Re: V-1598 - Request to vacate a portion of street

Dear Mr. Fettis:

At the regular meeting of the Subdivision Committee of the Metro-
politan Area Planning Commission, Thursday, April 20, 1989, the
above-captioned vacation request was considered. The action of
the Committee was to recommend that this vacation be approved
subject to:

- A. The application shall guarantee the closure of Lexington Street between the south line of Lots 9 and 12, Driver's Addition, Sedgwick County, Kansas.
- B. Any relocation of utilities necessitated by this vacation shall be at the sole expense of the applicant.
- C. The applicant shall submit proof that he is indeed the owner of Lot 9. The ownership list as submitted indicates a different owner. This case shall not proceed to the City Council until the Planning Department receives a revised certified ownership list.
- D. The applicant shall submit a covenant tying these two lots to his property to the north. The covenant shall state that these lots may not be sold separately from the property to the north. This is necessary, as these lots will have no direct street access after the vacation is approved.
- E. The vacation order shall reference the vacation of the 60 feet of complete access control platted to Lexington Street as platted on the Davis-Moore 5th Addition.
- F. The vacation order shall retain complete access control across the south line of vacated street right-of-way between Lots 9 and 12.

- G. The applicant shall make an acceptable arrangement with the Water Department to abandon the existing water line within the area to be vacated prior to this case going to City Council and obtain a memo from the Water Department to submit to the Planning Department stating what, if any, arrangements have been made; or the vacation order shall retain the area being vacated as a utility easement.

This matter will be forwarded to the Planning Commission for its consideration on Thursday, April 27, 1989 at 1:30 p.m.

If you have any questions, please call.

Sincerely,
