RE: SCZ-500 - "R-1" to "C" - Generally located on the north side of
U.S. Highway 54, in an area east of 151st Street West.

Dear Mr. Coleman:

As you will recall, the above-referenced zone change was approved by the Board of County Commissioners on May 5, 1982, subject to the platting of the property within one year or the case be considered denied and closed. The plat of this site was approved in preliminary form by the Subdivision Committee on March 4, 1983. Since it was not possible to complete the platting of this site within the one year time limit, you requested two separate extensions of the platting time limit to November 5, 1984, to keep the zone case open.

If you desire an extension of the platting time, you will need to request this in writing, stating your reasons why the platting has not been completed within the one year extended time limit. Please address any letter of request to Jack Spratt, Chairman of the Board of County Commissioners, and send a copy to this office. If we have not heard from you by November 5, 1984, we will assume that you no longer desire the "C" zoning, and based on the action of the County Commission, the zone case will marked denied and closed.

Sincerely,

Terrence T. Smythe
Junior Planner
