December 19, 2025

RE: ZON2025-00059 – Zone change request in the City from SF-5 Single-Family Residential District to MF-18 Multi-Family Residential District for a senior living development, generally located on the southwest corner of West 27th Street South and South Elizabeth Street (1511 West 27th Street S.).

Dear Applicant;

At its regular meeting on **December 18, 2025**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The recommendation of the MAPC was to **APPROVE** the request.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on January 2, 2026, due to the holiday. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **January 2, 2026, at 5:00 p.m.**

This application will be heard by the District Advisory Board (DAB) IV on **Monday, January 5, 2026**, beginning at 6:00 p.m. Meetings take place at the Alford Branch Library, 3447 South Meridian Avenue, Wichita, KS 67217. For more information, please visit Wichita.gov/dab4 or contact Brooke Kauchak, Community Services Representative for District IV, at 316-268-4197 or BKauchak@wichita.gov.

Lastly, this application will be considered by the Wichita City Council on **Tuesday, February 3, 2026**, beginning at 9:00 a.m., at 455 North Main Street, Wichita, KS 67202, for final action. Development signs may now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

ORDINANCE NO. 52-896

AN ORDINANCE CHANGING THE ZONING CLASSIFICATIONS OR DISTRICTS OF CERTAIN LANDS LOCATED IN THE CITY OF WICHITA, KANSAS, UNDER THE AUTHORITY GRANTED BY THE WICHITA-SEDGWICK COUNTY UNIFIED ZONING CODE, SECTION V-C, AS ADOPTED BY SECTION 28.04.010, AS AMENDED.

BE IT ORDAINED BY THE GOVERNING BODY
OF THE CITY OF WICHITA, KANSAS.

SECTION 1. That having received a recommendation from the Planning Commission, and proper notice having been given and hearing held as provided by law and under authority and subject to the provisions of The Wichita-Sedgwick County Unified Zoning Code, Section V-C, as adopted by Section 28.04.010, as amended, the zoning classification or districts of the lands legally described hereby are changed as follows:

Case No. ZON2025-00059

Zone change request in the City from SF-5 Single-Family Residential District to MF-18 Multi-Family Residential District, on property legally described as:

Lots 1, 2, 3, 4, 5, 6, 7, and 8, Block A, Pankratz 2nd Addition, Sedgwick County, Kansas, except that part platted as W.H.H. Addition, Wichita, Sedgwick County, Kansas.

SECTION 2. That upon the taking effect of this Ordinance, the above zoning changes shall be entered and shown on the "Official Zoning Map" previously adopted by reference and said official zoning map is hereby reincorporated as a part of the Wichita -Sedgwick County Unified Zoning Code as amended.

SECTION 3. That this Ordinance shall take effect and be in force from and after its adoption and publication in the official City paper.

Adopted this 10th day of February, 2026.

Lily Wu, Mayor, City of Wichita

Online Notary Public. This notarial act involved the use of online audio/video communication technology. Notarization facilitated by SIGNIX®

BACKGROUND: The applicants are requesting a zone change from SF-5 Single-Family Residential District (SF-5) to MF-18 Multi-Family Residential District (MF-18). The property is generally located on the southwest corner of West 27th Street South and South Elizabeth Avenue. The property is currently developed with a church, a wireless communications tower, and an associated maintenance building.

The applicants are requesting the zone change in order to build quadplexes on site. According to the site plan submitted by the applicants, the applicants intend to remove the existing church and have three quadplexes (twelve dwelling units) face West 27th Street South and two quadplexes (eight dwelling units) face West Regal Street.

The 3.1-acre site would allow 17.4 dwelling units per acre in MF-18 zoning, for a maximum of 45 dwelling units on site. The applicants have indicated they would build twenty dwelling units, which is less than half of the maximum allowed dwelling units on site. The requested zone change would permit more uses on site than its current zoning, namely multi-family development at a higher density. Additionally, it would allow changes to the minimum lot area, minimum lot width, and setback requirements, as demonstrated in the table below.

Development Standard	SF-5 Single-Family Residential	MF-18 Multi-Family Residential
Minimum lot area	5,000 square feet	3,500 square feet for single-family; 3,000 square feet per dwelling unit for duplex; 2,500 square feet per dwelling unit for multi-family (maximum 17.4 dwelling units per acre); 5,000 square feet for nonresidential uses
Minimum lot width	50 feet	35 feet for single-family; 50 feet for all other uses
Front setback	25 feet	25 feet
Rear setback	20 feet	20 feet, subject to compatibility standards
Interior side setback	Six feet	Six feet, except five feet if lot is below 6,000 square feet, subject to compatibility standards
Street side setback	15 feet	20 feet
Maximum height	35 feet	45 feet, subject to compatibility standards

The Unified Zoning Code (UZO) requires compatibility standards for side and rear lot lines of properties zoned MF-18 Multi-Family Residential District or less restrictive when they are within 500 feet of a property zoned TF-3 or more restrictive. The minimum building compatibility setback shall be 15 feet plus one foot for each five feet of lot width over 50 feet. However, the compatibility setback standards shall not require more than a setback of 25 feet. For compatibility height standards, no structure shall exceed 35 feet in height within 50 feet of the lot line. The front setback for all quadplexes would be 25 feet based on the platted setbacks along West 27th Street South and South Regal Street. The street side setback along South Elizabeth is shown on the proposed site plan to be 8'-8" for the quadplexes facing West 27th Street South and 20 feet for the quadplexes facing West Regal Street. The proposed setback of 8'-8" along South Elizabeth Street does meet the street side setback requirements of the MF-18 District. Either the proposed layout will need to change or a Variance to reduce the setback would need to be approved prior to the issuance of building permits.

Screening and landscaping are required in accordance with the provisions of Section IV-B of the UZO and the Wichita Landscape Code when multi-family or non-residential development occurs on site. A six- to eight-foot solid screening fence is required where multi-family abuts single-family zoning. The Wichita Landscape Code requires a landscaped street yard with parking lot screening along all properties lines where across the street from residential zoning. Additionally, one shade tree or two ornamental trees are required for each 20 spaces in the parking lot if parking lots are installed. This lot has three street frontages with residential zoning across the street. However, the site plan shows individual driveways which do not require landscape screening. A landscape buffer

consisting of one shade tree or two ornamental trees is required along the west property line. A landscape plan must be submitted to the Planning Department prior to the issuance of building permits.

The character of the neighborhood is low-density residential. Properties to the north, south, east, and west are all zoned SF-5 and developed with single-family residences.

CASE HISTORY: In 1952, the subject site was platted as part of the Pankratz 2nd Addition. In 2021, the Metropolitan Area Planning Commission approved a 125-foot wireless communications tower on site (CON2021-00006).

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family dwellings
SOUTH:	SF-5	Single-family dwellings
EAST:	SF-5	Single-family dwellings
WEST:	SF-5	Single-family dwellings

PUBLIC SERVICES: The subject site has access to West 27th Street South, South Elizabeth Avenue, and West Regal Street. West 27th Street South is a two-way collector street with no sidewalks, and South Elizabeth Avenue and West Regal Street are two-way local streets with no sidewalks. The site currently has access to sewer services, but water services may need to be extended to accommodate the development. Wichita Transit stops less than one-half mile northeast of the subject site at the northwest corner of South Seneca Street and West Greenfield Street.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan), which includes the 2035 Future Growth Concept Map, recommends the subject site as appropriate for “Commercial” uses. The *Plan* describes “Commercial” as follows:

“Encompasses areas that reflect the full diversity of commercial development intensities and types typically found in a large urban municipality. Convenience retail, restaurants, small offices, and personal service uses are located in close proximity to, and potentially mixed with, Residential Uses. Major destination areas (centers and corridors) containing concentrations of commercial and office uses that have regional market areas and generate high volumes of traffic are located in close proximity to major arterials or highways and typically are buffered from lower density residential areas by higher density housing types.” The requested use on site is not commercial use. However, the proposed development is less intensive than a commercial use, which aligns with the goals of the *Plan*.

The *Community Investment Plan*’s Locational Guidelines provide a framework for decision-making regarding land use changes to encourage patterns of development that efficiently and effectively use land, public infrastructure, and services, strive for compatibility among various land uses, and promote quality of place through design. One of the General Development Patterns in the Established Central Area “Encourage infill development that maximizes public investment in existing and planned infrastructure and services.” The requested zone change facilitates infill development on a lot that has ample open space and access to water and sewer services.

The requested zone change is in conformance with the *Wichita: Places for People Plan*. The *Plan* lists Strategies that help guide the community in their actions to create walkable places within Wichita. Strategy 5 in the *Wichita: Places for People Plan* seeks to “Provide a diversity of housing options to attract new residents and allow existing residents to remain in the Established Central Area (ECA).” The requested zone change and proposed development will add diversity to the housing stock in the immediate area.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**. This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is low-density residential. Properties to the north, south, east, and west are all zoned SF-5 and developed with single-family residences.
2. **The suitability of the subject property for the uses to which it has been restricted:** The subject site is presently zoned SF-5, which allows single-family dwellings by-right. The requested zone change allows a smaller minimum lot size for multi-family development.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate the removal of restrictions to have a significant detrimental impact on nearby property. Screening, landscaping, and compatibility standards should mitigate any potential detrimental impacts to the adjacent residential properties.
4. **Length of time subject property has remained vacant as zoned:** The subject site is currently developed with a church building on a large lot and a Wireless Communications Facility.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would allow infill housing on a large lot, which is generally considered a gain to the public. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning is in conformance with the *Community Investments Plan* and in conformance with the *Wichita: Places for People Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** Staff does not anticipate the requested zone change to have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff received one phone call from a member of the public with concerns for speeding along West 27th Street South and how that would affect future development.
