PROPOSED AGENDA DATE: December 10, 1997

COMMISSION DISTRICT #1

MAPC Recommendation: Approve, subject to conditions. (unanimous)

Staff Recommendation: Approve, subject to conditions.

Background/Discussion: The applicants are developing the White Tail Subdivision in Sedgwick County, which includes this area devoted to patio homes. The plat established building setbacks along the front at 25 feet. The home design and topography on this lot necessitates the reduction of the platted building setback as requested in order to fit the home onto the lot. There are topography limitations to the rear of the property that are the primary reason for the request.

No members of the public addressed the MAPC in opposition to this request.

The Subdivision Committee and MAPC both have recommended approval. The request is within 3 miles of the City of Wichita and was submitted for review to the Wichita City Council. The Wichita City Council approved the request on November 18, 1997.
