Prior to this case being scheduled for City Council review, the existing sewer line should be abandoned and all necessary relocations, reconnections, etc. completed and accepted by City Engineering or as determined appropriate by City Engineering. Sufficient guarantees and easements (temporary, etc.) shall be submitted to provide any needed relocations and reconstruction of sewer lines.
- D. The applicant shall submit a letter from KG&E indicating that satisfactory arrangements have been made for the relocation of any of their facilities located in the area being vacated.
