Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: V-1525 - REQUEST TO VACATE MURDOCK STREET RIGHT-OF-WAY
AND PLATTED ACCESS CONTROL, GENERALLY LOCATED WEST OF
MCLEAN, IN AN AREA NORTH OF CENTRAL. (District #5)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

Staff Recommendation: Approve vacation of street right-of-way and access control.

MAPC Recommendation: Approve vacation of street right-of-way and access control.
(unanimous)

Background: The Osteopathic Hospital owns the property on each side of the subject portion of Murdock Street right-of-way. This street right-of-way has never been opened or used as a street and the hospital desires to incorporate the right-of-way into their long-range development plans. The access control vacation is requested in order to allow construction of a major entrance to McLean Boulevard from the hospital site. The street improvement petition is 100% and guarantees construction of needed medial improvements on McLean Boulevard and a southbound decel lane. The Vacation Order retains needed drainage and utility easements within the vacated street right-of-way. The vacation request has been reviewed and approved by the Planning Commission, subject to conditions.

Legal Considerations: The City Clerk needs to certify as to proper notification and no filing of written protest.

Recommendations/Action: Close public hearing; approve the street improvement petitions and instruct staff to prepare resolution; approve vacation; authorize the Mayor to sign the Vacation Order; and record certified copy of Order, recording costs to be billed to:
