Re: V-1720 - Request to vacate a portion of State Street;
located north of 10th Street and west of Broadway

Dear Mr. Aaby:

At the Thursday July 18, 1991 meeting of the Metropolitan Area Planning Commission, the above captioned vacation request was denied. Should you decide to withdraw this case, a letter to that effect should be submitted to our Department so we can officially close your file.

If you decide to have your case forwarded to the City Council, please contact me for further information.

Sincerely,

STAFF REPORT

CASE NUMBER: V-1720 - REQUEST TO VACATE A PORTION OF A PLATTED STREET

OWNER/APPLICANT: Les Aaby and Richard Aaby, P.O. Box 1773, Wichita, KS 67201

LEGAL DESCRIPTION: Vacation of State Street:
From the north right-of-way line of 10th Street North to the south line of lot 1136, Spaun's Subdivision of the north half of Block 3 Ferrill's Addition to Wichita, Sedgwick County, Kansas.

LOCATION: South of 13th; west of Broadway

REASON FOR REQUEST: For future expansion and plant layout.

SITE SIZE: Approx. 83,500 sq. ft.

CURRENT ZONING: "E" Light Industrial

VICINITY MAP:

STAFF COMMENTS:

NOTE: The Subdivision Committee recommended denial of this vacation. Several utility companies have utilities in this street which would either need to be relocated or accommodated by the applicant. Additionally, the Fire Dept. stated the turnaround provided would be insufficient for their standards. The applicant desires to expand his facilities, Central Steel, and wishes to extend the use of a crane-way across State St. to the east area of their property. State Street basically functions as an alley between the applicant's property and serves only one home directly.

This vacation is subject to the following conditions:

- A. The applicant shall guarantee the closing of State Street at 10th Street and also at the north end of his site. The applicant shall guarantee construction at the north end of a hammerhead turnaround. The Traffic Engineering Department has been contacted and given its approval of a dedication, which has been submitted, for the turnaround. Engineering will also need to be contacted concerning the amount of cash guarantee to be provided. The applicant has agreed to dedicate, by separate instrument, the following right-of-way needed to construct the hammerhead turnaround:

Beginning at the northeast corner of Lot 1135, Wichita Street, Lewellen's Second Addition to Wichita, Sedgwick County, Kansas, thence west 15 feet, thence south 12 feet, thence east 15 feet, thence north 12 feet, to the point of beginning.

- B. The street right-of-way shall be retained as a utility easement as sanitary sewer is in State Street. If any utilities request relocation, the applicant should be advised that relocation will require letters from the companies involved stating all relocation requirements have been satisfied.
- C. Any relocation or reconstruction of utilities necessitated by this vacation shall be at the sole expense of the applicant.
- D. The applicant will need to submit to the Planning Department for review, a copy of an agreement between the applicant and owner of Lot 1130 which provides that Lot 1130 will have access to his property across the applicant's property, to a public street, and that the agreement runs with the land and assigns.
