RE: ZON2024-00047 – Zone change request in the County from SF-20 Single-Family Residential to GC General Commercial for a 5-acre portion of property located at the southeast corner of West 135th Street South and West Kellogg.

Dear Applicant;

At its regular meeting on **October 10, 2024**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned requests. The action of the MAPC was to recommend **APPROVAL** of the request.

Property owners opposed to the application may file with the County Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on October 24, 2024. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 1000 feet of the property for which the application was filed, and must be submitted to the County Clerk by **October 24, 2024, at 5:00 p.m.**

This application will be considered by the Board of County Commissioners on **Wednesday, December 4, 2024**, beginning at 9:00 a.m., at 100 North Broadway, Wichita, KS 67202.

If you have any questions concerning this application, please contact our office at 268-4421.

STAFF REPORT

MAPC: October 10, 2024

CAB 3: October 7, 2024

CASE NUMBER: ZON2024-00047 (County)

APPLICANT: Sherwood Construction Company (Applicant)/MKEC Engineering (Agent)

REQUEST: GC General Commercial District

CURRENT ZONING: SF-20 Single-Family Residential District

SITE SIZE: 5.00 acres

LOCATION: Generally located south of West Kellogg and east of South 135th Street West

PROPOSED USE: Uses allowed in GC zoning.

RECOMMENDATION: Approve.

BACKGROUND: The applicant is requesting a zone change from SF-20 Single-Family Residential District (SF-20) to GC General Commercial District (GC) on five (5) acres of a 38-acre property. The subject site is located south of West Kellogg Drive and east of South 135th Street West. The subject site is undeveloped.

The applicant is requesting this zone change to allow for potential development that is consistent with the allowed land uses in GC zoning. The applicant does not have an intended use for the site. Unincorporated Sedgwick County does not have any landscaping requirements. Should the zone change request be approved, the applicant shall still be subject to the screening requirements set forth in Section IV-B of the Unified Zoning Code (UZY), which requires a six to eight-foot solid screening fence for commercially zoned properties adjacent to residential zoning. The applicant shall be required to screen on the south and east sides of the subject site at the time a commercial use is developed.

Should the zone change request be approved, there shall be an increase in permitted uses on site, such as two-family and multi-family residential development at a density of 75.1 dwelling units per acre and commercial uses, such as office space and retail. The zone change shall also alter the requirements for minimum setbacks, minimum lot size, minimum lot width, and maximum height, as demonstrated in the table below:

Development Standard	SF-20 Single-Family Residential District	GC General Commercial District
Minimum lot area	20,000 square feet	5,000 square feet
Minimum lot width	100 feet	No minimum
Minimum front setback	25 feet	20 feet
Minimum rear setback	25 feet	Ten feet, subject to compatibility standards
Interior side setback	Ten feet	Zero or 5 feet, subject to compatibility standards
Street side setback	20 feet	Ten feet
Maximum height	35 feet or 45 feet if located at least 25 feet from all lot lines; no maximum height limit for agricultural buildings	80 feet, subject to compatibility standards

The character of the immediate vicinity is undeveloped. The subject site is surrounded on the east and south by the applicant's own SF-20 zoned, 38-acre property. East of the 38-acre property are duplexes in the LC zoning with CUP DP-320. The undeveloped properties around the 38-acre property are zoned PUD #47 to the south, GC and LI Limited Industrial District to the west (across South 135th Street West), and GC with CUP DP-344 to the north (across U.S. Highway 54/400).

CASE HISTORY: The subject site is not platted. Platting is required prior to the issuance of commercial building permits. In 2002, the Metropolitan Area Planning Commission granted the subject site a Conditional Use for Mining and Quarrying (CON2002-00035). Operations began one year after final approval, and all the conditions were met.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-20	Undeveloped
SOUTH:	SF-20	Undeveloped
EAST:	SF-20	Undeveloped
WEST:	SF-20	Undeveloped

PUBLIC SERVICES: The portion of the property included in the zone change request is immediately south of West Kellogg Drive, which is a two-way local street with no sidewalks. The site also has access to South 135th Street West, which is a two-way County arterial street with no sidewalks. The site does not have access to any Rural Water District.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the *Community Investments Plan*, which identifies the site as "Residential and Employment Mix" on the 2035 Future Growth

Concept Map. This category is described as follows: “Encompasses areas of land that likely will be developed or redeveloped by 2035 with uses predominately of a mixed nature. Due to the proximity of higher intensity businesses uses, residential housing types within this area likely will be higher density. Due to the proximity of residential uses, employment uses likely will have limited negative impacts associated with noise, hazardous emissions, visual blight, and odor.” The requested zone change allows for commercial uses, which is already allowed by-right in the zoning west, east, and north of the subject site.

One of the *Community Investments Plan*’s Locational Guidelines states that “Major commercial and employment centers should be located at intersections of arterial streets and along highways and commercial corridors.” The subject site abuts a County arterial street and is directly south of a highway, and the proposed uses allow major commercial development.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends **APPROVAL** of the request.

The recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the immediate vicinity is undeveloped. The subject site is surrounded on the east and south by the applicant’s own SF-20 zoned, 38-acre property. East of the 38-acre property are duplexes in the LC zoning with CUP DP-320. The undeveloped properties around the 38-acre property are zoned PUD #47 to the south, GC and LI Limited Industrial District to the west (across South 135th Street West), and GC with CUP DP-344 to the north (across U.S. Highway 54/400).
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-20 Single-Family Residential District, which is mostly suitable for low-density residential use.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Due to established zoning and commercial uses in the area, staff does not anticipate the removal of restrictions to have significant detrimental impacts on nearby property. The surrounding area is mostly undeveloped.
4. **Length of time the property has been vacant as currently zoned:** The subject site has never been developed.
5. **Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval of the request would allow commercial development, which could bring light pollution and traffic to the area. Given the proposed access from West Kellogg Drive and South 135th Street West, staff does not anticipate this development to negatively impact the duplex developments. Denial of the request may result in the loss of economic development and use of the applicant’s property.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zone change is in conformance with *The Community Investments Plan* as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** Staff does not anticipate that development of this site will have significant detrimental effect on community facilities.
8. **Opposition or support of neighborhood residents:** At the time of the publication of the staff report, staff has not received any comments from the public.
