STAFF REPORT

CASE NUMBER: VAC2025-000012 - Request to vacate a portion of a pipeline easement dedicated by separate instrument.

OWNER/APPLICANT: Pinnacle Builders, LLC (Applicant)

LEGAL DESCRIPTION: Vacating the entire 40-foot pipeline easement recorded on Misc. Book 444 pg. 182 platted diagonally across Lot 6, Block 1, Woodspring 3rd Addition, Wichita, Sedgwick County, Kansas.

LOCATION: Generally located one block west of North Webb Road and within one-half mile south of East 29th Street North (9422 E. Woodspring Ct.). (WCC II).

REASON FOR REQUEST: To allow construction of a dwelling.

CURRENT ZONING: The subject site and all surrounding properties are zoned SF-5 Single-Family Residential District with CUP DP-96. The subject site is undeveloped. All surrounding properties are developed with single-family dwellings.

VICINITY MAP:

The applicant proposes to vacate the entire 40-foot pipeline easement recorded on Misc. Book 444 pg. 182 and platted diagonally across Lot 6, Block 1, Woodspring 3rd Addition. The subject site is zoned SF-5 Single-Family Residential District with CUP DP-96 and undeveloped. The subject site is generally located one-block west of North Webb Road and within one-half mile south of East 29th Street North (9422 E. Woodspring Ct.). The applicant initiated the vacation application upon receiving documentation that the owner of the subject pipeline easement had released it (see attached). If approved the applicant intends to construct a single-family dwelling. The Woodspring 3rd Addition was recorded on October 6, 1986.

The subject pipeline is not identified on the CUP drawing, therefore, no adjustment to the CUP will be necessary. In addition to the subject pipeline easement, Lot 6 was platted with a 40-foot (and associated 50-foot pipeline setback) along the north property line, a platted 20-foot storm drainage & utility easement along the western side of the property, and a platted 20-foot front building setback along E. Woodspring Ct. All said encumbrances will remain and are not part of the vacation request.

There are no public utilities in the subject portion of the easement. Wichita Public Works, Fire, Stormwater, and Traffic Engineering do not object to the request. Comments from franchised utilities have been received. Neither Cox, Evergy, nor Kansas Gas have any lines or equipment in the vacation area and do not object to the request.

When determining a recommendation to be made to the Metropolitan Area Planning Commission (MAPC), the Subdivision and Utility Advisory Committee should consider the legal findings that are required to be made by the MAPC and Governing Body in order to grant the request. These findings are detailed in the subsequent MAPC report. *In particular, the Committee should consider whether any private rights will be injured or endangered by recommending approval of the vacation request, and whether or not the public will suffer any loss or inconvenience thereby.*

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of the pipeline easement.

A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:

1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time April 24, 2025, which was at least 20 days prior to this public hearing.
2. That no private rights will be injured or endangered by vacating the described portion of pipeline easement by separate instrument and that the public will suffer no loss or inconvenience thereby.
3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Abandonment or relocation/reconstruction of any/all utilities made necessary by the vacation of the described utility easement shall be to City Standards and shall be the responsibility and at the expense of the applicant. As needed provide approval from franchised utilities for the relocation of franchised utilities. All to be provided to the Planning Department prior to this case going to City Council for final

action.

- (2) All improvements shall be according to City Standards and at the applicants' expense.
- (3) Provide Planning with a legal description of the vacated portion of the pipeline easement on a Word document via E-mail that can be used on the Vacation Order. This must be provided to the Planning Department prior to this case going to City Council for final action.
- (4) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.

SUBDIVISION COMMITTEE'S RECOMMENDED ACTION

The Subdivision Committee recommends approval per staff recommendations.
