**AGENDA REPORT NO.
March 13, 2025**

STAFF REPORT

CASE NUMBER: VAC2025-00005 - City Vacation of a portion of a platted 30-foot building setback.

APPLICANT: Catholic Diocese (applicant)/ Baughman Company, P.A. (agent)

LEGAL DESCRIPTION: Generally described as vacating the west 10 feet of the east 30 feet of the platted building setback of Lots 1-12 and vacated Pattie Ct., Block B, Lowrey Addition, Wichita, Sedgwick County, Kansas.

LOCATION: Generally located one-quarter mile south of East Pawnee Ave. and within one-quarter mile east of South Washington Ave. (2635 S. Pattie Ave.). (WCC III)

REASON FOR REQUEST: To permit a building addition.

CURRENT ZONING: The subject site and all abutting sites are zoned SF-5 Single-Family Residential District. The subject site is developed with a church and school. Surrounding properties are developed with single-family dwellings.

VICINITY MAP:

The applicant proposes to vacate the west 10 feet of the east 30 feet of a platted building setback on Lots 1-12 and vacated Pattie Ct., Block B, Lowrey Addition. The subject site is zoned SF-5 Single-Family Residential District (SF-5) and developed with a church and school. The purpose of the request is to permit a building addition onto the existing church/school building. In 1952, the Block B of the Lowrey addition was platted into 12 individual lots with Lots 3-6 served by Pattie Court. Not long after it was platted, Pattie Court was vacated in order for the church/school campus to be constructed. The entirety of the 12 platted lots and vacated Pattie Court function as one zoning lot. The Lowrey Addition plat does not depict the platted setback on the face of the plat. However, the plat's text denotes 30-foot front building setbacks. When Pattie Court was vacated in order for the entire block to be developed as a whole, it was determined that all four sides would be considered "front", and the 30-foot setback was applied. If approved, the vacation would reduce the setback along the eastern side of the block from 30 feet to 20 feet. The standard front zoning setback in the SF-5 District is 25 feet and can be reduced to 20 feet by Administrative Adjustment. The requested reduction does not exceed this limit.

Wichita Public Works and Utilities, Wichita Traffic Engineering, and Wichita Fire Department do not object to the vacation of the platted setback. Comments from franchised utilities have been received. No franchise utility has any equipment in the area, and they do not object to the vacation.

The Lowrey Addition was recorded on January 9, 1952.

When determining a recommendation to be made to the Metropolitan Area Planning Commission (MAPC), the Subdivision and Utility Advisory Committee should consider the legal findings that are required to be made by the MAPC and Governing Body in order to grant the request. These findings are detailed in the subsequent MAPC report. In particular, the Committee should consider whether any private rights will be injured or endangered by recommending approval of the vacation request, and whether or not the public will suffer any loss or inconvenience thereby.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of the platted building setback.

A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:

1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time February 20, 2025, which was at least 20 days prior to this public hearing.
2. That no private rights will be injured or endangered by vacating the described portion of the platted building setback and that the public will suffer no loss or inconvenience thereby.
3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Vacate the described portion of the platted 30-foot building setback associated with Lots 1-12 and vacated Pattie Court, Block B, Lowrey Addition. Provide Planning with the legal description in a Word Document prior to the case going to the City Council for final action.
- (2) As needed provide Planning with dedication of easements by separate instruments with original signatures to go with the Vacation Order to City Council for final action and subsequent recording with the Vacation

Order at the Register of Deeds. All to be provided to the Planning Department prior to this case going to City Council for final action.

- (3) All improvements shall be according to City Standards and at the applicants' expense.
- (4) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
