State of Kansas) SS We, Baughman Company, P.A., Surveyors in
Sedgwick County) aforesaid county and state do hereby certify that we have surveyed and
platted "SHOAL CREEK 2ND ADDITION", Wichita, Sedgwick County, Kansas
and that the accompanying plat is a true and correct exhibit of the
property surveyed, described as and being a replat of all of Lots 1, 2,
3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22,
23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, and 35, Block A, Shoal
Creek Addition, Wichita, Sedgwick County, Kansas, together with all of
Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, and 17, Block B,
in said Shoal Creek Addition, together with all of Reserves "C" and "D"
as platted in said Shoal Creek Addition, and together with all of
Hawthorne St., Turnberry, and Whitewood St. as dedicated in said Shoal
Creek Addition.

All being situated in the NE1/4 of Sec. 23, Twp. 27-S,
R-2-E of the 6th P.M., Sedgwick County, Kansas.

Existing public easements and dedications
being vacated by virtue of K.S.A. 12-512(b).

Baughman Company, P.A.

Michael D. Conrey, Surveyor
Michael G. Conrey

Know all men by these presents that we,
the undersigned, have caused the land in the surveyors certificate to be
platted into Lots, Blocks, Streets, and a Reserve to be known as "SHOAL
CREEK 2ND ADDITION", Wichita, Sedgwick County, Kansas. The utility
easements are hereby granted as indicated for the construction and
maintenance of all public utilities. The drainage and utility easements
are hereby granted as indicated for drainage purposes and for the
construction and maintenance of all public utilities. The wall easement
is hereby granted as indicated for the construction and maintenance of
a private screening wall and utility main lines and service lines shall be
allowed to cross this easement. The street, drainage, and utility easements
are hereby granted as indicated for street related purposes, for drainage
purposes, and for the construction and maintenance of all public utilities.
The streets are hereby dedicated to and for the use of the public.
Reserve "A" is hereby reserved for entry monuments, landscaping, streets,
open space, and utilities. Reserve "A" shall be owned and maintained
by the homeowners association for the addition. All abutters rights of
access to or from 143rd Street East over and across the east line of
Lots 4, 5, 6, and 7, Block A, are hereby granted to the City of Wichita,
Kansas.

RE: SUB 2003-39 -- One-Step Final Plat of Shoal Creek Second Addition

At the regular meeting of the Metropolitan Area Planning Commission on June 5, 2003, the above captioned plat was considered. The action of the Planning Commission was to approve the plat as recommended by the Subdivision Committee, subject to the conditions stated in our letter dated May 30, 2003.

The following items must be submitted to the Metropolitan Area Planning Department before the plat is scheduled for the City Council and/or County Commission's consideration:

1. A completed and signed tracing of the subdivision, along with five (5) copies. Also, if a change is required on the tracing after submittal, five (5) revised copies must be submitted;
2. A check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting (\$8.00 for the first page; \$4.00 for each additional page), if the site is located within the City of Wichita's city limits, OR, in the County within three miles of Wichita's city limits; and,
3. A disk, which will be used by the City and County GIS Departments, detailing the final plat in digital format in Autocad.

If you have any questions regarding this plat, please call.

A handwritten signature in black ink, appearing to read 'Neil Evan Strahl'.

RE: SUB 2003-39 -- One-Step Final Plat of Shoal Creek Second Addition

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, May 29, 2003, the above captioned plat was considered. The action of the Committee was to approve the one-step final plat, subject to the following staff comments:

- A. A respread agreement is needed for sewer services. A new petition will be needed for water service.
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning department for recording.
- C. City Engineering needs to comment on the status of the applicant's drainage plan. The drainage plan is approved.
- D. City Fire Department requests a 20-ft paved road surface for the ingress entrance and a 24-ft paved road surface for the egress.
- E. Provisions shall be made for ownership and maintenance of the proposed reserves. The applicant shall either form a lot owners' association prior to recording the plat or shall submit a covenant stating when the association will be formed, when the reserves will be deeded to the association and who is to own and maintain the reserves prior to the association taking over those responsibilities.
- F. Since this is a replat of a previous Addition involved with the ownership and maintenance of reserves for that Addition, but not being replatted by this Addition, the above covenants and/or other legal documents shall be provided which provides for this Addition to continue to share in the ownership and maintenance responsibilities of any such previously platted reserves.
- G. Traffic Engineering needs to comment on the need for improvements to 143rd St. East. A petition for construction of a decel lane has been submitted with the Shoal Creek Addition.

City Hall • 10th Floor • 455 North Main • Wichita, Kansas 67202-1688

T 316.268.4421 F 316.268.4390

www.wichitagov.org

- H. Since this plat proposes the platting of narrow street right-of-way with adjacent "15-foot street drainage and utility easements", a restrictive covenant shall be submitted which calls out restrictions for lot-owner use of these easements. Retaining walls and change of grade shall be prohibited within these easements as well as fences, earth berms and mass plantings.
- I. GIS needs to comment on the plat's street names. *The street names are approved.*
- J. Traffic Engineering has requested dedication of 10 feet of right-of-way along 143rd St. East. *The Subdivision Committee did not require this condition.*
- K. The applicant shall guarantee the installation of the interior streets.
- L. The applicant shall submit a covenant which provides for four (4) off-street parking spaces per dwelling unit on each lot which abuts a 32-foot street. The covenant shall inventory the affected lots by lot and block number and shall state that the covenant runs with the land and is binding on future owners and assigns.
- M. In accordance with the KS Wetland Mapping Conventions under the Memorandum of Understanding between the USDA-NRCS; USEPA; USACE; and USF&WS, this site has been identified as one with potential wetland hydrology. The US Army Corps of Engineers (USACE) should be contacted to have a wetland determination completed.
- N. The applicant is reminded that a platting binder is required with the final plat. Approval of this plat will be subject to submittal of this binder and any relevant conditions found by such a review.
- O. The platting text shall include language that a drainage plan has been developed for the plat and that all drainage easements, rights-of-way, or reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater.
- P. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- Q. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- R. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (Phone 316-946-4556) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.

- S. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- T. The owner of the subdivision should note that any construction that results in earthwork activities that will disturb one (1) acre or more of ground cover requires a Federal/State NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Also, for projects located within the City of Wichita, erosion and sediment control devices must be used on ALL projects. For projects outside of the City of Wichita, but within the Wichita Metropolitan area, the owner should contact the appropriate governmental jurisdiction concerning erosion and sediment control device requirements.
- U. Perimeter closure computations shall be submitted with the final plat tracing.
- V. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- W. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property. *Westar Energy has requested additional utility easements.*
- X. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat in digital format in AutoCAD. This will be used by the City and County GIS Department.

If this plat requires the guaranteeing of improvements, a list of the five (5) methods that have been adopted as being acceptable is available in the Planning Department. Also available, are Certificates that are required if petitions are submitted, bond forms and Irrevocable Letter of Credit forms.

This case will be forwarded to the Planning Commission for consideration on Thursday, June 5, 2003, at 1:30 p.m. The enclosed "marked" copy of the plat is for your information and files.

The enclosed "marked" copy of the plat is for your information and files.

If you have any questions regarding this plat, please call.
