**VICINITY MAP:**

The applicant is requesting to vacate five (5) separate easements (1 Water Line, 1 Storm Sewer, 2 Sanitary Sewer, and 1 Utility) for the future development of this site. This site will be the future home of a new vehicle sales lot. Replacement easements will be necessary as per City of Wichita requirements

Based upon the information available prior to the public hearing, staff recommends the MAPC make the following findings and recommendation to the City Council:

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, by publication in the Daily Reporter of notice of this vacation proceeding one time October 5, 1999, which was at least 20 days prior to this public hearing.
  2. That no private rights will be injured or endangered by the vacation of the above-described drainage easement, and the public will suffer no loss or inconvenience thereby.
  3. In justice to the petitioner(s), the prayer of the petition ought to be granted.

- ✓ 1. The applicant shall dedicate, by separate instrument, substitute easements as required by the City of Wichita Departments of Public Works and Engineering.
  - ✓ 2. The applicant shall grant a temporary easement by separate instrument covering the existing easements (except the 'utility' easement) until such time as the replacement lines are in place.
  3. The applicant shall submit a guarantee for the construction of the new lines until such time as the replacement lines are in place.
  4. The applicant shall submit a lot split reflecting the changes made to the lot configuration of Lot 2, as per a previous condition of DP-50 Amendment #2 (MAPC July 15, 1999).
