Dear Applicant,

At its regular meeting on **August 14, 2025**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The recommendation of the MAPC was to **APPROVE** the Zone Change request.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) **To be effective, the protest must be filed by 5:00 p.m. on August 28, 2025.** In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **August 28, 2025, at 5:00 p.m.**

This application will be considered by the Wichita City Council on **Tuesday, September 16, 2025**, beginning at 9:00 a.m., at 455 North Main Street, Wichita, KS 67202, for final action.

Development signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

STAFF REPORT
 MAPC-August 14, 2025
 DAB IV- August 11, 2025

CASE NUMBER: ZON2025-00033

APPLICANT/AGENT: Carlos Perez (Applicant)

REQUEST: TF-3 Two-family Residential

CURRENT ZONING: SF-5 Single-family Residential

SITE SIZE: 0.28 acres

LOCATION: Generally located south of West 50th Street South and approximately 1,900 feet east of South Seneca Street

PROPOSED USE: Two-family dwelling

RECOMMENDATION: Approve

ZON2025-00033

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District (SF-5) to TF-3 Two-family Residential District (TF-3) for a 0.28 acre property, generally located south of West 50th Street South and approximately 1,900 feet east of South Seneca Street.

The applicant has indicated they intend to use the site for duplex development. Should the zone change request be approved, there will be no change in setbacks, parking requirements, or maximum height. SF-5 requires a 5,000 square foot minimum lot size, while TF-3 requires a 3,000 square foot minimum lot size per dwelling unit (6,000 square feet for one duplex).

Properties surrounding the subject site on the north, east, and west are primarily zoned TF-3, while properties to the south, and immediately adjacent to the east and west are zoned SF-5. Properties to the north are developed with two-family dwellings, properties to the south are developed with single-family dwellings and the adjacent east and west properties are undeveloped.

CASE HISTORY: On December 12, 2002, the subject property was platted as Lot 2, Block 3, of Angel Acres 2nd Addition. There are no other zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

North:	TF-3;	Two-family dwellings
South:	SF-5;	Single-family dwellings
East:	SF-5;	Undeveloped
West:	SF-5;	Undeveloped

PUBLIC SERVICES: The subject site currently has access to West 50th Street South, a two-lane, paved local street with no sidewalks on either side. All municipal services are available for the property. Wichita Transit does not provide regular bus service in this area.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with one plan and is in partial conformance with another plan:

Community Investments Plan: The requested zone change is in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan), which includes the 2035 Future Growth Concept Map, recommends the subject site as appropriate for “Residential” uses. The *Plan* defines “Residential” as “*areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes).*” Duplex development is an appropriate use for this area.

The Locational Guidelines of the *Community Investments Plan* provide a framework for decision-making regarding land use changes. Under the heading of “Development Pattern, Guideline 1.g. encourages, “*Support expansion of existing uses to adjacent areas.*” Properties directly across the street from the subject site are zoned TF-3 and developed with duplexes. Allowing duplex development on the subject site is in conformance with Guideline 1.g.

South Wichita/Haysville Area Plan: The requested zone change is in partial compliance with the South Wichita/Haysville Area Plan. The site is located within the boundaries of the *South Wichita/ Haysville Area Plan* (SW/HAP). Chapter Five of the plan discusses the desire for the bulk of “undeveloped property” within

ZON2025-00033

the *Plan's* area to be developed as single-family residential. However, the only other residential classification the *Plan* gives is "medium density residential," which only references "multi-family residential" and "manufactured home subdivisions" as appropriate land uses. Therefore, since a duplex use is much closer to a single-family use than a multi-family use, this would be a logical use for the area designated for "Residential Low Density."

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is residential. The property to the north is zoned TF-3 and developed with duplexes. The properties to the south are zoned SF-5 and developed with single-family dwellings. Properties to the east and west are zoned SF-5 and are undeveloped.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5, which is suitable for a limited number of residential, public, and civic uses, including single-family residences.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate the removal of restrictions to have significant detrimental impacts on nearby property. There are several duplexes developed on properties zoned TF-3 within several hundred feet from the subject site in multiple directions. Therefore, duplexes are not a new type of development to the area.
4. **Length of time subject property has remained vacant as zoned:** The site is currently vacant.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new development in an area on an undeveloped parcel that is also appropriate for such development. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would continue to allow the property to be in conformance with the *Community Investments Plan*, and partial conformance with the *South Wichita/Haysville Area Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** The Planning Department does not anticipate that the requested zone change will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has received no comments in regard to the requested zone change.
