RE: ZON2025- 00007 – Zone Change request in the City from TF-3 Two-Family Residential District to GC General Commercial District, Generally located on the west side of North 135th Street West and within 500 feet north of West Kellogg Drive.

Dear Applicant,

At its regular meeting on **April 10, 2025**, the Wichita-Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend **APPROVAL** of the request.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on April 24, 2025. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **April 24, 2025, at 5:00 p.m.**

This application is scheduled to be presented to the Wichita City Council on **Tuesday, May 13, 2025,** beginning at 9:00 a.m.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 316-268-4421.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Paul Ed'.

STAFF REPORT

MAPC: April 10, 2025

DAB IV: April 7, 2025

- CASE NUMBER:** ZON2025-00007 (City)
- APPLICANT/AGENT:** Jimmy & Karen Edgington (applicants) / Certified Engineering Design, P.A. (agent)
- REQUEST:** GC General Commercial; remove Lots 4 & 5 from PO #335
- CURRENT ZONING:** TF-3 Two-Family Residential District
- SITE SIZE:** 2.93 acres
- LOCATION:** Generally located on the west side of North 135th Street West and within 500 feet north of West Kellogg Drive.
- PROPOSED USE:** Warehouse, Self-Service Storage
- RECOMMENDATION:** Approval

BACKGROUND: The applicant is requesting two items:

- 1) A zone change from TF-3 Two-Family Residential District (TF-3) to GC General Commercial District (GC) to permit “Warehouse, Self-Service Storage” as a use, and:
- 2) To remove Lots 4 & 5 from Protective Overlay (PO) #335.

The 2.93-acre property is generally located on the west side of North 135th Street West and within 500 feet north of West Kellogg Drive.

The applicant has stated that he is looking to have a mixture of “mancaves” and units to rent for business. No automotive businesses would be allowed. The properties are within the jurisdiction of PO #335. PO #335 states that a “Homeowner’s Association shall be created for the property zoned SF-5 prior to the issuance of any Certificate of Occupancy.” The two properties the applicants are requesting to be removed from PO are currently zoned TF-3 and would not be affected by PO #335.

Warehouse Self-Service Storage facilities are subject to Supplementary Use Regulation Section III-D.6.y of the UZC if they are located in the GO General Office District (GO) or LC Limited Commercial District (LC). These Regulations would not apply in the requested GC District. Warehouse Self-Service Storage is defined as, “an enclosed storage facility of a commercial nature containing independent, fully enclosed bays that are leased to persons exclusively for dead storage of their household goods or personal property.”

Should the zone change request be approved, there would be changes to development standards, which are listed in the table below:

Property Development Standards	TF-3 Two-Family	GC General Commercial
Minimum lot area: Single-Family Duplex (lot area per unit) Multi-family (lot area per unit) Nonresidential	3,500 sq. ft. 3,000 sq. ft. 3,000 sq. ft. 5,000 sq. ft.	No minimum
Front setback	25 feet	20 feet
Rear setback	20 feet	0 feet, subject to compatibility standards
Interior Side Setback	6 feet	0 feet or 5 feet, subject to compatibility standards
Street Side Setback	15 feet	0 feet
Maximum height	35 feet	80 feet, subject to compatibility standards
Minimum lot width	35 feet	No minimum

Compatibility setback and height standards would apply to the site since it abuts the SF-5 Single-Family Residential District (SF-5) on the north property line and the TF-3 District on the west property line. In accordance with Section IV-C.4 of the UZC, the compatibility building interior side and rear setbacks would be 25 feet. In addition, the compatibility height standards in accordance with Section IV.C.5 of the UZC would be in effect. This section states that a building cannot exceed 35 feet in height within 50 feet of the lot line of a property zoned TF-3 or more restrictive. For every three feet greater than 50 feet from the lot line, the building can gain one foot in height.

Landscaping would be required per the Wichita Landscape Code, including a landscaped street yard along North 135th Street West. A landscaped buffer and solid screening would be required along the north and west property lines. According to the plat, a 25-foot drainage and utility easement and a 45-foot access easement exists along the north portion of the property. If solid screening and landscaping cannot be achieved within these easements, an alternative landscape plan shall be submitted and approved by the Metropolitan Area Planning Department (MAPD).

Property to the north is zoned SF-5 and is developed with a single-family dwelling and an accessory apartment with CU-452. Properties to the east, across North 135th Street West, are zoned GC and are developed with General Retail and agricultural uses. The southern-most property across West 135th Street North is also part of CUP DP-344. Property to the south, is zoned GC and is developed with a Church/Place of Worship. Property to the west is zoned TF-3, is part of PO #335, and is undeveloped.

CASE HISTORY: On August 33, 2022, the subject site was platted as part of the Katies Addition. In 2018, a majority of the property received a zone change (ZON2018-00024) from SF-5 to TF-3 with PO #335, which required a Homeowner’s Association for the remaining portion of the property zoned SF-5.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family dwelling with accessory apartment (CU-452)
SOUTH:	GC	Church/Place of worship
EAST:	GC/GC with CUP DP-335	General Retail/Agricultural
WEST:	TF-3 with PO #355	Undeveloped

PUBLIC SERVICES: The property has access to West 135th Street North, a paved, two-lane arterial street with a dedicated turn-lane and sidewalks on the north half of both sides. City Water is located in the West 135th Street North right-of-way. City Sewer would likely need to be extended, as no sewer main is in close proximity to the subject site. Wichita transit does not serve the subject site.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the *Community Investments Plan’s* 2035 Wichita Future Growth Concept Map. The Map identifies the area to be appropriate for “Residential and Employment Mix” uses. The *Plan* defines “Residential and Employment Mix” as “*Encompasses areas of land that likely will be developed or redeveloped by 2035 with uses predominately of a mixed nature. Due to the proximity of higher intensity businesses uses, residential housing types within this area likely will be higher density. Due to the proximity of residential uses, employment uses likely will have limited negative impacts associated with noise, hazardous emissions, visual blight, and odor.*” The subject site is bounded by the GC District to the south and east. Allowing the site to change from TF-3 to GC should not negatively affect the surrounding properties.

The proposed rezoning is in conformance with the Land Use Compatibility Guidelines of the *Community Investments Plan*. Under the heading “Land Use Compatibility,” Guideline 1.a states that, “*Higher-intensity development should be discouraged from locating in areas of existing lower-intensity development, particularly established low-density residential areas.*” The subject property abuts a GC District to the south and across West 135th Street North to the east.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends that the request be **APPROVED.**

The recommendation is based on the following findings:

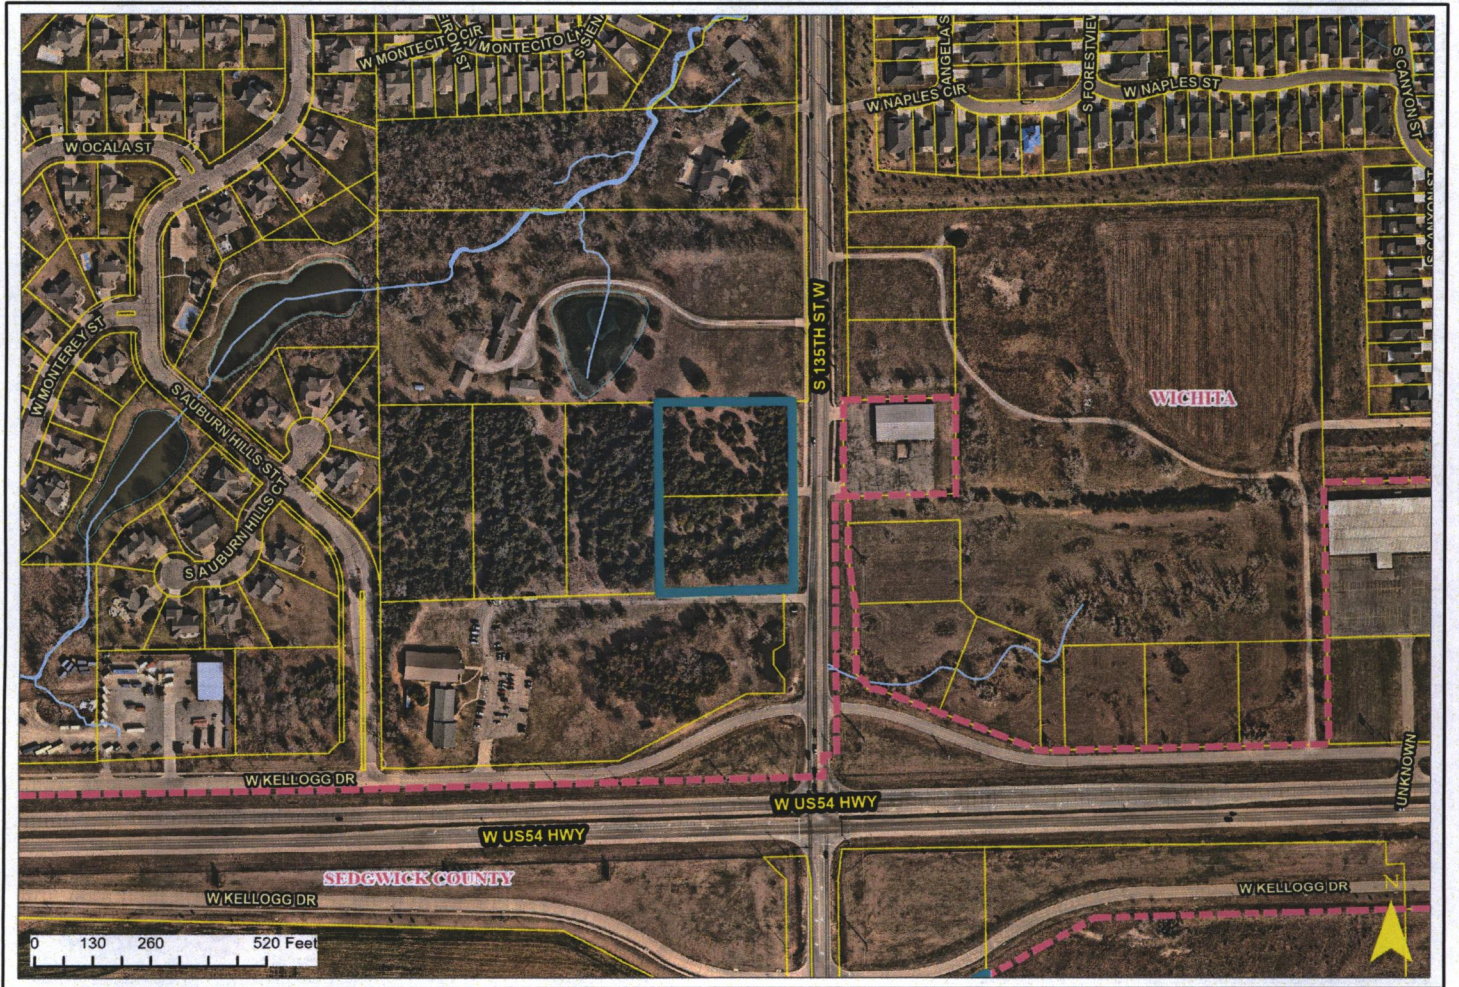

1. **The zoning, uses and character of the neighborhood:** Property to the north is zoned SF-5 and is developed with a single-family dwelling and an accessory apartment with CU-452. Properties to the east, across North 135th Street West, are zoned GC and are developed with General Retail and agricultural uses. The southern-most property across West 135th Street North is also part of CUP DP-344. Property to the south, is zoned GC and is developed with a Church/Place of Worship. Property to the west is zoned TF-3, is part of PO #335, and is undeveloped.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned TF-3 Two-Family Residential District and is suitable for a limited number of residential and public/civic uses.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff anticipates

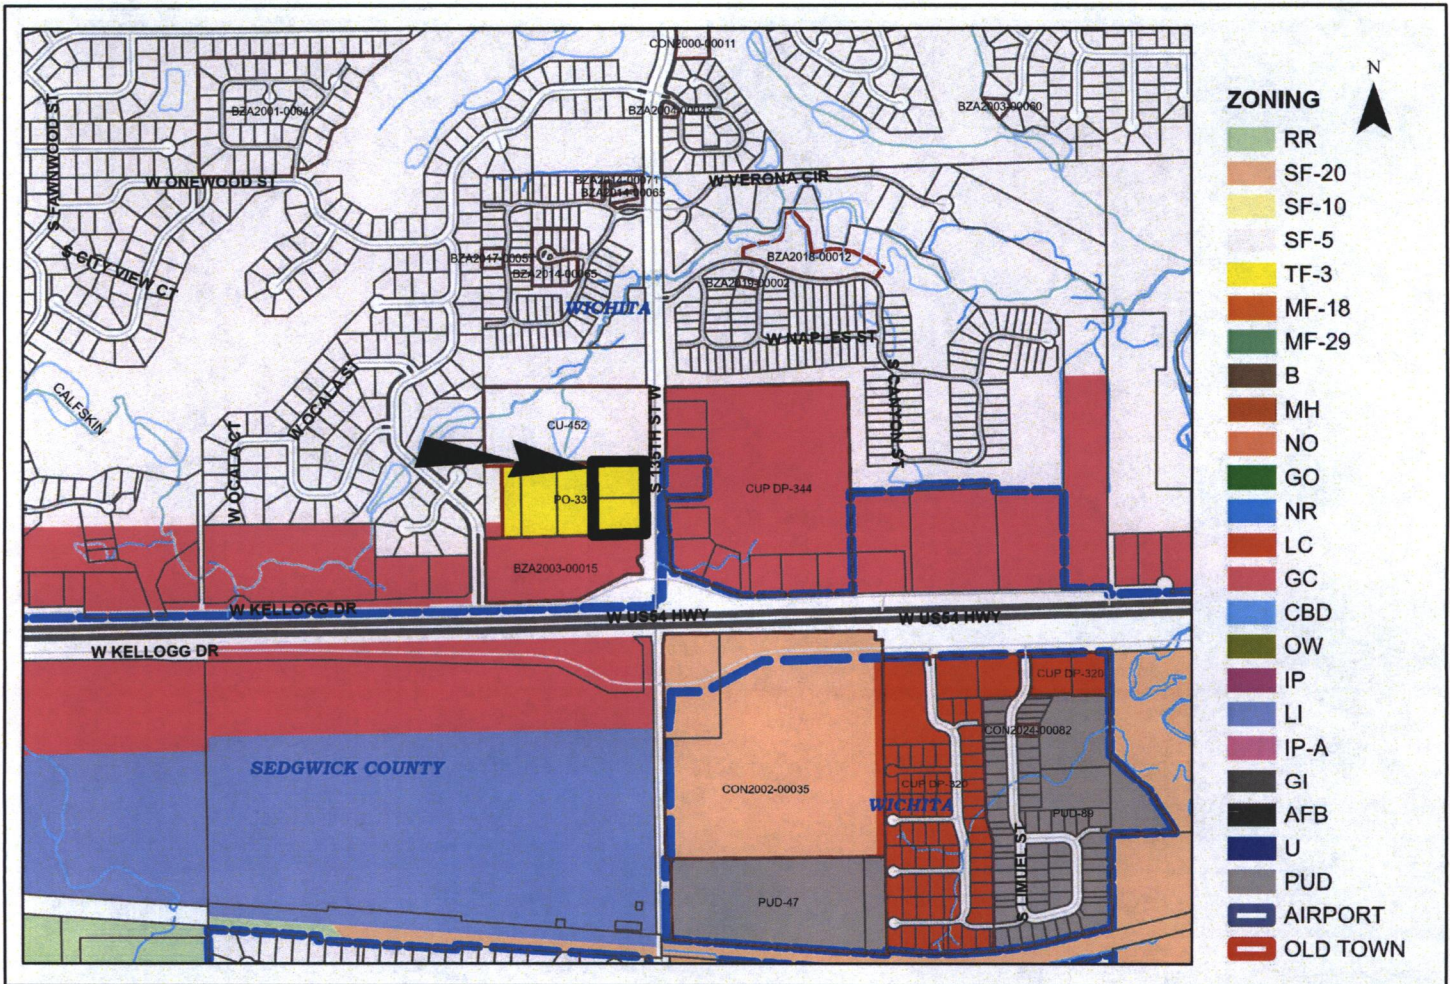

that the permitting the use of Warehouse, Self-Service Storage would not negatively impact surrounding residential uses based on the proximity of other GC-zoned properties.

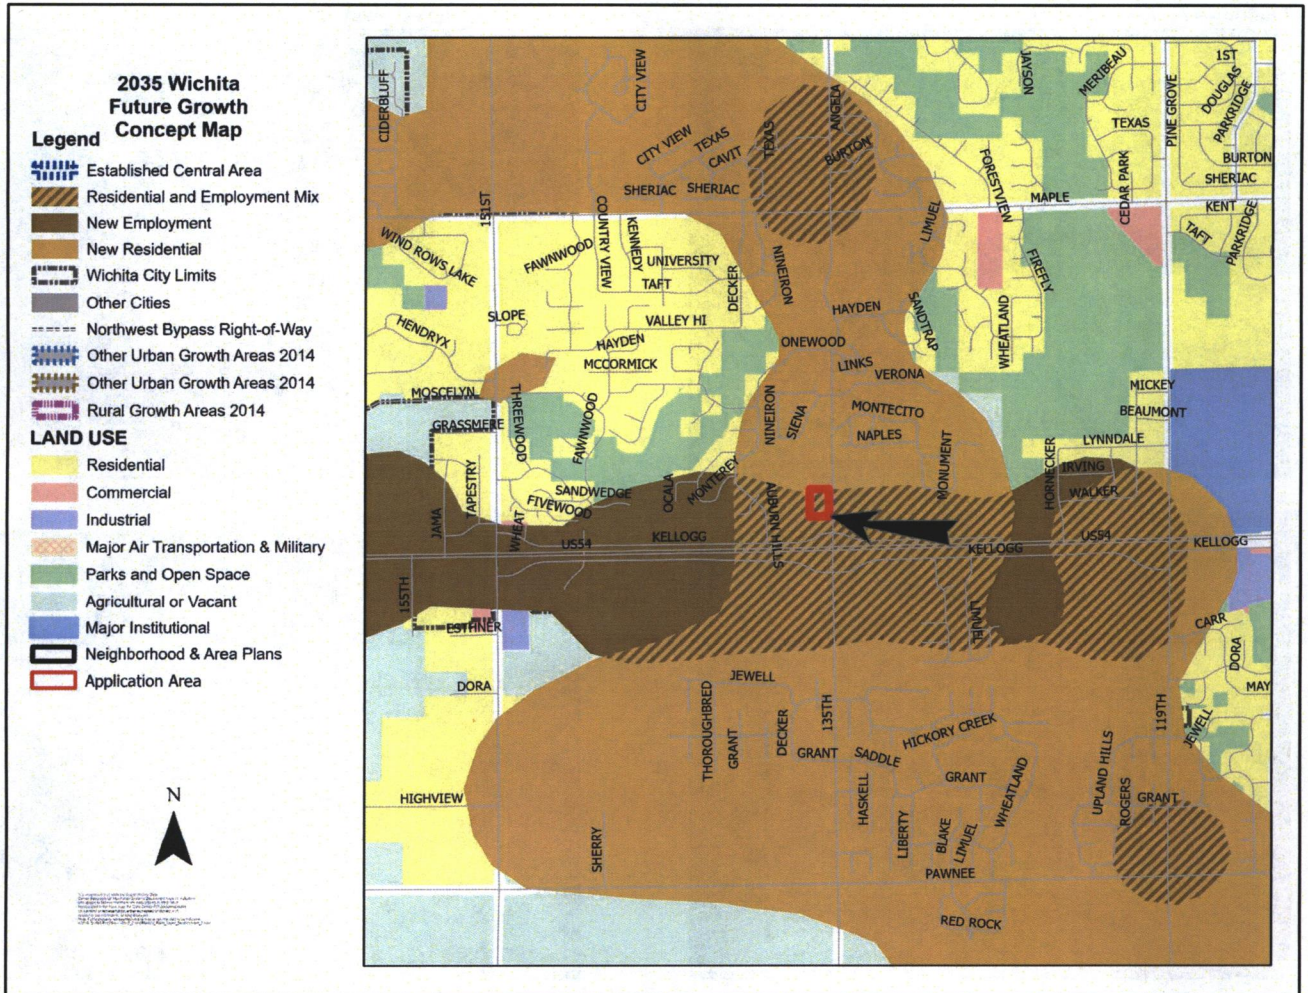

4. **Length of time the property has been vacant as currently zoned:** The site has been vacant since being zoned TF-3 in 2018.
5. **Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval of this request could provide an opportunity for infill development, which is generally considered a gain to the public welfare. However, any gain must be considered in light of the possible negative impacts to the public welfare, including the effects of future development on neighboring properties. Denial could be regarded as a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zone change is in conformance with *The Community Investments Plan* as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** It is not anticipated that development of the property will have significant negative impacts on community facilities or resources.
8. **Opposition or support of neighborhood residents:** At the time of the publication of the staff report, staff has not received any comments from the public.
