RE: ZON2024-00054: Zone Change request in the City from SF-5 Single-Family Residential to MF-18 Multi-Family Residential; located on the northeast corner of North Hoover Street and West Robinson Street.

Dear Applicant;

At its regular meeting on **December 12, 2024**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend **APPROVAL** of Zone change request from in the City from SF-5 Single-Family Residential to **MF-18 Multi-Family Residential with Protective Overlay requiring hip and gabled roof structure**.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) **To be effective, the protest must be filed by 5:00 p.m. on December 26, 2024.** In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 350 feet of the property for which the application was filed and must be submitted to the City Clerk by **December 26, 2024, at 5:00 p.m.**

This application will be heard by the Wichita City Council on **Tuesday, January 14, 2024**, beginning at 9:00 A.M. The Wichita City Council meeting will be held at 455 N. Main St., Wichita, Kansas.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Moumita Kundu

STAFF REPORT
MAPC: December 12, 2024

CASE NUMBER: ZON2024-00054 (City)

APPLICANT/AGENT: Double Down Development LC (Applicant); Garver, LLC (Agent)

REQUEST: MF-18 Multi-Family Residential

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 1.2 acres

LOCATION: Generally located on the northeast corner of North Hoover Street and West Robinson Street.

PROPOSED USE: Multi-family development.

RECOMMENDATION: Approve

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District (SF-5) to MF-18 Multi-Family Residential District (MF-18) for multi-family development. The subject site is 1.2 acres in size and is generally located on the northeast corner of North Hoover Street and West Robinson Street. The parcel is currently undeveloped.

The MF-18 Multi-Family Residential District accommodates moderate-density residential development, including single-family, two-family, and multi-family residences at a maximum density of 17.4 dwelling units per acre. This would allow for up to 20 units on the property. The applicant’s site plan indicates that they intend to develop a single tract containing 10 duplexes (20 dwelling units) under one ownership. SF-5 allows for single-family housing and a limited number of civic and public uses, while MF-18 allows for single-family, two-family, and multi-family housing, in addition to a limited number of civic, public, and commercial uses. The table below compares the development standards of each zoning district:

| Development Standards | SF-5 Single-Family Residential District | MF-18 Multi-Family Residential District |
|------------------------|---|---|
| Minimum lot area: | | |
| Single-Family: | 5,000 square feet | 3,500 square feet |
| Duplex: | N/A | 3,000 square feet |
| Multi-Family: | N/A | 2,500 square feet |
| Nonresidential: | 5,000 square feet | 5,000 square feet |
| Minimum lot width: | 50 feet | 35 feet (single-family) 50 feet (all other uses) |
| Front setback: | 25 feet | 25 feet |
| Rear setback: | 20 feet | 20 feet, subject to compatibility standards |
| Interior side setback: | 6 feet | 6 feet, subject to compatibility standards |
| Maximum height: | 35 feet | 45 feet, subject to compatibility height standards |

The applicant would be required to adhere to the off-street parking schedule in Article IV-A of the Unified Zoning Code (UZC), which requires 1.25 parking stalls per efficiency and one-bedroom dwelling units and 1.75 parking stalls per two-bedroom or larger units. The site plan provided indicates that the site would have 20 dwelling units so the off-street parking requirement would be 35 parking stalls, which equates to 1.75 parking stall per dwelling unit.

The applicant would be required to submit a landscape plan prior to the issuance of building permits. The Landscape Code requires a landscape street yard with parking lot screening along both North Hoover Street and West Robinson Street, landscape buffer trees along side and rear property lines, and parking lot trees.

Section IV-B.2 of the UZC requires screening of multi-family uses when abutting or across a street or alley from property zoned TF-3 or more restrictive. Should this request be approved, applicable screening and landscape buffering would be required along the north, south, and east property lines.

The character of the neighborhood is residential. The site is adjacent to the I-235 Highway to the west. Properties to the north, south, and east are zoned SF-5 and are undeveloped or developed with single-family dwellings. The abutting property to the east is zoned TF-3 Two Family Residential District with Protective Overlay #246, which restricted development of the site to a maximum of two duplexes (four dwelling units). Within one-quarter mile to the south, there is the presence of parcels zoned MF-18 and MF-29 with multi-family development.

CASE HISTORY: The subject site was platted under R. A. Morris Tracts Addition in 1928. There is no other zoning cases associated with the property.

ADJACENT ZONING AND LAND USE:

| | | |
|--------|--------------|-------------------------|
| NORTH: | SF-5 | Undeveloped |
| SOUTH: | SF-5 | Single-family dwellings |
| EAST: | TF-3 with PO | Two-family dwellings |
| WEST: | SF-5 | Undeveloped |

PUBLIC SERVICES: This site has access to North Hoover Street on the west, which is a paved, two-lane collector street, and West Robinson Street on the south, which is a gravel two-lane local street. There is also a sidewalk along North Hoover Street on the west of the site. City water and stormwater are located along the North Hoover Street right-of-way. City sanitary sewer is located just east of the site. Wichita Transit does not provide service in this area.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in partial conformance with the following plans and policies:

Community Investments Plan: The requested rezoning is in partial conformance with the Community Investments Plan's 2035 Wichita Future Growth Concept Map. This map identifies the preferred development pattern and land uses within the *Plan* area. It identifies the subject site as appropriate for "Commercial" development and use. The proposed use of developing multi-family residences is less intensive usage than identified in the *Plan*. Adding residences to the neighborhood would increase the diversity of residence types and densities in the area. The surrounding neighborhood is predominantly residential, and the request for MF-18 zoning at this location should not have a detrimental effect on the surrounding residential neighborhood.

The requested rezoning is in conformance with the Community Investments Plan's Locational Guidelines. The subject site and surrounding area are located within the Established Central Area (ECA) of the City. Locational guidelines for the ECA encourage infill development where public investment in existing and planned infrastructure can be maximized. All municipal services currently serving the area and the site's quadplex development would further utilize the existing infrastructure. Additionally, the *Plan* recommends infill development occur when the scale and intensity is compatible with existing uses. The proposed MF-18 Multi-Family Residential District zoning and duplex development are of a scale and intensity compatible with the surrounding neighborhood.

Wichita: Places for People Plan: The requested rezoning is in conformance with the Wichita Places for People Plan. The subject area is identified as an "Area of Opportunity" by the *Wichita: Places for People*

Plan. The requested multi-family residential use will conform to the strategy listed in the Places for People Plan as “Provide a diversity of housing options to attract new residents and allow existing residents to remain in the ECA.”

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED.**

This recommendation is based on the following findings:

1. The zoning, uses, and character of the neighborhood: The character of the neighborhood is residential adjacent to I-235 Highway to the west. Properties to the north, south, and east are zoned SF-5 and are undeveloped or developed with single-family dwellings. The property to the east is zoned TF-3 with Protective Overlay #246 and is developed with duplexes. Within one-quarter mile to the south, there is the presence of parcels zoned MF-18 and MF-29 with multi-family development.
2. The suitability of the subject property for the uses to which it has been restricted: The subject property is zoned SF-5 Single-Family Residential District and is suitable to be developed with a single-family residence or multiple single-family dwellings if replatted into individual lots.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Approval of the request would allow all uses permitted in the MF-18 Multi-Family Residential District on the site. The development could accommodate up to 20 total dwelling units. It is in staff’s opinion that based on the location of the site on the edge of the continuous single-family area, development of this nature would not have significant detrimental impacts on nearby properties.
4. Length of time subject property has remained vacant as zoned: The subject site has been undeveloped
5. Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant: Approval of this request could provide an opportunity for infill development, which is generally considered a gain to the public welfare. However, any gain must be considered in light of the possible negative impacts to the public welfare, including the effects of future development on neighboring properties. Denial could be regarded as a loss of economic opportunity for the applicant.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The requested zone change is in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan* as discussed in the staff report.
7. Impact of the proposed development on community facilities: The Planning Department does not anticipate the requested zone change will have a significant impact on community facilities. Existing public infrastructure at the site should accommodate uses under the proposed MF-18 District zoning.
8. Opposition or support of neighborhood residents: At the time of publication of the staff report, staff has received no comments on the case.
