STAFF REPORT

MAPC: March 27, 2025

DAB IV: April 7, 2025

CASE NUMBER: CON2025-00039 (City)

APPLICANT/AGENT: Restoration Church (Applicant)

REQUEST: Conditional Use to allow an Accessory Apartment

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 0.47 acres

LOCATION: Generally located on the east side of South Elizabeth Street, within 200 feet north of West 34th Street South (3420 South Elizabeth Street).

PROPOSED USE: Accessory Apartment.

RECOMMENDATION: Approve with conditions.

BACKGROUND: The applicant is requesting a Conditional Use to allow an Accessory Apartment on a property zoned SF-5 Single-Family Residential District (SF-5). The 0.47-acre property is generally located on the east side of South Elizabeth Street, within 200 feet north of West 34th Street South (3420 South Elizabeth Street). The subject site is currently developed with a 1,652-square-foot single-family residential dwelling constructed in 1977. The applicant is requesting the Conditional Use to construct a detached dwelling unit on the north side of the property.

According to the submitted site plan, the proposed Accessory Apartment will measure 1,848 square feet (44 feet by 42 feet). It will be located 27.9 feet north of the existing dwelling, 27.9 feet from the west (front) property line, 15.2 feet from the east (rear) property line, and 14.2 feet from the side (north) property line. Detached accessory structures have a minimum setback of 5 feet from the rear property line and 3 feet from the side interior property line.

Accessory Apartments are subject to Section III-D.6.a of the Unified Zoning Code (UZC), which states:

1. A maximum of one Accessory Apartment may be allowed on the same lot as a single-family dwelling unit and may be within the main building, within an accessory building or constructed as an accessory building.
2. The appearance of an Accessory Apartment shall be compatible with the main dwelling unit and with the character of the neighborhood.
3. The Accessory Apartment shall remain accessory to and under the same ownership as the principal Single-Family Dwelling Unit, and the ownership shall not be divided or sold as a condominium.
4. The water and sewer service provided to the Accessory Structure shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.

The character of the neighborhood is low-density residential. Properties to the north, south, east and west are zoned SF-5. Properties to the north, south, and west are developed with single-family residences. Property to the east is developed with a church that is also owned by the applicant. There are no Accessory Apartments in the immediate area.

CASE HISTORY: In 1976, the subject site was platted as the Erickson Addition. In 1963, the site was granted two Variances: an exception to off-street parking for the adjacent church and a reduction in the front setback to six (6) feet (BZA20-63).

ADJACENT ZONING AND LAND USE:

North:	SF-5	Single-family dwelling
South:	SF-5	Single-family dwelling
East:	SF-5	Church
West:	SF-5	Single-family dwelling

PUBLIC SERVICES: The subject site has access to South Elizabeth Street, a two-way local street with no sidewalks. All municipal services and utilities, such as water and sewer, already serve this site. Wichita Transit stops one-block east of the subject site, on the northwest corner of West 34th Street South and South Seneca Street.

CONFORMANCE TO PLANS/POLICIES: The proposed use is in conformance with the *Community Investments Plan*. The *Community Investments Plan's* 2035 Wichita Future Growth Concept Map identifies the site as a "Residential", which the Plan defines as "*areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and*

nursing homes).” An Accessory Apartment is appropriate for this category.

RECOMMENDATION: Based upon the information available at the time the report was prepared, staff recommends the Conditional Use be **APPROVED**, subject to the following conditions:

1. The Accessory Apartment shall remain accessory to and under the same ownership as the principal single-family residence (located at 3420 South Elizabeth Street), and the ownership shall not be divided or sold as a condominium.
2. Development of the site shall be in conformance with the approved site plan.
3. The appearance of the accessory structure shall be compatible with the main dwelling unit and with the character of the neighborhood.
4. The water and sewer provided to the Accessory Apartment shall not be provided as separate services from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.
5. The applicant shall obtain all applicable permits including, but not limited to building, health, and zoning. This will include submission of plans for review and approval by the MABCD for the Accessory Apartment.
6. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The character of the neighborhood is low-density residential. Properties to the north, south, east and west are zoned SF-5. Properties to the north, south, and west are developed with single-family residences. Property to the east is developed with a church that is also owned by the applicant. There are no Accessory Apartments in the immediate area.
2. The suitability of the subject property for the uses to which it has been restricted: The subject site is currently zoned SF-5 Single-Family Residential, which permits an Accessory Apartment by Conditional Use approval under Section III-D.6.a of the Unified Zoning Code.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Staff does not anticipate that approval of the request will generate significant amounts of additional traffic. The conditions of approval should minimize any possible significant negative impacts.
4. Length of time subject property has remained vacant as zoned: The subject property is not vacant. The property has been developed with a single-family residential dwelling since 1977.
5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: It is not anticipated that the requested Conditional Use will have a significant detrimental effect on the public health, safety, or welfare. Denial of the application may result in a loss of enjoyment for the applicant.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The proposed use is in conformance with the *Community Investments Plan*, as discussed in the report.
7. Impact of the proposed development on community facilities: Staff expects that there will be minimal significant impact on public roads, water, and sewer service.

8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff did not receive any public comment on the requested Conditional Use.
