Dale Miller

This plat approved and all dedications  
shown hereon accepted by the City Council of the City of Wichita,  
Kansas, this \_\_\_\_\_ day of \_\_\_\_\_, 2003.

At the direction of the City Council

\_\_\_\_\_, City Manager  
Chris Cherches

\_\_\_\_\_, City Clerk  
Pat Graves

Know all men by these presents that we,  
the undersigned, have caused the land in the surveyors certificate to be  
platted into Lots, a Block, and a Street, to be known as "PEACOCK 2ND  
ADDITION", Wichita, Sedgwick County, Kansas. The street is hereby  
dedicated to and for the use of the public. All abutters rights of access  
to or from Central Ave. over and across the north line of Lot 1, Block A  
are hereby granted to the City of Wichita, Kansas provided, however, that  
said Lot 1 shall have access to Central Ave. at one location over the  
west 30.00 feet of the north line of said Lot 1, as shall be determined  
by the City Engineer of the City of Wichita, Kansas.

NOTE:  
A drainage plan has been developed for this subdivision and is  
on file with the City of Wichita, Kansas. Drainage intent shall  
remain as depicted or as modified with the approval of the City  
Engineer of the City of Wichita, Kansas. No obstructions which  
impede the flow of this drainage plan shall be allowed.

RE: SUB 2002-111 -- Final Plat of Peacock Second Addition

At the regular meeting of the Metropolitan Area Planning Commission on December 19, 2002, the above captioned plat was considered. The action of the Planning Commission was to approve the plat as recommended by the Subdivision Committee, subject to the conditions stated in our letter dated December 13, 2002.

The following items must be submitted to the Metropolitan Area Planning Department before the plat is scheduled for the City Council and/or County Commission's consideration:

1. A completed and signed tracing of the subdivision, along with four (4) copies. Also, if a change is required on the tracing after submittal, four (4) revised copies must be submitted;
2. A check, made out to the Register of Deeds, covering the costs of any documents to be recorded as a requirement of platting. (Cost: \$8.00 for the first page; \$4.00 for each additional page); and
3. A disk, which will be used by the City and County GIS Departments, detailing the final plat in digital format in Autocad.

Prior to the plat being released, a detailed Lot Grading Plan must be submitted to the Engineering Department (this applies to all multi-lot, residential developments).

If you have any questions regarding this plat, please call.

A handwritten signature in black ink, appearing to read 'Neil Evan Strahl'.

RE: SUB 2002-111 -- Final Plat of Peacock Second Addition

At the regular meeting of the Subdivision Committee of the Metropolitan Area Planning Commission on Thursday, December 12, 2002, the above captioned plat was considered. The action of the Committee was to approve the final plat, subject to the following staff comments:

- A. Municipal services are available to serve the site. *A cross-lot drainage agreement is needed.*
- B. If improvements are guaranteed by petition, a notarized certificate listing the petitions shall be submitted to the Planning Department for recording.
- C. *City Engineering* needs to comment on the status of the applicant's drainage plan. *The drainage plan is approved.*
- D. The plat proposes one access opening along Central. *Traffic Engineering has approved one opening in alignment with Joann Street which is a deviation from Access Management Regulations. A memorandum has been provided to MAPC in this regard. A cross-lot access agreement needs to be provided between the two lots. A restrictive covenant is also requested that permits future cross-lot access with the abutting property owner to the west along Central.*
- E. The applicant shall guarantee the closure of any driveway openings located in areas of complete access control or that exceed the number of allowed openings. *The applicant will submit a Driveway Closure Certificate in lieu of a guarantee as the driveway will be closed upon site development.*
- F. *City Engineering* has requested a No Protest <sup>*Agreement*</sup> ~~Petition~~ to pave Donna Avenue.
- G. The plat's text shall include language that a drainage plan has been developed for the plat and that all drainage easements, rights-of-way, or reserves shall remain at established grades or as modified with the approval of the applicable City or County Engineer, and unobstructed to allow for the conveyance of stormwater.

City Hall • 10th Floor • 455 North Main • Wichita, Kansas 67202-1688

T 316.268.4421 F 316.268.4390

www.wichitagov.org

- H. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable and described in Article 8 of the MAPC Subdivision Regulations. (Water service and fire hydrants required by Article 8 for fire protection shall be as per the direction and approval of the Chief of the Fire Department.)
- I. The applicant's engineer is advised that the Register of Deeds is requiring the name(s) of the notary public, who acknowledges the signatures on this plat, to be printed beneath the notary's signature.
- J. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (Phone 316-946-4556) prior to development of the plat so that the type of delivery, and the tentative mailbox locations can be determined.
- K. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- L. The owner of the subdivision should be aware of the fact that the development of any subdivision greater than five (5) acres in size may require an NPDES Storm Water Discharge Permit from the Kansas Department of Health and Environment in Topeka. Further, on all construction sites, the City of Wichita requires that best management practices be used to reduce pollutant loadings in storm water runoffs.
- M. Perimeter closure computations shall be submitted with the final plat tracing.
- N. Recording of the plat within thirty (30) days after approval by the City Council and/or County Commission.
- O. The representatives from the utility companies should be prepared to comment on the need for any additional utility easements to be platted on this property.
- P. The applicant is reminded that a disk shall be submitted with the final plat tracing to the Planning Department detailing this plat in digital format in AutoCAD. This will be used by the City and County GIS Department.

If this plat requires the guaranteeing of improvements, a list of the five (5) methods that have been adopted as being acceptable is available in the Planning Department. Also available, are Certificates that are required if petitions are submitted, bond forms and Irrevocable Letter of Credit forms.

This case will be forwarded to the Planning Commission for consideration on Thursday, December 19, 2002, at 1:00 p.m.

The enclosed "marked" copy of the plat is for your information and files.
