Section III-D.6.a of the Unified Zoning Code (UZC), which state:

1. A maximum of one Accessory Apartment may be allowed on the same lot as a single-family dwelling unit and may be within the main building, within an accessory building or constructed as an accessory building.
2. The appearance of an Accessory Apartment shall be compatible with the main dwelling unit and with the character of the neighborhood.
3. The Accessory Apartment shall remain accessory to and under the same ownership as the principal Single-Family Dwelling Unit, and the ownership shall not be divided or sold as a condominium.
4. The water and sewer service provided to the Accessory Structure shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.

The character of the neighborhood is low-density residential. Properties to the north, south, east, and west are all zoned SF-5. Properties to the north, south, and west are developed with single-family residences, and the property to the east is developed with a public park.

CASE HISTORY: The subject site is unplatted. Section 3-106 of the Subdivision Regulations states that the property is exempt from platting for building an accessory structure if verifiable evidence is presented to the Zoning Administrator showing that the individual lots or tracts of land were created before August 29, 1997. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

North:	SF-5	Single-family residential dwelling
South:	SF-5	Single-family residential dwelling
East:	SF-5	Public park
West:	SF-5	Single-family residential dwelling

PUBLIC SERVICES: The subject site has access to South Kessler Street, a two-way local street with no sidewalks. All municipal services and utilities, such as water and sewer, already serve this site. Wichita Transit stops at the northeast corner of West Maple Street and South McComas Street, which is one-tenth of a mile southwest from the subject site.

CONFORMANCE TO PLANS/POLICIES: The proposed use is in conformance with the *Community Investments Plan*. The *Community Investments Plan's* 2035 Wichita Future Growth Concept Map identifies the site as a "Residential", which the Plan defines as "areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile

home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes).” An Accessory Apartment is appropriate for this category.

The requested zoning aligns with the goals of the *Wichita: Places for People Plan*. The *Wichita: Places for People Plan* provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as “a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles.”

- **Strategies:** The Plan recommends strategies to help guide the community in their actions to create walkable places within Wichita. The requested zoning aligns with Strategy 5, “Provide a diversity of housing options to attract new residents and allow existing residents to remain in the ECA.” The small-scale development would provide housing options that otherwise might not be immediately available in the area.
- The requested zoning also aligns with Strategy 6, “Encourage infill and redevelopment that is contextual to the environment in which it is occurring.” The proposed Conditional Use would allow for the infill of an additional dwelling unit.
- **Current Condition:** The subject property is located within an area identified as an “area of stability.” The *Wichita: Places for People Plan* defines areas of stability as “areas of the ECA that exhibit less stress, or fewer economic, connectivity, and walkability issues. Areas of Stability should require fewer interventions and potentially less investment to maintain a viable development environment and community. Improvements should be geared toward continuing the area's momentum and strengthening the established context.” Constructing an Accessory Apartment behind the existing residence continues gentle development in the area while maintaining the character of the neighborhood.

RECOMMENDATION: Based upon the information available at the time the report was prepared, staff recommends the Conditional Use be **APPROVED**, subject to the following conditions:

1. The applicant shall obtain all applicable permits including, but not limited to: building, health and zoning. This will include submitting plans for review and approval by the MABCD.
2. Development and maintenance of the site shall be in conformance with the approved site plan.
3. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The character of the neighborhood is low-density residential. Properties to the north, south, east, and west are all zoned SF-5. Properties to the north, south, and west are developed with single-family residences, and the property to the east is developed with a public park.
2. The suitability of the subject property for the uses to which it has been restricted: The subject site is currently zoned SF-5 Single-Family Residential, which permits an Accessory Apartment by Conditional Use approval under Section III-D.6.a of the Unified Zoning Code.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Staff does not anticipate that approval of the request will generate significant amounts of additional traffic. The conditions of approval should minimize any anticipated detrimental impacts.

4. Length of time subject property has remained vacant as zoned: The subject property is not vacant. The property has been developed with a single-family residential dwelling since 1943.
5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: It is not anticipated that the requested Conditional Use will have a significant detrimental effect on the public health, safety, or welfare. Denial of the application may result in a loss of enjoyment for the applicant.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The proposed use is in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan*, as discussed in the report.
7. Impact of the proposed development on community facilities: Staff expect that there will be minimal significant impact on public roads, water, and sewer service.
8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff did not receive any comments from the public regarding the Conditional Use.
