STAFF REPORT
MAPC: March 13, 2025
DAB I: March 3, 2025

CASE NUMBER: CON2025-00023 (City)

APPLICANT/AGENT: R&L Investments LLC (Applicant)/Regina Phelps (Agent)

REQUEST: Event Center in the City

CURRENT ZONING: GC General Commercial District and LC Limited Commercial District

SITE SIZE: 0.27 acres

LOCATION: Generally located on the northeast corner of East Douglas Avenue and North Hillside Avenue (3202 East Douglas Avenue).

PROPOSED USE: Event Center in the City.

RECOMMENDATION: Approve with conditions.

BACKGROUND: The applicant is requesting a Conditional Use to permit an Event Center in the City on property zoned General Commercial District (GC) and LC Limited Commercial District (LC). The 0.27-acre property is located on the northeast corner of East Douglas Avenue and North Hillside Avenue (3202 East Douglas Avenue). The property is developed with a multi-tenant retail space. The commercial space that the applicant will occupy is currently developed with a retail space. The lease area will be occupied by a tenant that would like to host small gatherings for indoor rehearsal dinners, bridal showers, and baby showers. The applicant has indicated they will not provide live entertainment, so it will not be classified as “Entertainment Establishment in the City”.

Section III-D.6.w of the Unified Zoning Code (UZC) requires a Conditional Use for Event Center in the City when the site is within 300 feet of residential zoning or a public park. The need for the Conditional Use at this location is due to the requested land use and the proximity of B Multi-Family Residential District zoning, which is located 75 feet east of the subject site and 250 feet southeast of the subject site. The closest property zoned B is developed with a parking lot, and the B-zoned property 250 southeast of the subject site is developed with a duplex on East Oakland Avenue. The site does not have access to outdoor space and is therefore not subject to the Supplementary Use Regulations listed in Section III-D.6.w of the UZC.

Section IV-A of the UZC does not have parking requirements for Event Center in the City. The parking requirement for the proposed use is the same as its closest use, Nightclub in the City, which requires one off-street parking space per two occupants. The site has a parking lot behind the building that is owned by the applicant and has eleven parking spaces. This parking lot is shared with another property owner. Should the applicant decide to host more than twenty-two occupants, they have the option of either submitting a cross-lot parking agreement or an Administrative Adjustment application to the Planning Department. The former increases the number of occupants for the Event Center, while the latter may reduce the number of required parking spaces.

The character of the neighborhood is commercial. Property to the north is zoned LC and is developed with a restaurant. Properties to the south, across East Douglas Avenue, are zoned GC and PUD Planned Unit Development #55. They are developed with a vacant retail space and a theatre. Property to the east is zoned GC and is developed with a retail space. Property to the west, across North Hillside Avenue, is zoned GC and is developed with a restaurant.

CASE HISTORY: On April 3, 1887, the I R & R Subdivision of the College Hill Addition was created. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

North: LC	Restaurant
South: GC, PUD	Retail, theatre
East: GC	Retail
West: GC	Restaurant

PUBLIC SERVICES: The site has access to East Douglas Avenue and North Hillside Avenue, which are both four-lane arterial streets with sidewalks on each side. North Hillside Avenue has an additional designated turn lane. Municipal services, such as water and sewer, already serve the site. Wichita Transit’s Q Line provides service along East Douglas Avenue. Additional transit service is provided along North Hillside Avenue as well.

CONFORMANCE TO PLANS/POLICIES: The proposed application is in conformance with *The Community Investments Plan*. The Community Investments Plan (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. The Map identifies the area in which the site is located to be primarily appropriate for “New Residential” uses, which is defined in the *Plan* as such: “*Encompasses areas of land that likely will be developed or redeveloped by 2035 with uses*

predominately found in the Residential category. Pockets of Major Institutional and Commercial uses likely will be developed within this area as well, based upon market-driven location factors.” The property is currently zoned commercial and located at a commercial intersection of two arterial streets. The applicant is requesting to host small gatherings, which fits the intended purpose as a small commercial use.

The building is located within Wichita’s Established Central Area (ECA), where the Development Pattern aims to “promote mixed-use redevelopment of existing commercial centers and along arterial streets.” The subject site is situated in an existing commercial center, along East Douglas Avenue, an arterial street.

The proposed Conditional Use is also in conformance with the *Wichita Places for People Plan*. The *Plan* outlines a list of Strategies, which “help guide the community in their actions to create walkable places within Wichita.” Strategy 1 aims to “Create walkable destinations that support the various neighborhood environments in the ECA.” The building was constructed with zero setbacks, before vehicles became the primary mode of transportation, and was designed with pedestrian traffic in mind. Strategy 3 of the *Plan* aims to “Improve the economic feasibility of commercial/service uses and the markets necessary to support them.” Approval of the Conditional Use request facilitates the economic feasibility of the proposed use on site. Lastly, Strategy 6 aims to “Encourage infill and redevelopment that is contextual to the environment in which it is occurring.” The intended use will require minimal change to the building, which continues the harmonious development and redevelopment of the surrounding community.

RECOMMENDATION: Based upon the information available at the time the report was prepared, staff recommends the Conditional Use be **APPROVED**, subject to the following conditions:

1. Event Center in the City shall adhere to Supplementary Use Regulations in Section III-D.6.w of the Unified Zoning Code.
2. The requested Conditional Use shall be in conformance with the approved site plan.
3. If the Zoning Administrator finds that there is a violation of any of the conditions of the conditional use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the conditional use is null and void.

This recommendation is based on the following findings:

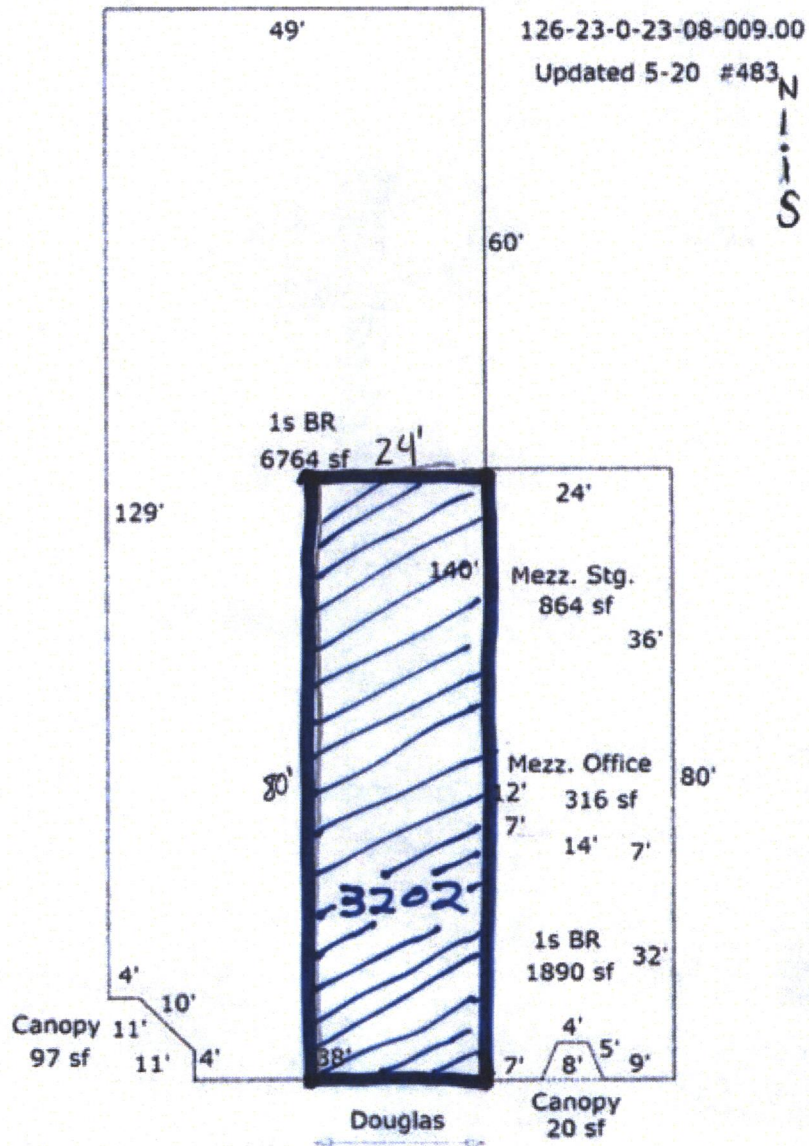

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is commercial. Property to the north is zoned LC and is developed with a restaurant. Properties to the south, across East Douglas Avenue, are zoned GC and PUD Planned Unit Development #55. They are developed with a vacant retail space and a theatre. Property to the east is zoned GC and is developed with a retail space. Property to the west, across North Hillside Avenue, is zoned GC and is developed with a restaurant.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is zoned GC, which allows Event Center in the City. A Conditional Use is required for Event Center in the City in GC zoning when the property is within 300 feet of a public park or residential zoning. B Multi-Family Residential District zoning is located 75 feet east of the subject site and 250 feet southeast of the subject site.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate the removal of restrictions to have any detrimental effects on nearby properties. The absence of outdoor space on site limits possible negative impacts associated with Event Center in the City, such as noise and visual blight. Additionally, the properties zoned B are either developed with a parking lot or are screened by commercial properties and located one block southeast of the subject site.
