CASE NUMBER: CUP2022-00001 (City)

APPLICANT/AGENT: Dillon Companies, LLC (owner) / Kaw Valley Greenhouses, Inc. (agent)

REQUEST: Minor Amendment #2 to CUP DP-203

CURRENT ZONING: LC Limited Commercial

SITE SIZE: 1.14 acres

LOCATION: Located at the southwest corner of West 37th Street North and North Woodlawn Avenue (3707 N. Woodlawn)

PROPOSED USE: To allow a Seasonal Nursery and Garden Center on Parcel 2.

RECOMMENDATION: Approval subject to amended provision of CUP DP-203

BACKGROUND: The applicant is requesting an amendment to the Whispering Brook Commercial Community Unit Plan, CUP DP-203 to allow a nursery/seasonal garden center on Parcel 2. The property is zoned LC Limited Commercial and located at the southwest corner of East 37th Street North and North Woodlawn Avenue (3707 N. Woodlawn). A nursery/seasonal garden center has been allowed in CP-203 since 2000 on Parcel 4. Nurseries and Garden Centers require a Conditional Use in the LC Limited Commercial zoning district. The minor amendment to CUP DP-203 is required because the garden center is not a permitted use by right.

The proposed language is indicated in red, bold, and italicized text:

- General Provision No. 19: *A seasonal Nursery and Garden Center shall be allowed in Parcels 2 and 4.* It shall be located in a temporary structure and shall operate for no more than 120 days during a calendar year. Prior to utilization of the outdoor garden area, the applicant shall annually submit a report to the Zoning Enforcement Division of the Planning Department that demonstrates compliance with the approved site plan (see restricted area) and conditions specified herein. A detailed site plan per Sec. III-D.6.z of the Unified Zoned Code for the Nursery/Garden Center shall be submitted for approval by the Planning Department prior to issuance of the permit for the Temporary seasonal nursery/garden center shown on the C.U.P.
- Parcel 2
Proposed Use: All uses allowed in “LC” zoning except for those listed in General Provision No. 20. *In addition, Nursery and Garden Centers as per Sec. III-D.6.z of the Unified Zoned Code are permitted. (See Plan for restricted area and General Provision No. 19)*

CUP DP-203 is developed with a grocery store, convenience/gas station and a bank. Property to the north of DP-203 is East 37th Street North right-of-way and a financial institution and rental car business that are located the City of Bel Aire. Property to the east is Brush Creek CUP DP-158 and is developed with a retail strip center and apartments. Property to the south and west of DP-203 is zoned SF-5 Single-Family Residential and is developed with single-family residences.

CASE HISTORY: In 2000, the Whispering Brook Commercial Community Unit Plan was approved. Amendment #1 was approved in 2003. In 2001, the property was platted as Whispering Brook Commercial 2nd Addition.

ADJACENT ZONING AND LAND USE:

CUP DP-203 is developed with a grocery store, convenience/gas station and a bank.

North:	East 37 th Street North Right-of-Way and the City of Bel Aire
South:	SF-5 Single-Family Residential, Whispering Brook Addition
West:	SF-5 Single-Family Residential, Whispering Brook Addition
East:	LC, MF-29 Retail strip center, apartments

PUBLIC SERVICES: East 37th Street is a paved, four-lane (with a dedicated center turn lane) arterial street and has sidewalks on both sides. North Woodlawn Boulevard is a paved, four-lane (with a dedicated center turn lane) arterial street and has sidewalks on both sides. Shared access is provided to both East 37th Street North and North Woodlawn Boulevard. The site is served by municipal water and sewer.

CONFORMANCE TO PLANS/POLICIES: The proposed application is in conformance to the *Community Investments Plan*. The Community Investments Plan (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. The Map identifies the area in which the site is located to be appropriate for “Residential and Employment Mix.” Locational guidelines for areas outside the Established Central Area include commercial development intensities and types typically found in a large urban municipality. Convenience retail, restaurants, small offices, and personal service uses are located in proximity to, and potentially mixed with residential uses. Major destination areas (centers and corridors) containing concentrations of commercial, and office uses that have regional market areas and generate high volumes of traffic are located in proximity to major arterials or highways and typically are buffered from lower density residential areas by higher density housing types

RECOMMENDATION: Based upon the information available at the time the report was prepared, staff recommends the amendment to CUP DP-203 be **APPROVED** subject to the development guidelines of the amended CUP and the following conditions:

1. The amendment shall apply only to Parcel 2 per General Provision No. 19.
2. All other requirements of the CUP remain in effect unless or until a separate zoning action is filed.
3. The applicant shall submit four revised copies of the CUP and one electronic copy of the revised CUP to the Planning Department within 60 days after approval of this case by the Governing Body, or the request shall be considered denied and closed.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: CUP DP-203 is developed with a grocery store, convenience/gas station and a bank. Property to the north of DP-203 is East 37th Street North right-of-way and a financial institution and rental car business that are located the City of Bel Aire. Property to the east is Brush Creek CUP DP-158 and is developed with a retail strip center and apartments. Property to the south and west of DP-203 is zoned SF-5 Single-Family Residential and is developed with single-family residences.
2. The suitability of the subject property for the uses to which it has been restricted: The subject property is suitable for the uses for which it has been restricted. The CUP supports commercial development along an arterial commercial corridor. The subject parcel of the CUP is a parking area for the CUP and will only be occupied by the nursery/seasonal garden center for four months of the year. The nursery/seasonal garden center is not a new use within the CUP.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: The proposed CUP amendment should not detrimentally impact nearby property owners to any greater extent than allowed in LC Limited Commercial zoning and uses existing in the area.
4. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: Approval of this application is not anticipated to have a significant detrimental impact to public health, safety, or welfare.
5. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The proposed application is in conformance to the *Community Investments Plan*. The Community Investments Plan (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. The Map identifies the area in which the site is located to be appropriate for "Residential and Employment Mix." Locational guidelines for areas outside the Established Central Area include commercial development intensities and types typically found in a large urban municipality. Convenience retail, restaurants, small offices, and personal service uses are located in proximity to, and potentially mixed with residential uses. Major destination areas (centers and corridors) containing concentrations of commercial, and office uses that have regional market areas and generate high volumes of traffic are located in proximity to major arterials or highways and typically are buffered from lower density residential areas by higher density housing types.
6. Impact of the proposed development on community facilities: The proposed use is not anticipated to have negative impacts on community facilities.

SOIL HAVING A PH LESS THAN 6 SHALL BE THOROUGHLY MIXED WITH SUFFICIENT LIME TO PRODUCE A SLIGHTLY ACIDIC REACTION (A PH OF 6 TO 6.5). 15-15-15 COMMERCIAL FERTILIZER AT THE RATE OF 2 POUNDS PER CUBIC YARD SHALL BE ADDED. BOTH FERTILIZER AND PEAT SHALL BE THOROUGHLY MIXED BY HAND OR ROTARY TILLER. 4" MINIMUM THICKNESS OF TOPSOIL IS REQUIRED.
- THE LANDSCAPE CONTRACTOR SHALL INSPECT ALL BACKFILL AND PLACEMENT OF TOPSOIL TO DETERMINE WHETHER OR NOT A "HANDPICK" SITUATION EXISTS DUE TO PREVIOUS SOIL CONDITIONS, PLACEMENT AND COMPACTON OF FILL DURING CONSTRUCTION, OR ANY OTHER CONTRIBUTING FACTOR PRIOR TO INSTALLATION OF PLANT MATERIALS. IF SUCH A SITUATION IS INTERFERED, IT SHALL BE BROUGHT TO THE ATTENTION OF THE CONSULTANT IMMEDIATELY. PRIOR TO THE INSTALLATION OF PLANT MATERIAL FOR A REMEDY.
