METROPOLITAN AREA PLANNING COMMISSION

**AGENDA REPORT NO.
January 23, 2025**

STAFF REPORT

CASE NUMBER: VAC2024-00062 - City Vacation of a portion of a platted 60-foot building setback.

APPLICANT: WAM Investments, LLC (applicant)/ Baughman Company, P.A. (agent)

LEGAL DESCRIPTION: Generally described as vacating the west 30 feet of the east 60 feet of the east 211 feet of the south 120 feet of Block E, Industrial Addition, Wichita, Sedgwick County, Kansas, EXCEPT the south 30 feet thereof.

LOCATION: Generally located one-half mile east of South Hydraulic Avenue, and one-quarter mile south of East Wassall Street (2110 East Industrial Ave.). (WCC III)

REASON FOR REQUEST: To bring existing building into compliance with platted setback.

CURRENT ZONING: The subject site and all abutting sites are zoned LI Limited Industrial District and developed with industrial uses.

VICINITY MAP:

The applicant proposes to vacate the west 30 feet of the east 60 feet of the east 211 feet of the south 120 feet of Block E, Industrial Addition, except the south 30 feet thereof. The purpose of the request is to bring the existing building into compliance with the platted setback. The northwest corner of the building and an existing "lean-to" structure on the east side of the building encroach into the setback. The platted 60-foot front exceeds the minimum 20-foot zoning setback for the LI Limited Industrial District by 40 feet. The request would reduce the setback to 30 feet, which still exceeds the minimum 20-foot zoning front setback.

Wichita Public Works and Utilities, Wichita Traffic Engineering, and Wichita Fire Department do not object to the vacation of the platted setback. Comments from franchised utilities have been received. Neither Cox nor Evergy have any objection to this vacation request. Cox does not have any lines or equipment in the area. Evergy has overhead lines near the setback area. Any structures would need to maintain proper clearance from this line. Evergy Service Clearance Standards are attached. Whitney Rusk is Evergy's Area Distribution Design Representative and can be contacted at 785-508-2695 with any questions or discussion about this case.

The Industrial Addition was recorded on May 16, 1951.

When determining a recommendation to be made to the Metropolitan Area Planning Commission (MAPC), the Subdivision and Utility Advisory Committee should consider the legal findings that are required to be made by the MAPC and Governing Body in order to grant the request. These findings are detailed in the subsequent MAPC report. In particular, the Committee should consider whether any private rights will be injured or endangered by recommending approval of the vacation request, and whether or not the public will suffer any loss or inconvenience thereby.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of the platted building setback.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
 1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time January 2, 2025, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by vacating the described portion of the platted setback and that the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Abandonment or relocation/reconstruction of any/all utilities made necessary by the vacation of the described portion of a wall easement and utility easement shall be to City Standards and shall be the responsibility and at the expense of the applicant. As needed provide approval from franchised utilities for the relocation of franchised utilities. All to be provided to the Planning Department prior to this case going to City Council for final action.
- (2) As needed provide Planning with dedication of easements by separate instruments with original signatures to go with the Vacation Order to City Council for final action and subsequent recording with the Vacation

Order at the Register of Deeds. All to be provided to the Planning Department prior to this case going to City Council for final action.

- (3) All improvements shall be according to City Standards and at the applicants' expense.
- (4) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.

SUBDIVISION COMMITTEE'S RECOMMENDED ACTION

The Subdivision Committee recommends approval per staff recommendations.
